AMBASSADOR GREY REACHES NEW YORK AND GIVES OUT INTERVIEW

Regrets That Partial Failure of Sight Makes it Impossible for Him to Undertake Duties of Permanent Ambassador—Feels Grateful and Encouraged Over Expressions of Good Will—Has No New Proposals for Treaties.

New York, Sept. 26.—In a formal statement prepared on the voyage, Viscount Grey, British Ambassador to the United States, who arrived tonight on the steamer *Mauretania*, said: "I wish to take this opportunity of saying what a special appeal it made to me when I was asked to undertake the duties of British ambassador to the United States. So much good will has been shown me already by American as well as British friends, that I felt both grateful and encouraged. "My regret is that the partial failure of sight, which has caused me to withdraw almost entirely from public life for nearly three years, and which makes all public work difficult, renders it impossible for me to undertake the duties of a permanent ambassador and must make my mission comparatively short.

**MUST MAKE A NEW START TO REPAIR THE
OLD WORLD, WHICH HAS BEEN LEFT IN RUINS**

"We have to make a new start after the war to repair and to rebuild the old world, which the war has left in ruins. We wish to build a better one, but the British Empire, in common with other countries, I am sure, feels that without good understanding and friendship with the United States international progress is impossible and international security is doubtful.

"I do not come to put forward any new proposals for treaties or alliances; I am not charged with any mission of that kind. Good understanding can best be established on cordial feeling between the peoples.

"There are some other things that do not exist in common between any two other countries—a common language is one of them—which make strongly for friendship between the American and British.

**HOPES THINGS WHICH MAKE FOR MISUNDER-
STANDING WILL DISSOLVE AND DISAPPEAR**

"On the other hand, there are some things which cut across this happy tendency and make for misunderstanding, arising partly out of old historical memories, partly out of British political problems which do as a matter of fact excite a special interest in America. My own hope and belief is that things which make for misunderstanding may by time, by wise and sympathetic policy and by a fuller knowledge of the facts and difficulties, be dissolved and disappear. The things which make for friendship I believe to have their roots so deep in the minds of the American and British peoples, and to be so inseparable from the natures of each, that they must endure and grow. The difficulties will not be overcome by ignoring or under-rating them, and that is why I refer to them.

"It will be the object of my mission while in the United States to promote good will as far as I have strength or opportunity between the American and British peoples, in the hope that this may be one great element of security leading to greater international good will on the broadest possible basis."

A BANKER'S HOLIDAYS

London, Sept. 26.—Sir Edward Holden, chief of the British bankers, who has just died, had a curious idea of enjoyment. In his spare time and at week ends he revelled in a strange form of hunting. It was searching for the best sites for new branches for his bank. During recent years the amalgamations he brought about gave a new turn to his hobby by marking down branches for extinction so that one bank would do the business that two had done before.

THE BALTIC AT HALIFAX

Halifax, Sept. 27.—The Baltic, with returning Canadian troops and their dependents, docked this morning.

Social Last Evening
A very enjoyable social evening was held for the Presbyterian students and others at the Fraser Memorial Hall last night. About 150 young people were present and the evening passed very pleasantly in games and other amusements. The gathering broke up about midnight.

Mr. and Mrs. James M. Scott are returning from a trip to the Pacific Coast by way of California.

MARITIME MARK IS LOWERED BY JOHN A. HAL

Stepped a Mile in 2.08 3/4 at Chatham—Bill Sharon Won in Straight Heats at Charlottetown.

Chatham, Sept. 26.—More than five thousand attended the races here today at the exhibition track and went almost wild when the time for the second heat of the free-for-all was announced, John A. Hal doing the circuit in 2.08 3/4. Peter Farren the St. John horse made the mark of 2.09 1/2 on this track last fall and equalled this at Sussex on August 1.

In the first heat Fern Hal went away on the pole, Royal McKinney in second position with John A. Hal and White Sox in third and fourth. White Sox was not working good and remained in last place all through the heat with McKinney third. John A. Hal commenced to overhaul Fern Hal on the third quarter and both these horses came up the stretch neck and neck, but John A. beat the other Hal to the wire. The time for this heat was 2.09 3/4.

The second heat was the fastest one White Sox pushed John A. Hal all the way. This was the prettiest racing ever seen on this track. White Sox was unable to beat out John A., the latter coming under in 2.08 3/4. Royal McKinney did great work in this heat also finishing third just at the wheels of White Sox.

The final heat stopped in 2.09 3/4 and in this one Royal McKinney finished second with Fern Hal third and White Sox fourth. This gave Royal McKinney second money, Fern Hal third and White Sox fourth.

At the end of each heat Boutillier was given the glad hand for the fine style in which he handled John A. Hal. Before the races started Mr. McKee, the starter, called the drivers to the stand and announced that fifty dollars would be given to the driver lowering the maritime record.

After the free-for-all was finished Mr. McKee announced that the time made was the fastest ever paced in the maritime provinces. He also said that he had been starting horses in Maine and New Brunswick for the past thirty years and never started a faster one than this free-for-all today on the Chatham track.

The 2.10 trot went to Border Prince who finished first in the second, third and fourth heats. He broke badly in the first before coming into the stretch and finished last. Sam McKinney won the first heat but finished third in the next three heats. He was working badly today, too.

Nationalist and Military Factions Would be Ranged Against the Socialists—Weakness of Those in Power Said to be Responsible for the Deadlock—Military Leaders Said to be in League with Captain D'Annunzio.

Rome, Sept. 27.—Alarmist reports are current in this city, one of them being that a civil war is imminent. On one side would be ranged the nationalist and militarist factions, which would be opposed by the Socialists. Several generals are credited with the intention of heading the militarist faction with a view to controlling the government, it being said that they believe the weakness of those in power since the armistice caused the present deadlock. Some of these generals have already been mentioned as being in league with Captain Gabriele D'Annunzio before the Fiume raid, with the object of overthrowing by force the Nitti cabinet and replacing it with a military dictatorship. The navy is reported as being even more dissatisfied than the army, having, according to naval officers' statements, suffered more from "the lack of consideration of their Anglo-French colleagues, who have acted as if they were masters of the Adriatic and have favored Jugo-Slav claims."

**RESIGNATION OF THE ITALIAN CABINET WOULD
ELIMINATE ONE OF THE REASONS FOR DISCORD**

Foreign Minister Tittoni is said to have expressed the belief that the first thing to be done in the present serious situation was for the cabinet to resign, thus eliminating one reason for discord—opposition to the men now in power. It is said his intention was the formation of a national cabinet including all the leaders of the chief political parties, which would give the government the greatest possible power under the circumstances. Premier Nitti, instead, considered that the resignation of the cabinet would be an admission either of culpability or weakness, which would make the situation worse.

**NO PROSPECT AS YET OF ANY AMELIORATION
OF THE GRAVITY OF THE ITALIAN SITUATION**

Signor Tittoni was obliged to confess during a conversation with the King, it is reported, that he did not see any other politician having the statesmanlike qualities and force possessed by Signor Nitti. Thus the idea of a resignation of the cabinet was abandoned, but there is no prospect as yet of any amelioration of the gravity of the situation, nor is there a glimmer of solution of the Adriatic problem.

Workmen numbering approximately one million are now on strike and dissatisfaction is growing everywhere at the constantly increasing cost of living.

SIR ROBERT BORDEN MAY SOON RETIRE FROM THE PREMIERSHIP

**A Section of the Unionist Party Backing Sir Thomas White for
His Successor—Important Caucus will be Held on
Tuesday of Next Week.**

Ottawa, Sept. 26.—Feeling that Sir Robert Borden, sooner or later, will relinquish the leadership of the government in order to get a much needed and well earned rest, a strong movement is developing among Unionists to line up their forces against such a contingency in readiness to support the choice of Sir Thomas White as his successor. A long as Sir Robert Borden remains he will get their support and the movement is not to be interpreted in any way as in the nature of a conspiracy, but one progressing with his full knowledge. It is even said that many Conservatives who have been professing to withdraw from the Unionist ranks to form a Conservative group are doing so mainly to have a serviceable weapon to shake in case the choice of a successor to Sir Robert should swing towards an undoubted Liberal-Unionist. If a choice is made satisfactory to themselves, a number at least of these "Conservatives" would swing back into line.

There are ministers in the cabinet with strong support on the right of the speaker, but who have stronger opposition as well. There is influential support behind Senator Loughheed, but he is not being actively pushed, as it is feared that a Senator could never make a "popular appeal."

Sir Robert Borden feels it his first duty not to leave a "tumbled house" to his successor. When he appears before the Unionist caucus Tuesday it will not be to suggest a programme for a "permanent" Unionist party, even if that will be the result of what they do. Because of the controversies which have been occurring, and because the Liberals who entered Unionist government now see the advantage of maintaining themselves more or less as a separate entity until the policies and accomplishments of the Borden government are apparent, it is believed that there will not be any attempt to call the party a permanent party as yet.
