

Fletcher's Castoria is strictly a remedy for Infants and Children. boods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

### What is CASTORIA?

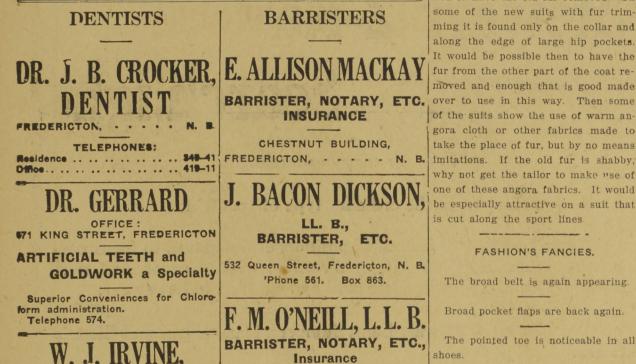

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural cleep. OF INTEREST XXXX TO WOMEN 

LAST YEAR'S SUIT.

Many Women Wear One Coat Suit for at Least Two Seasons and Always Look Well.

These are usually the women who select a conservative style to begin with and then freshen it up the second season with small fashionable touches. Say what you will about the changeableness of fashion, you will have to grant that within the last few years there have been very few changes in | suit styles that would affect the more conservative type of suit. That is, we have worn same sort of suit sleeves and the straight belted or semi-fitted jacket has persisted. To be sure, there have been changes in skirt length and girth, but you have never looked out for style if you persisted to a conservative medium in these matters.

Now radical changes are said to be working in the realm of fashions as an inevitable aftermath of the war's end. Distended hips are sure to come in. They are worn almost to the exclusion of any other sort of thing for evening gowns by fashionable women, but it has really been determined by makers of women's clothes that these distended hips shall not have a showing zens had gathered to give their little in women's suits. It would take more town a nice big name. Suddenly a goods than the women could afford to voice boomed from the back of the pay for. remodelling of suits they have worn last winter or before that have planned to have the old fur removed. On some of the new suits with fur trimming it is found only on the collar and along the edge of large hip pockets. It would be possible then to have the fur from the other part of the coat removed and enough that is good made of the suits show the use of warm angora cloth or other fabrics made to take the place of fur, but by no means why not get the tailor to make "se of one of these angora fabrics. It would

be especially attractive on a suit that is cut along the sport lines.
