PLEBISCITE ON DAYLIGHT SAVING TIME

CITY COUNCIL HELD
A SPECIAL MEETING

Delegation from Labor Council
Heard—Mayor Hanson Ex-
plained His Action re
Proclamation.

As a result of the special meeting of the City Council held Thursday evening the decision regarding Daylight Savings to be submitted to a plebiscite of the ratepayers of Fredericton who were qualified to vote at the last elections to be held Monday April 28th. In all about three hundred persons attended the meeting of the Council including a representation from the Fredericton Labor Council. Among those who addressed the Mayor and Aldermen were James Legere, Harry Ryan, Edward Barry and Charles A. Hill. All these were united in protesting the adoption of Daylight Saving. The mass meeting at the Union Hall was referred to by the various speakers at which the Daylight Saving proposition had been unanimously voted down. After the discussion in the Council Chamber the mayor stated that at the meeting of the Council in committee a decision would be reached and he promised due consideration to the views of the delegates. The Council then adjourned to the committee room.

Mayor's Statement

When the matter was brought up again the Mayor stated that an explanation was due the members of the Council and the citizens in general for the action taken by him last Saturday in proclaiming the Daylight Saving time. He had fallen into the same error as had countless other people through the public press. On Friday he was asked if the Retail Merchants adopted the new time would he proclaim it. He stated "No" emphatically, unless the Dominion Government should declare for the new time and then the city would have to fall in line. The next morning his attention was called to a despatch from Ottawa which conveyed to his mind the fact that Daylight Saving had been put into force. He then acted promptly in proclaiming for the Daylight Saving. He had no disposition to do anything but what was right and did not understand until later in the day that his impression had been a false one.

Ald. Cooper stated that he had asked

PROROGATION AT EARLY HOUR FRIDAY MORNING

BRIEF TEMPEST OVER
PUBLIC ACCTS. REPORT

Mr. Baxter Damaged His Desk
—Bills Put Through Dur-
in the Session Num-
bered 118.

The House of Assembly of New Brunswick adjourned at 2.30 Friday morning His Honor the Lieut. Governor formally giving his assent to bills passed and reading an address of prorogation. The session which closed yesterday began Thursday March 7th an was of average length. During it 118 bills were passed out of a total of 127 introduced. Much of the session was occupied by a lengthy debate on the speech from the throne and to a long drawn budget debate. The total number of bills introduced was fourteen greater than it was in 1918.

Lively Incident

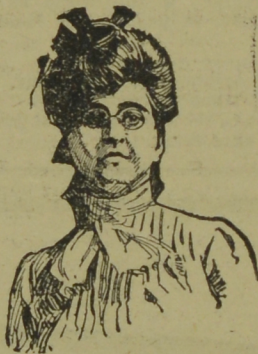

The most lively incident of the final session was the ruling out of order by Hon. Mr. Speaker of a minority report which Mr. B. F. Smith of Carleton tried to bring in from the Public Accounts Committee. Hon. Mr. Robinson took a point of order that there could be no minority report from a committee and quoted Bourinot in support of his point. There was a lively interchange with Mr. Baxter taking the chief part for the Opposition. Mr. Smith tried to get around the ruling by moving his report in amendment but Hon. Mr. Speaker took the same ground on it. When a vote was taken Dr. Baxter refused to vote and in making an explanation of his action became so emphatic that he smote his desk with his fist to the damage of the top.

Immediately afterward a like ruling was made against a member on the Government side, Mr. Mersereau trying to have an \$800 sessional indemnity apply at the session although the Contingent Committee had recommended that it begin next session.

ed six members of the Council whether or not the City Hall clock should be put ahead, and on their agreeing that the proper thing to do was to put the clock ahead he had given orders to that effect to the caretaker.

On the proposal of Ald. Cooper it was decided to hold a plebiscite.
