SITUATION IN TURKEY IS SERIOUS AND GRAVE OUTBREAKS ARE FEARED

Grave Anxiety is Being Felt in London—British Admiral Reports That Disorders are Rife in Constantinople—Massacre of the Armenian Population is Feared—Turks and Greeks are Ready to Spring at Each Other's Throats.

LONDON, April 17.—It is learned here that the situation in Turkey is causing grave anxiety. Internal disorder is rife, according to reports from Rear Admiral Webb, R. N., at Constantinople. It is feared there will be shortly outbreaks and massacres of the Armenian population on a large scale.

The situation at Smyrna, where the Turks and Greeks are ready to spring at each other's throats, is typical of the situation throughout Turkey. Bands of brigands are dominating the country, even within a few miles of Constantinople and committing atrocious murders.

The committee of union and progress, the young Turk organization, which was driven from power in Constantinople as a result of the Allied victory, is reported to be secretly conducting an energetic reorganization movement.

REPORTED NOW THAT GERMANY INTENDS TO

CLAIM AN INDEMNITY FROM THE ALLIES

Paris, April 17.—Germany intends to claim an indemnity from the Allies, according to the Frankfurt Gazette. It says the German negotiators at Versailles will ask payment for damages sustained from aerial attacks, from the occupation of German territory by the Allied troops, and for the delay in concluding peace, causing a prolongation of the Bolshevik and Spartan troubles.

The executive committee of the general labor federation did not conclude its consideration of plans for the observance of May day at its session last night. It is understood that it will meet again today to make final arrangements and that it will make a statement defining the scope of the proposed demonstration.

THE QUESTION OF PUNISHING THE HUNS GUILTY OF GREAT CRIMES

Belgian Delegation to Peace Conference Will Bring Forth the Necessary Documents for the Prosecution of The German Officers Who Ordered the Sacking of Louvain and the Executions of Captain Fryatt and Edith Cavell.

Paris, April 16.—The Belgian delegation to the Peace Conference today informed the Associated Press Correspondent that if a commission desires to arraign General Baron Von Manteuffel for the sacking of Louvain, General Von Schroeder for the murder of Captain Fryatt, and General Von Saubert for the execution of Miss Edith Cavell, all the necessary documents will be forthcoming.

"But the Belgians do not seek revenge," said the general secretary of the delegation. "They only want justice."

Regarding the former Emperor William, the general secretary said: "It would be small satisfaction to lock up the Kaiser for a few months in the St. Gille prison, and those who have reported that such revenge has been offered Belgium as a solace for her wrongs have sadly misunderstood the Belgian character if they thought it would be acceptable. The only case in which the personal responsibility of the ex-Emperor for a criminal act committed in Belgium could be established beyond doubt is in the atrocities attending the deportation of civilians and compelling them to do forced labor. In this case his responsibility is unquestioned."

WHEREAS, on the fifth and sixth days of March last, certain disturbances took place in the Military Camp at Kinmel Park, Rhyl, South Wales, wherein a number of soldiers were killed and wounded, and a further number were at that time and afterwards arrested in connection therewith;

AND WHEREAS, these said soldiers so arrested have since been confined in the Tower of London, have been charged with rioting and mutiny, and are about to be tried by court martial in England;

Hon. Mr. Foster said that the matter had been brought to his attention by the Great War Veteran's Association with a request that a resolution be passed by the House. In view of the importance of the matter, he had cabled the Agent General in London to take such action as might be necessary with a view of delaying the proceedings.

After remarks by Messrs. Murray and Baxter, the motion was unanimously adopted by a standing vote.

ance of scientific discovery along this line. He thought that these ought to be put up by at least two municipalities in one section and that a good doctor and good wholesome food ought to be supplied for the patients. Consensus of Opinion is That it will be a Parliamentary Triumph—No Complaint Because the Premier Failed to Disclose Details of the Peace Terms—Northcliffe and Laborite Press is Critical—Other Papers Applaud the Statements of the Premier.

London, April 17.—While opinions are divided regarding the substance of the address of Premier Lloyd George before the House of Commons yesterday there is general comment by the London press that it will be a parliamentary triumph, as, indeed, was shown by the rousing cheers of his audience and the expression of individual members in the lobbies. With the exception of the laborite and Northcliffe newspapers, none of the morning journals condemn the Premier's statement wholly, while several warmly applaud it. These admit that Mr. Lloyd George revealed nothing of the peace terms, but they do not complain.

The 'Telegraph', for instance says that his general account of the terms will "give deep satisfaction", and adds that he "demolished the whole structure his criticism built on his supposed departure from his pre-election pledges."

THE LONDON EXPRESS SAYS THE PREMIER

RETAINS THE CONFIDENCE OF THE NATION

The 'Express' declares its full belief in the Premier's statement that his pledges will be found embodied in the peace terms and says that he retains the complete confidence of the nation.

The 'Graphic' is equally favorable and says, incidentally, that Mr. Lloyd George's statement "justifies the assumption that President Wilson has abandoned his opposition or alleged opposition, to the sterner views of those powers which suffered most in the war."

Those who attacked individual members of the peace conference when the chief concerns of everybody is the public interest, are continued by the 'Chronicle', which says:

If the peace terms eventually disappoint any sane expectation, the fault will lie less with the statesmen in Paris than with the people they represent."

THE DAILY NEWS OF THE OPINION THAT

SOME OF THE PLEDGES HAVE NOT BEEN KEPT

London, April 17.—The 'Post', which stands for the exacting of most severe terms from Germany, says that the Premier's address is suspected of various interpretations and that, although Mr. Lloyd George declared his readiness to print the terms of peace alongside of his pledges, it would be preferable to see the terms alongside the demands of justice and security, and acting with them in every particular.

The 'Daily News' admits there may have been serious reasons for withholding information as to the terms of peace, but in the absence of evidence, mere declarations that all pledges will be kept are idle. It is said that some of them have not been kept.
