THE WAR VETERANS.

Returned soldiers are becoming suspicious and not without cause, of the activities of politicians and political henchmen, who are trying to organize the veterans for political purposes and have them hitched to a party machine when election time comes on. A war veteran is a man who has been to war and has risked his life for his country, but it is noticed that some men who do not come under this category manage to work themselves into the organization which has been formed by the returned soldiers.

Scratch one of these men, and it will be found that he is more of a politician with an axe to grind than a soldier.

In Winnipeg last week an emergency mass meeting of the Great War Veterans was held to consider the status of "The Soldiers' and Sailors' Protective League of Canada," the purpose of which had become a matter of controversy. Six hundred veterans who were present at the meeting, heard several speakers discuss the origin and nature of the new organization, and as a result of the information placed before the meeting and the speeches of several returned soldiers, the following resolution was adopted:

"Whereas, it is proven to the satisfaction of this meeting that the Soldiers' and Sailors' Parliamentary Protective League is a tool of Hon. Robt. Rogers and Lieut. Colonel A. G. Fonseca, therefore it is unanimously resolved that we kill it."

Whether it has been killed, or merely stunned, remains to be seen. The incident will prove a warning to veterans all over Canada and will be of assistance to them in rejecting overtures from politicians who wish to use the votes of the returned men for partisan purposes. The Winnipeg remedy—"be it unanimously resolved that we kill it"—is clearly the proper medicine.

"THE WORLD DO MOVE."

The great sweep of morality moves on apace. At the first day's session of the New York State Sabbath Association plans were discussed to obtain legislation prohibiting Sunday excursions and to close ice-cream parlors on Sunday. The religious services held on board Hudson River steamers were criticized as "pure camouflage" and one reverend delegate raised the question, "What are you going to do with the motorists on Sunday?"

Certainly an ominous beginning. But is not even the soul of a Sunday excursionist worth saving? Shall there be any activity on Sunday not directly conducive to the moral welfare of man—any baking of hot meals or purveying of ice cream, any running of vehicles? As to what they are "going to do" with motorists, perhaps it will be decreed lawful to use a car in going to church, but never, of course, to the golf links and the iniquitous country club—never for the mere sensuous pleasure of riding.

The St. John Standard in a long editorial gives vent to a grouch over the manner in which appointments are being made by the civil service commission. It tells its readers that "the Civil Service Commission fills all positions, and in so far as the experience of New Brunswick is concerned, it has been filling the majority of these positions very badly indeed." Only a short time ago the Standard was lauding the Union government for having abolished the patronage evil. What has happened to cause it to change its tune?

The organ of the ten thousand bucks lately removed Hon. Mr. Currie from the office of Speaker and a few days later reinstated him. It lately discovered that the position was again vacant and promptly named Dr. J. E. Hetherington of Queens for the place. Subsequently it discovered that "the French speaking section of the government's followers had called a halt in

the proceedings." The whole trouble seems to be due to the fact that the graft organ does not know what it is talking about.

Many people are wondering why there is so much delay in filling the vacant position of postmaster of Fredericton. It is known that there are numerous applicants for the position, so it is safe to assume that the delay cannot be due to lack of material from which to make a selection. At first there was a lot of talk about giving the position to a returned soldier, but it is now said that the Civil Service Commission has all to say in the matter and that the position will be filled by promotion.

THROUGH OUR SIEVE

Well, Harness-maker Ebert seems to have hitched up the German people!

What is the "maru" part of the name of every Japanese ship?

A young man's shoulder is no place for a girl to wear her complexion.

On Dollar Day we offer for sale a perfectly good registration card—never used.

Also we would like to sell for \$1 about 1900 lbs of stone and ashes saved from one ton of coal.

"Dude" was a slang word that soon died, but "guy" promises to be immortal.

Fuel at least oughtn't to be scarce in that part of Europe where there are so many Poles.

Flu is exactly like smallpox. It stays so long as it finds any hospitality.

Ignorance may be bliss, but one's knowledge of one's ignorance is what blisters.

The ideal home is the place where the wife has her way and the husband thinks he has his.

When a man knows he is wrong he can nearly always prove that he isn't by arguing the matter with his wife.

More Game Violations

Chief Game Warden L. A. Gagnon is leaving this evening for Woodstock and from there he will proceed to Modawaska in connection with violations of the game laws. Mr. Gagnon stated today that the number of violations of the game laws reported had increased owing to the vigilance and alertness of the rangers in detecting them. One violation from this district is the case of a man who killed a deer on a Sunday. The case will come before Magistrate Limerick on Saturday next.

Meeting of Creditors

A meeting of the creditors of Mr. S. B. Hatheway was held this morning at eleven o'clock in the Sheriff's office at the County Court House. Mr. J. B. Dixon appeared for Mr. S. B. Hatheway and Mr. J. C. McFadden for the Department of Agriculture. Mr. H. G. Kitchen one of the largest creditors was present as was Mr. F. W. Hatheway. Messrs J. C. McFadden and Albert Kitchen were appointed inspectors and it was decided to preserve the assets, chiefly sheep, until spring when they would bring a better price.

Marysville Curlers Lost

The Marysville curlers made their week-end trip to this city with three rinks on Saturday evening. Skip E. A. McKay played left handed against the rink skipped by Mr. James Inch, but owing to the superior curling of that rink lost by a score of 22 to 7. Mr. Inch is a veteran of the curling game and knowing the ins and outs of it as he does he deserved to win. Skip L. C. Macnutt defeated Skip McLean by a score of 11 to 9 and C. W. Hall won from Skip Ward by a score of 30 to 3. The total score was 48 to 34 in favor of the Fredericton rinks. After the game refreshments were served followed by several speeches.

Retiring From Service

It is announced at Kingston, Ont., that Brigadier-General G. S. Maunsell brother of F. M. Maunsell, St. John, general staff officer of Military District No. 3, is relinquishing his appointment and retiring from military life. General Maunsell was an engineering officer of the permanent force and for a period before going overseas was director-general of Engineering Services at Ottawa. He was appointed general staff officer following the retirement of Lt.-Col. W. J. Brown and has since been a hard-working and conscientious officer and of great value to the district. He has seen 29 years' military service. Brig. General Maunsell is a son of the late Col. G. J. Maunsell, formerly D. O. C. of New Brunswick. Brig. General Maunsell at one time lived at Fernhill, Kingsclear, and was an officer in the 8th Princess Louise's Hussars.

W. HARRY ALLEN MAKES BIG HIT IN CLEVELAND

HIS "NATIVE LINGO"
 USED IN LECTURE

Motion Pictures of Fishing, Hunting and Logging a Big Feature—Hope He Will Come Back.

W. Harry Allen of Penniac, President of the New Brunswick Guides' Association is making good in the States with his publicity work for New Brunswick as a sportman's paradise. The Cleveland News of February 19th has an excellent picture of President Allen and gives a full account of his talk before the fish and game fans of Cleveland at the Winton ballroom.

Enormous Crowd

The account of President Allen's meeting is as follows.

"An enormous crowd struggled for admission to the Harry Allen meeting of the local fish and game body at the Winton ballroom Tuesday night. Hundreds of people stood and hundreds more were turned away for lack of room.

The attendance was the largest that ever tried to gain admittance to a meeting of this kind in Ohio and was possibly the largest ever held in America. More than two hundred new members joined the organization and everyone voted the pictures and Harry Allen, noted New Brunswick guide and backwoodsman, the greatest feature we ever had.

Motion Pictures

The moving pictures shown were of moose and deer, trout, salmon and logging. The fishing pictures were especially commented on, claimed to be the finest ever put in a movie.

Allen gave a dandy talk in his own native lingo. He told of fishing, hunting, logging and everything he thought would be of interest to those present, interspersing his tale with humorous recollections of his guiding experience.

Representative Body

He kept up an interesting line of conversation to the audience as the pictures were shown explaining in detail as the movies scampered across the screen. The audience was packed with out of town friends. Akron had quite a delegation. Included in this representation was Charley Ink and Mr. Schumacher, of the Day Drug Co., of that city. Mayor Charles Crow, of Niles, O., was also on the job, as were visitors from Youngstown, Canton and many other Ohio cities.

Bankers, brokers, judges and hundreds of prominent local business men were in attendance. The women and children came down in droves.

Folks, the Northern Ohio Fish and Game Protective Association looks to us like the biggest thing in Cleveland today. Watch papers for announcement of future meetings.

In closing we want to say for Harry Allen he is welcome back in this man's town whenever he cares to honor us. Yea ho!

County Board of Health

The York County Board of Health is in session this afternoon for the purpose of completing organization and appointing officials. Dr. J. A. Wade of St. Andrew's District Health Officer is here to attend the meeting he being permanent chairman.

Possibly winter hasn't arrived yet because they mailed it.
