

A GLIMPSE OF ST. ANDREWS

(1) The Algonquin Hotel at St. Andrew's.
(2) R. C. Church at St. Andrew's.
(3) Residence of Lord Shaughnessy at St. Andrew's.

NEARLY everybody knows that golf was first played by the Scotch. A veteran devotee of the game, once said that Scotland's greatest contribution towards the welfare of mankind was the royal and ancient game.

Saint Andrew's By the Sea, New Brunswick, called after the patron saint of Scotland, is the home of many families of Scotch descent, and it is appropriate that the spot thus named should be possessed of golf courses as fine as any in the world. It is not exactly known when golf was first played at St. Andrew's, but the Algonquin Club came into existence in 1890. A club was firmly established here in 1895, and now St. Andrew's has the reputation of being the "Mecca of Golf." Hundreds of visitors from Canada and the United States flock hither annually and enjoy the glorious sport.

Golf is an invigorating game anywhere, but it is most delightful when played along the sea. At St. Andrew's there are two courses, a nine hole course 2,500 yards long and an eighteen hole course 6,000 yards long. Both overlook the sea, and are clad in a firm sward of velvet green. While resting on the course you can enjoy the view of the sea beneath,

dotted with sailing vessels and motor boats, and little row boats that glide serenely over the waves. From the golf links you may watch the fishermen catch millions of sardines in their weirs that are set a few hundred yards, or less, from the shore. And old men and old women may often be seen gathering shell fish on the beach. It is a delight to listen to the continuous panting of the waves that expire on the red-lipped land—for the coast line is made of rocks and sand of rich deep red; and looking on it one might fancy that here in prehistoric times some great sea monster was killed and dyed the place with his blood. When a game of golf is ended it is pleasant to sit on one of these red rocks, or gather bunches of the lovely New Brunswick wild roses from the hedges, or rich bouquets of blue lilies in the marshy meadows. In July the fields are laden with a wealth of wild strawberries that tempt many to go berry gathering.

The climate of St. Andrew's makes the place an excellent holiday resort. The skies are seldom clouded, and the heat of the sun is tempered by the cool breezes of Passamaquoddy Bay. The most pleasant golf is not all golf; a congenial atmosphere and environment are half the delights of the game, and the various other at-

tractions at St. Andrew's are unique. The club house on the golf grounds is equipped with all modern conveniences; you may play tennis on the admirable grounds at the Algonquin Hotel. You may ride in a motor boat to Deer Island, you may hire a row boat, or bathe in the tranquil waters of Katie's Cove; and a game of bowling on the bowling green is a joyous pastime.

The late Sir William Van Horne, one of the presidents of the Canadian Pacific Railway, built a beautiful residence on an island in Passamaquoddy Bay, and his family still lives there in the summer season. Lord Shaughnessy, the Chairman of the C. P. R. Board of Directors, makes his summer home at Fort Tipperary, St. Andrew's, and takes a special interest in the progress of the place.

At St. Andrew's there is splendid sea fishing, and a lake near at hand furnishes some of the best bass fishing in Canada. And should the weather ever be rainy the Algonquin Hotel supplies bowling alleys, pool tables, English and French billiard tables, and a beautiful large casino for dancing. Those who make St. Andrew's by the Sea their holiday resort once will do so a second time, for when you go away from it there is an allurements about the place that brings you back again.
