

That Entirely Overcomes Anaemic Weakness

CAREFULLY INVESTIGATED RE-
PORTS ESTABLISH TRULY
WONDERFUL RESULTS.

Heretofore it has often been a hope-
less task for a thin-blooded person to
gain either strength or weight. Neither
food or medicine in many instances
had beneficial effect.

What is practically a perfect blood
food, containing such elements as iron,
has at last been produced, and when
taken after meals will put new life
and vigor into people that have de-
paired of ever being strong again.

This truly wonder-working treat-
ment consists of taking two small
chocolate-coated Ferrozone Tablets at
the close of every meal.

This wonderful blood-food supplies
nourishment, vim, energy—sends a
stream of vigorous, strength-making
blood to every nook and corner of the
body, makes every muscle and fibre
sing with new-found life and health.

That gnawing tiredness leaves you
—Ferrozone drives it away. Sleepless
nights are turned into periods of rest,
and you pick up fast. Day by day your
appetite improves,—this means more
food is transformed in nutriment that
will build and energize weak organs.
The inclination to worry passes away
because Ferrozone imparts nerve-
tone and bodily strength that prevents
depression.

Think it over—Ferrozone is a won-
derful tonic in fact, it is more than a
tonic, because it establishes health
that lasts. Thousands use it and there-
by cleanse and restore the entire sys-
tem to a perfect condition. You'll feel
the uplifting power of Ferrozone in a
week,—it's bound to help you if you
only give it the chance. Sold by all
dealers, 50c. a box or six boxes for
\$2.50; be sure of the name Ferrozone.

MORE BOOZE RESTRICTIONS

Ottawa, April 15—Amendments have
been made to the prohibition regula-
tions which provide for the forfeiture
of intoxicating liquors when sent to
a bogus consignee. Under the regula-
tions if the consignee or owner can-
not be found and no claim is made
within sixteen days, forfeiture of seiz-
ed liquor although no conviction has
been obtained.

ANCIENT STYLES IN CLOTHING CONTRIBUTED TO RED CROSS

**Tons of Apparel Collected from Americans in Red Cross Drive
—Suits of Ancient Vintage Will be Worn by Europeans
This Year—Dinner Coats of the Cut of '98 in the List—
Even High Hats Were Gathered In.**

New York, April 15.—European stu-
dents of folk manners and customs will
learn much of the generosity of the
Americans and of their styles for the
last hundred years from the tons of
apparel given during the Red Cross
clothing drive which closes today.

These articles are to be sent to Eu-
ropean refugees and those war suffer-
ers in the Near East. Rich and poor
alike have contributed. At the Atlan-
tic Division receiving station at 9
Union Square the greatest diversity
of old and new garments were receiv-
ed.

In the assortment were dinner coats
of the cut of '98, sport suits of recent
ultra style and an old-fashioned lace
waist that might once have been the
pride of a belle now gray-haired, a col-
lection of weird and beautiful fans,
and a scrawny black marabou scarf.

These are only a few of the articles
picked out at random before they are
packed to be shipped. Loads of ordi-
nary wearing apparel are brought in
from auxiliaries by the Motor Corps
trucks. Discharged soldiers and sail-
ors unpack the bundles, commenting
on the contents, as their eyes see tra-
gedy or comedy in the garments.

A Doughboy's Philosophy.
"Believe me," blurted a former dough-
boy, as he threw a heap of fairly new
shoes into a packing box "those folks
over there need those boots. I saw
women in England and France hob-
bling along the streets with no heels
on their shoes. They just couldn't
walk right."

A hurry call came over the wire for
a truck from the vicinity of the Bat-

tery. When the truck returned a sold-
ier asked:

"Where's the pack you got?"
"Here 'tis," came the reply as the
driver drew from his pocket a new
patent leather shoe, unmade. "Feller
down there wanted to help, he said;
but he only had one leg, so he gave
the best he could, the odd shoe of a
pair he just bought."

"Well," said a soldier at the unpack-
ing table, "there's a man in Poland
or in France who lost a leg as I did,
and he'll be glad to get that shoe."

Gifts have come even by mail. A
letter in a foreign hand that showed
the writer was no longer young, said:
"Please use this one dollar bill to buy
something good for the refugees. I
can't spare any more."

From the heart of New York's Ghet-
to smaller bundles come. A woman
leading two children brought a pack-
age containing a woollen shawl and
two overcoats that looked as if the
children had worn them several win-
ters. "Me and the children can do
without these," she said.

From a Dead Soldier's Mother.
A messenger boy arrived just then
with two boxes on which was the name
of New York's most fashionable men's
tailor. A note attached explained that

PROVINCIAL GRANT TO U. N. B. WILL BE INCREASED

(Continued from Page Two)

MR. SMITH (Carleton) said the
Minister of Agriculture hardly could
be serious in saying that it would
take 500 acres of hardwood to keep a
Municipal Home in fuel. He had had
experience and could say that 100
acres of hardwood would keep a Mu-
nicipal Home in fuel for 25 years. If
200 acres were granted it would pro-
vide a fuel supply for fifty years which
would be a sufficient length of time.

HON. MR. TWEEDDALE disagreed
with the Hon. member for Carleton.
500 acres would not be too great an
area. The bill was a sensible piece of
legislation and would assist in the
establishment of Municipal Homes.

MR. BURCHILL questioned the wis-
dom of this proposed legislation for
two reasons. Land was to be granted
for one dollar per acre and he could
say that wood could not be delivered
from it to the Municipal Home at a
cost lower than the price in the open
market. An area of 500 acres would be
too large and the privilege of getting
fuel would be abused. Municipal
Homes were under the direction of
County Councils who had a good
many other things to think about and
it was true that what was everybody's
business was nobody's business.

HON. MR. TWEEDDALE pointed
out that Municipal Homes were gov-
erned by commissions.

MR. BURCHILL said there should
be provision that the Crown Lands
to be granted should be in the Munici-
pality for which they were intended.

HON. MR. TWEEDDALE said that
that was the intention.

MR. POTTS said the legislation was
rather drastic and there was no ur-
gency for it. The Legislature should
be careful about giving away the pub-
lic domain. Before deciding he would
like to know what Counties had ap-
plied for this land. A bill of this na-
ture should have come earlier in order
that the House and public might know
its nature.

HON. MR. TWEEDDALE—The bill
has been before the House for a fort-
night.

MR. POTTS said the committee
should report progress and wait a
year before taking action. There was
something about the bill which he
could not quite grasp.

HON. MR. VENIOT said he was
surprised at the attitude assumed by
the member for St. John City and hon.
members from other sections. The
province constantly was asked for
grants for hospitals. St. John got
\$2800 a year and other places receiv-
ed varying amounts yet when a bill
is introduced which has as its object
the alleviation of suffering among un-
fortunates placed in Municipal Homes
opposition was encountered. The poor
were not the only inmates of a Muni-
cipal Home, but they frequently con-
tained imbeciles who otherwise would
have to be sent to the Provincial Hos-
pital at a heavy cost. If the upkeep of
the Municipal Homes could be lessened
by this measure the Municipalities
should be given the encouragement. It
cost much to maintain a Municipal
Home. There was one in Gloucester
County and he knew that. As far as
regarded the Home concerned by this
bill he could say that it was within one
mile of the Crown Land intended to be
used. The Minister of Lands and Mines
would supervise the choice of Crown
Lands for the purposes indicated by
the bill. The Municipalities could not
select the lands anywhere. The cost
of fuel was a problem steadily growing
greater.

It being six o'clock the Committee
rose to resume at eight.

A REPEAT ORDER.

Her name was Lulu and she knitted
a pair of socks to be sent overseas.
She put her card in one of the socks
and in due time a note came back
from the soldier to whom they had
been given. It ran:

"Dear Lulu, last April I received a
pair of socks and in one of them I
found your card. Please send another
pair; I feel that I should have a
change."

The universal idea of a level headed
man is one who agrees with you.

the gift was that of a young man's
complete wardrobe.

"We were expecting our boy back
from the war," wrote the mother who
sent the garments. "We ordered the
tailor to make a complete outfit, but
our boy died of pneumonia on the way
home."

Many of the things that come into
the Union Square receiving centre
are rubbish and articles of no value to
persons whose need is to be clothed.
A table that might be valuable to the
property man in a theatre contains a
tarnished set of plated ware, a dozen
kitchen knives, flatirons, an alarm
clock, books, pocketbooks, paper tow-
els, souvenir stamp cases and pewter
toys.

Even High Hats.

Chiffons and high hats also are am-
ong the stuff received. Then a pyra-
mid of men's stiff collars of all sizes,
and all needing laundering.

But as long as the garments are of
durable material and can be remodel-
led there will be millions of women
and children on the other hemisphere
who will be glad of old-fashioned Am-
erican clothes that can be put to use.

SUBSIDIES FOR WIRELESS

Ottawa, April 15—All contracts be-
tween the marconi wireless company
and the naval service department are
set forth in a report tabled in the com-
mons today at the request of Mr.

nion now has in operation as many as
twenty wireless stations aggregating
\$61,200 per annum. The highest am-
ount paid for any one station is \$4,500
for the Belle Isle station and the low-
est paid station on Magadalen Islands.
