PRINCE HENRY SAYS THAT ENGLAND PLOTTED THE DOWNFALL OF GERMANY

Writes Letter to King George in Which He Implores Him to Desist from Demanding the Extradition of the Ex-Kaiser—Signs Himself "Your Humble Cousin, Henry"—Says British Prepared the World War.

Copenhagen, Aug. 4.—The former Prince Henry of Prussia in a letter to King George, published today by the Hamburger Nachrichten says the truth about the war maybe had from the Allied Statesmen and he suggests that if the former German Emperor is placed on trial the Statesmen also appear.

The letter asks King George, "in the name of justice and his own interests," to desist from demanding the extradition and trial of the former German ruler. The letter which is signed "Your Humble Cousin, Henry" charges that England plotted Germany's commercial downfall.

WANTS LEADING STATESMEN OF ALLIED NATIONS

BROUGHT BEFORE INTERNATIONAL TRIBUNAL

If the Allies want the truth, the former Prince says, the leading Statesmen of Great Britain, and her Allies should also be brought before the tribunal as "primarily and urgently suspected to guilt in the world war."

The letter continues: "Germany and her brave people have been hit severely but they are not yet dead. The German spirit which now seems dead, still lives and will one day awake to full consciousness of the disgrace and shame which have been inflicted and will demand a reckoning."

The letter charges that it was solely the British Government which for years prepared the world war, in order to eliminate Germany as a troublesome competitor from the world's markets. Prince Henry continues:

SAYS GERMANY WAS OVERCOME NOT BY ARMS

OF THE ALLIES BUT BY THE SILVER BULLET

"Let me only remind your Majesty of your meetings with M. Sazonoff (then Russian Minister of Foreign Affairs) in Sept. 1912, at Balmoral, and the utterance of your Majesty on that occasion, which leave no doubt of the fate planned for the German war and merchant navy."

Germany was overcome, Prince Henry declares, not by the arms of the entente, but by a "Silver Bullet" which lodged in the back of the German people. The letter refers to the "Hunger blockade" which failed as little in its effects upon the German people as did former British measures against the women and children of the Boers.

AIRPLANE DASHED INTO AN AUTO

London, Ont., Aug. 4.—The fact that they had stepped out of their motor car to watch an airplane, saved the lives of G. Campbell and six others last evening, when the plane, after striking a tree top, fell squarely on top of the auto, smashing it to a pulp.

Campbell, with his party of women and children was visiting here from Scotland, Ontario. The plane, carrying Donald Whistler and E. L. Webster, of Elkhart, Ind., came here from Toronto and was badly damaged.

Its momentum carried it and the auto forward about twenty-five yards until it bumped into another motor car in which were seated a woman and a boy. The driver had alighted to see the plane also. The baby was slightly hurt, but the woman was uninjured.

Master Lewis Allen of this city returned home on Saturday from Cross Creek where he spent the past month.

RIOTOUS CROWD WAS CHARGED BY SOLDIERS

Liverpool, Aug. 4.—Riotous crowds were driven from the streets of this city this morning by troops charging with fixed bayonets. The rioters filled the streets during the night and it was not until daybreak that the soldiers were ordered to charge. The cruiser Valiant and two destroyers have moved into the Mersey river to protect the docks. The employees of bus and tramway lines failed to report for work this morning. No notice of a strike had been given, but it is not believed that the movement was undertaken in sympathy with the policemen's strike.

ROBBED FEDERAL GOVERNMENT OF SEVERAL THOUSAND DOLLARS

St. Clair West, Inspector of Dominion Government Police in

Nova Scotia, Has Skipped Out—Auditors Found

His Accounts in Bad Shape.

Halifax, N. S., Aug. 4.—The Dominion Government has been robbed of thousands of dollars, and St. Clair West, who was Inspector of the Dominion Police in Nova Scotia, is missing. The exact figures are not yet known, but it is estimated that the shortage will amount to between \$4,000 and \$5,000.

Detectives in the employ of the Dominion Government, and the local Police are searching for West, who is said to have left the city in a hurry. He had a good start on the officers, and it will probably be some time before the missing official is rounded up. West had a suite of offices in the Exchange Building on Prince street and recently it was announced that he had resigned the Police Inspectorship. Soon after he left auditors were sent to go over the books, and as a result some startling revelations were discovered.

According to the officials, forgeries, unlimited were discovered, and large sums of money were also found to be missing.

PREPARATIONS COMPLETE FOR CONVENTION

Ottawa, Aug. 4.—The National Liberal Committee, which has been making arrangements for the Liberal convention which opens tomorrow morning, held its final meeting this morning to complete the programme of procedure for the big gathering. The convention plans as decided upon by the committee, will be gone over at the caucus of Liberal members and Senators which meets at two o'clock this afternoon. The National Liberal Committee ceased to exist after the meeting today, and its sub-committees, named to draft resolutions on all matters to be dealt with by the convention, are also dissolved.

The resolutions will be referred to the committees of the convention which will be nominated tomorrow. An exception will be the resolution dealing with the death of Sir Wilfrid Laurier, which will be the first order of business of the convention after the selection of its joint chairmen. The expectation is that the election of the Hon. George H. Murray and Sir Lomer Gouin as joint chairmen of the convention will not be opposed from any quarter.

Historic Role Played in the War by the Naval Service of Great Britain Fittingly Commemorated—Five Mile Procession of Naval and Mercantile Craft Started from the Tower Bridge—Old Time Royal Barge was Used.

London, August. 4.—The important role played by the British Sea Service during the Great War was commemorated today a naval pageant on the Thames, the day marking the fifth anniversary of the historic mobilization of the British fleet. Plans for the event while giving recognition to the Allied and Associated powers, laid stress on the fact that this was a purely British occasion, and the Union Jack and the banners of St. George, St. Patrick, St. Andrew and St. David predominated in the decorations along the riverside.

THE KING'S ROYAL BARGE, BUILT 200 YEARS AGO

HAD CONSPICUOUS PLACE IN THE PROCESSION

Tower Bridge was the point selected for the start for the five mile procession. Owing to the fact that the space beneath the Thames Bridge is somewhat limited, it was impossible to include large vessels in the pageant, but the procession was a surprising one. It was headed by the "King's Highway," and when the people of London used boats just as their descendants of today use taxicabs were recalled by the appearance of King George's Royal Barge. This craft was built more than two hundred years ago, for Queen Mary by King William, and was richly ornamented with crimson and gold.

In planning the celebration efforts were made to symbolize the development of Great Britain's naval power and the connection between the naval and the mercantile marine.

Lucerne, Switzerland, Aug. 3.—Before winter sets in there will be "a terrible spasm of rage and despair among the peoples of Europe in which the final remains of civilization may be totally annihilated," it was predicted by Arthur Henderson, the British labor leader, at the opening of the International Socialist conference here yesterday. The remarks of Mr. Henderson, who was the principal British labor leader present, followed those of Otto Wells, of the majority element of the German Socialists, who declared that the German workingmen expected from the Socialists the creation of a real league of nations. He characterized the league organized in Paris, without Germany and Russia as members, as a "mere pleasantry."
