

PROVINCE WILL GET ROAD MONEY THIS SEASON

**B. M. HILL RETURNS AFTER
OTTAWA CONFERENCE**

**Federal Regulations Will be
Passed Shortly—Hon. P. J.

Last Week.**

There is every possibility of New Brunswick taking advantage this year of a portion of the allotment made by the Dominion Government for durable roads in each province. Mr. B. M. Hill, Provincial Highway Engineer has returned from Ottawa where he was in conference with Mr. A. W. Campbell, Federal Highway Commissioner. The regulations under which the Federal highway grants to the various provinces will be given soon will be ready for presentation to the Federal cabinet and when passed by that body will be met by the provinces.

New Brunswick's Share

The annual allotment to New Brunswick will closely approach \$250,000. The grant is made up of an initial grant of \$50,000 and a supplementary grant on a basis of population. Some of the durable highways in this province already has received what practically amounts to Federal approval and it is expected that almost all the durable work in the province will be approved.

CAR TURNED TURTLE, SEVERAL INJURED

**MISS CHRISTINA TENNANT
WAS SEVERELY BRUISED**

**Other Occupants of Car Injured
to Slighter Extent—
Narrow Escape from
Death.**

A party of young people from this city were injured in a motor car accident at Oromocto on Saturday. Miss Christina Tennant, daughter of Mrs. Matthew Tennant of this city was badly bruised, having had her back injured, and the Misses Marjory Murray and Isabel Chestnut and Messrs. Murray Kierstead and Gordon Osborne were also thrown from the car and bruised.

Car Turned Turtle

The accident happened Sunday morning when the party was driving toward Oromocto. The road was covered with loose gravel and the car was going at a fair rate of speed at the time; on taking a curve near Oromocto there was nothing to bind the wheels, the car skidded and turned completely over throwing the occupants out. Mr. Leo Gallagher with Mrs. Gallagher and party of St. John were on the road at the time of the accident and witnessed it all. Miss Tennant was carried to their car and partly revived and later she with the Misses Chestnut and Murray were brought to this city in Mr. Gallagher's car. The two young men were left with the damaged car. The accident occurred about seven hundred yards from the Oromocto Bridge where Mr. and Mrs. W. T. H. Fenety lost their lives last year. With the loose gravel on the road and the sharp turn it is a wonder that some of the party did not lose their lives.
