

# AMERICAN COL' NEL GIVES FREE ADVICE TO RHEUMATICS

SAYS IT'S SHEER FOLLY FOR  
ANYONE TO SUFFER  
THESE DAYS.

Rheumatism can't be cured so long as your system is weak and run down. You must first build up and get strength to fight off the disease.

Ferrozone cures because it builds up, because it renews the blood and dissolves the Uric Acid and the poisons that cause rheumatism.

It is proved right here that Ferrozone does cure.

Col. H. M. Russ, of Edwards, St. Lawrence Co., one of the fine old heroes of the Civil War, was completely restored by Ferrozone. Read his statement:

"I couldn't get around without a cane, and then only with difficulty."

"Rheumatism took complete control of my limbs."

"Suffering was more intense than hardships on the battlefield."

"When my doctor had done his best I got Ferrozone."

"Then came a quick change."

"Ferrozone gave me comfort at once eased the pain and took the stiffness out of my muscles."

"I am well today. Ferrozone cured me completely. I can jump and run like I did forty years ago."

Be sensible about your case. If your present medicine is useless give it up.

Don't experiment again. Ferrozone is known on all sides to be a cure that does cure. Why not get a supply today. The sooner you begin Ferrozone the quicker you'll get well. Price 50c. per box or six for \$2.50, at all dealers, or direct by mail from The Catarthozone Co., Kingston, Ont.

# DAMAGE BY A CYCLONE

Calcutta, Oct. 4.—An intense cyclone in eastern Bengal has wrought indescribable havoc. The jute industry is at a standstill. Thousands of small craft were sunk, and many lives lost, while thousands of peasants are homeless.

Women are now wearing "chokers." Husbands will please take warning.

That good old overture, "Poet and Peasant" ought to be popular in Fiume these days.

# WHAT BIG GAMES MEAN IN DOLLARS AND CENTS

Cash Receipts for Such Contests When Present Series is Completed Will Run Well Over Three Million Dollars—The Game Has the Stamp of Public Approval—Many Players Share in the Pool.

Chicago, Oct. 4.—What the World Series means in dollars and cents to the baseball fraternity can be exemplified by the statement that before the present series is completed the gate receipts for such contests played under the jurisdiction of the National Commission will reach the impressive total of more than \$3,500,000. Notwithstanding recent remarks to the contrary it is doubtful if big league baseball would have mounted to its imposing position without the aid of the World Series.

The battle for the championship is the logical climax for each season's pennant races and the fact that close to two million spectators have paid almost three and a half million dollars to witness such contests places the stamp of public approval on the play beyond cavil. Since 1905, when National Commission began its supervision of the World Series, fourteen have been played and the Chicago Americans and the Cincinnati Nationals are now engaged in a struggle for the fifteenth championship.

During the past fourteen seasons the attendance totaled 1,915,494 and as 78 games were played in these series the average attendance has been very close to 25,000 per game. In the same period these spectators have paid in at the gate about \$1.80 each for the privilege of watching the play the aggregate gate receipts for the 78 games being \$3,429,720 in round figures, which is an average of very close to \$44,000 per game.

Further delving into the figures

shows that the club owners have profited to a greater extent than the players for the sums divided among the competing clubs and the leagues during the past fourteen years reaches the pleasing total of \$1,715,700, while the baseball warriors have collected \$1,370,200. The players represented twenty-eight clubs or teams during these series and even under a fifty-fifty division of the pool instead of the customary sixty and forty split, the average would have been better than \$60,000 per team.

While it is almost impossible to ascertain just how many players figured in the division of the money during the past fourteen years a fair average would be in the neighborhood of twenty-five per club. Using this average as a basis it will be seen that about 700 players have, at one time or another, shared in the World Series pool. Until within a season or two it has been customary for the winning combination to receive 60 per cent of the pool and the losing team 40 per cent. On this basis some 350 players have received about \$2,350 as winners and an equal number \$1,500 as losers. The National Commission's average per game approximates \$4,380.

Although it is quite likely that a new record in gate receipts may be established in the present nine game series it is doubtful if the player's share will equal the record established in 1912 since the new distribution arrangement requires that one quarter of their pool go to proceeds of five

games instead of four but the deduction of 25 per cent of their pool is likely to more than counterbalance the gain from the fifth contest receipts. The club owners are also required to share more liberally this season with the other magnates of the league than in past years for they will divide just half of their portion of the receipts with the clubs that trailed them in the pennant race of 1919.

# ENDORSED BY LIBERAL CHIEF

Toronto, Oct. 4.—Thorough endorsement of the Victory Loan, 1919, is expressed by Hon. W. L. Mackenzie King, leader of the Liberal party in the Dominion, in a letter addressed to the Minister of Finance, Sir Henry Drayton. Mr. King lays emphasis on the necessity for the maintenance of Canada's credit and the desirability that the money required to meet the pressing obligations of the nation should be raised at home. This is his letter:

Ottawa, Sept. 10, 1919.  
My Dear Sir Henry—  
I am pleased to join with you in commending the Victory Loan to the people of Canada. "It is imperative that Canada's credit should be maintained."

"As the Government finds that borrowing is a necessity to meet existing obligations, it is in every way desirable that the amount required should, if possible, be raised within Canada itself. I hope, therefore, that the loan be oversubscribed by citizens of the Dominion."

"You appreciate, of course, that in expressing a desire to see the loan a success, such obligation as I may have in criticizing unnecessary or extravagant public expenditure is increased, rather than lessened; and that this endorsement is given upon your assurance that the organization of the campaign, everything about it is absolutely and entirely non-political."

Yours sincerely,  
(Sgd.) W. L. Mackenzie King.
