ALLIES IN COMPLETE ACCORD IN THEIR REPLY TO THE GERMAN NOTE

Japanese Delegate Joins the Council of Four, Which is Now Styled "The Big Five"—Reply to Hun Note Will be Incorporated in the Peace Treaty and Will Contain 25,000 Words—Provision Made for German Disarmament.

Paris, June 13.—A complete accord has been reached in principle on all questions connected with the reply to the German counter proposals. This statement was made in responsible quarters tonight.

It has been decided to incorporate the reply in the treaty itself rather than present it as a supplemental document. It will contain about 25,000 words.

Baron Hakino, Japanese delegate, today joined Premiers Lloyd George, Clemenceau and Orlando, and President Wilson and the council known as the "Big Four" to be styled "The Big Five." The decision adding Baron Hakino to the council is explained by the fact that his government must be given an opportunity for full cooperation if full adherence is expected.

CONDITIONS UNDER WHICH GERMANY WILL BE ADMITTED TO THE LEAGUE OF NATIONS

The conditions for the admission of Germany to the League of Nations embodied in the report of Lord Robert Cecil and Col. House are as follows:

- First—Establishment of a suitable government.
- Second—The signing of the treaty of peace.
- Third—The loyal execution of the peace treaty.

A proposed fourth condition relative to Germany's abolishing compulsory military service was finally omitted on Premier Clemenceau's suggestion. It was considered that the treaty sufficiently provided for Germany's disarmament.

The question of large amounts of British and French goods finding their way into Germany from the occupied regions has been raised in the Supreme Economic Council of the Peace Conference. The proposal has been made that some form of control be instituted to prevent one nation trading without the knowledge or consent of the others.

LOCOMOTIVE MEN OF THREE ROADS MAY JOIN IN SYMPATHETIC STRIKE

Winnipeg, June 13.—Although no official announcement would be made, it was learned on fairly good authority late last night that at a meeting of locomotive firemen and engineers employed on the three railroads—Canadian Pacific, Canadian National and Grand Trunk Pacific—held in the Labor Temple, a decision was arrived at to take part in the sympathetic strike. It was stated that a deputation will wait upon the city council today to demand the reinstatement of the old city police force. If this is not done the strike will take place, at four o'clock.

BIG FIGHT THREE WEEKS FROM TODAY

Toledo, O., June 13.—With the heavy weight championship between Jess Willard and Jack Dempsey set for a decision three weeks from today, the sport fans on the battle ground are frankly at a loss to select their favorite. All are agreed that probably no heavyweight championship contest since the memorable battle between James J. Corbett and John L. Sullivan has created such a variance of opinion. Sentiment seems to change every day. Willard, after an impressive workout, may become the favorite one day; but the next may find sentiment switching to his youthful challenger. "Wait till we see how Willard works in his training bouts the week before the match," is invariably the answer of all accredited boxing experts.

TO BRING OUT ENGLISH GIRLS

Guelph, Ont., June 13.—The Guelph Chamber of Commerce has taken formal steps to induce the immigration to Guelph of several hundred British girls. It has been estimated that one hundred girls are needed here at the present time for domestic purposes; three hundred more are required in the factories. Secretary W. E. Stoeber has written to the British Board of Trade, whose representatives are now in Canada asking that some of their surplus female labor be diverted to Guelph.

ON THE ALERT FOR WHISKEY SMUGGLERS

Washington, D. C., June 13.—Smugglers who have attempted to run the blockade of war prohibition laws to bring liquor into the United States have met with small luck and officials of the customs service believe similar attempts under national prohibition will not be more productive. On the Canadian border there have been numerous attempts by smugglers operating in automobiles to run whiskey across into dry states. Always the effort has been fruitless, resulting in confiscation of the contraband and of the vehicle and conviction of those responsible for the attempt. The customs inspectors and army patrol along the Mexican border have been similarly effective.

The nearness of Cuba and the West Indies to the Florida coast has offered temptation to small sailing vessels to try to beat the law by bringing in valuable cargoes of rum and other intoxicants, but apparently few have succeeded.

TRIP MAY BE POSTPONED

Montreal, June 13.—The Gazette publishes the following from Ottawa: According to a report current in the capital, the trip of H. R. H. the Prince of Wales to Canada may be postponed until next year. No reason is given for the postponement but it is believed it has been found that his presence in England is required this year.

STREET LIGHTING WAS CONSIDERED

MARYSVILLE COUNCIL IN SESSION LAST NIGHT

Tender of A. F. Baird Considered Too High—Returned Soldiers Exempt from Taxes for 1919.

Marysville, June 13.—Messrs. John Long and Robert McLean have returned from a successful fishing trip on the headwaters of the Nashwaak.

Coun. George R. Sloat has purchased a Chevrolet touring car.

Mrs. E. Doucette of New York is visiting her sister, Mrs. Joseph Dolphin.

A special meeting of the Town Council was held last evening for consideration of general business. The first matter considered was the installation of the new street lighting system. Prof. A. F. Baird, of Fredericton, who was present, furnished information with reference to the work and submitted a tender for putting up the wires, etc. His tender was \$1,300, but this price did not appeal to the members of the board generally, and was judged too high.

A committee consisting of Couns. Pinnamore and McDowell was appointed to interview the management of the cotton mill in connection with the use of the company's wires for the new system.

Mr. N. T. Nesbitt, of the Northern Electric Company, Halifax, was present and furnished certain estimates. His company was awarded the contract to supply certain necessary equipment at a cost of about \$1,300.

It was decided to exempt all returned soldiers from assessment for the year 1919.

Now in Jamaica

City Clerk G. R. Perkins is in receipt of a postcard from Jamaica written by Mr. Harden Klark of the Klark Urban Co. The company went to Jamaica from Panama and will return soon to New York. Mr. Klark expects to be in Fredericton in September.

Hon. Mr. Byrne Home

Moncton Transcript: Hon. J. P. Byrne, attorney general of New Brunswick and Mrs. Byrne, returned to Bathurst today. Mr. Byrne who has been to Rochester, Minn., consulting specialists, and who incidentally took a trip by way of Port Arthur, Duluth and other points, is, his many friends will be glad to learn, much improved in health. He responded readily to the treatment given by the specialists at Rochester whom he consulted.

Fire This Afternoon

The firemen were called out at two o'clock this afternoon to answer an alarm from Box 17 at the corner of King and Northumberland streets. The fire was located on the roof of T. J. Burt's Blacksmith shop owned by Mrs. N. J. Smith, and a building owned by Mr. Patrick McGinn and used by him as a wagon repair shop. The fire caught from a spark which lodged between the roofs of the buildings which adjoin. It was soon got under control by the firemen.

Mr. and Mrs. H. B. Boyle of Montreal, D. B. March, D. McKenna and Fred Trifts of St. John were at the Barker House last night. They are motoring.

STRIKING TELEGRAPHERS' SAY THAT THEIR RANKS WILL BE AUGMENTED

Expect a Large Number of Men to Leave Their Keys During the Day—Railway Telegraphers' Ordered Not to Handle Commercial Business.

Chicago, June 13.—At the opening of the third day of the Commercial Telegraphers' strike leaders of the union today professed to be encouraged asserting that additional men had gone out during the last twenty four hours, and that more would join the ranks of the strikers during the day. On the other hand, officials of the Western Union and Postal Telegraph Companies claimed that a number of men who left their keys on the first day had returned to work and that only slight inconvenience had been caused by the walkout.

COLLECTIVE BARGAINING.

The Union officials said the order issued yesterday to members of the Order of Railway Telegraphers to refuse to handle commercial business of the two big companies after tomorrow would be of great advantage in their fight to force recognition of the right of collective bargaining, improved working condition and increase in wages. Further encouragement was found by the unionmen in the order for a strike of more than one hundred thousand electrical workers next Monday unless a settlement of their differences were effected in the meantime. S. J. Konenkamp, president of the Commercial Telegraphers' Union, who is directing the strike, stated that broker men would be called out only if it became apparent that such action was necessary to the strike.

The German Peace Treaty To Be Entirely Rewritten

M'CULLOUGH EXPIATED HIS CRIME

Toronto, June 13.—Frank McCullough, the Oswego, N. Y., county farm lad, was hanged at the jail this morning for the murder of Detective Williams. Demonstrations of sympathy and crowds of people continued all night outside the jail, where the execution took place. Between midnight and 2 a. m. the crowds were quite turbulent. Reserves of mounted and foot police were called out, for it was feared that an attempt to rescue the condemned man might be made. In the rush that followed the arrival of the police one mounted constable was knocked from his horse with a brick. Several arrests were made.

Toronto, June 13.—The execution took place at 7:57 a. m., and jail officials state that McCullough went to his death with a smile on his face, calmly praying for himself and for the chaplain. Rev. Bertram Nelles, who attended him during his incarceration.

TO EXPLORE BY AIRPLANE IN LABRADOR

St. John, N. B., June 13.—Captain Dan Owen, late of the Royal Air Force and now aerial surveyor of lumber lands for a United States firm, here on his way to the United States, said he expected to command an expedition to Labrador in the interests of his firm, with the purpose of surveying the vast lumber lands owned by them in that country.

Two aeroplanes will be used, one a seaplane and the other a land plane, and flying at a high altitude, photographs will be taken and maps made of the various forests.

CANADIANS TO COMPETE

London, June 12.—About a hundred Canadians will compete in the inter-allied games at Paris commencing on June 22. Boxers include Sergeant Rolph and Gunner Clements who won successes in the recent service championships here, also Sergeants Atwood, Bockett, Goddard, Resther and McMoorty. Twenty-eight Canadian rowers are now practicing on the Thames for the Hanley meeting on July 3. Major Vivian Nicholls, sculling champion, coach on the Canadians five days a week. Major B. C. Gale, a noted Canadian careman, is also in attendance.

Visiting Motorists

Mr. A. C. Belle Isle of Campbellton and Mr. George H. Sherwood of Montreal arrived by motor last night and registered at the Barker House.

This Plan Has Been Decided Upon by the Council of Four—Explanations and Classifications Contained in Allied Reply to German Note will be Incorporated—New Treaty will be Made Public on Day of Its Delivery to the Huns.

Paris, June 13.—The peace treaty with Germany will be entirely rewritten and reprinted for the incorporation textually of the explanations and classifications contained in the allied reply to the German counter-proposals.

While unchanged in principle virtually a new document will be presented to the Germans. It is understood that the new treaty will be made public on the day of its delivery or the day after.

The Council of Four, it develops, decided that simply to attach the reply to the original document was impracticable as important clauses would be left obscure and imperfect. Hence the decision to rewrite document.

It was comment in peace conference circles today that this action renders absolute the text published abroad.

BRITISH DELEGATES MAKE ELEVENTH HOUR ATTEMPT TO REOPEN QUESTION OF REPARATIONS

Paris, June 13.—The British Representatives have made an eleventh hour attempt to reopen the question of reparations. They have submitted proposals introducing into the functions of the permanent reparations commissions the principle of the control of raw materials furnished Germany, enabling the commission to control Germany's economic developments during the period it operates.

The British effort has not with a sympathetic reception by the reparations committee, to which it was referred. It seems improbable that the proposals will be accepted, but they constitute one of the causes of the delay of the reply to the Germans, which it was reported today, probably would not be printed until Monday.

PREMIER ORLANDO HAS RETURNED TO ITALY TO CONFER WITH THE PARLIAMENTARY LEADERS

Paris, June 13.—Premier Orlando of Italy left for Rome last night, intending to confer with the parliamentary leaders in secret relative to the work of the peace conference and to settle certain urgent questions, notably those concerning military precautions contemplated on the Carinthian frontier. General Diaz, Commander in Chief of the Italian armies, accompanied Premier Orlando, and will be in personal control on the frontier.

The reply of the peace conference to the German counter-proposals will be printed in French and English and will cover about fifty pages. It is expected it will be published in full after it is handed to the Germans.

LADY FLIER HOLDS RECORD FOR ALTITUDE

Paris, June 13.—Announcement is made that Baroness de La Roche, a widely known French aviatrix, driving the small biplane in which the late Jules Vedrines landed on the roof of a department store here last January, has reached an altitude of 15,700 feet. Reports of her flight have been checked by a commission appointed by the French Aero Club, and she is given the record for altitudes attained by women fliers. The level she reached is over a thousand higher than the best record made by Ruth Law, who heretofore has held the record for altitude.

BEATTY AND HAIG WERE DECORATED

London, June 12.—For the first time since the war Vice Admiral Sir David Beatty, commander of the Grand Fleet, today appeared publicly in London. With Field Marshal Sir Douglas Haig he attended an investiture at Buckingham Palace, where King George decorated each of them with the order of merit. They were presented with the freedom of the city of London. In their drive through the streets the naval and military chieftains were heartily acclaimed by the crowds.

BIG RUN OF MACKEREL

Sydney, June 12.—Great schools of mackerel are reported skirting the southern shore of Cape Breton. Fishermen at Pauline, Louisburg and other ports are reaping a harvest. One boat took twelve thousand fish Tuesday. The salmon fishery to date is a failure, the catch not being one-tenth of that taken in former seasons to the middle of June.

SITUATION IS CRITICAL

Toronto, June 13.—"A critical situation has again developed between the packing house managements and the local union of butcher workers through the failure of the packers to accept the findings of the recent board of conciliation, which were unanimous." So stated E. N. Compton, fair wage officer of the Dominion government, today, after a day's efforts to straighten out the difficulties.

BANK THIEVES SENTENCED

Montreal, June 13.—Fifteen years in the penitentiary was the total of the terms allotted to the three Italians arrested by Chief Lepage and his men on May 16th last, as they were, it was suspected, about to shoot up the branch of the Home Bank at Hochelaga and get away with the cash.

DR. ALWARD PASSES AWAY

St. John, June 13.—Dr. Silas Alward, K. C., one of the prominent lawyers of Canada, died at his home here late yesterday, aged 79. He had been active in politics and sat for two terms in the New Brunswick Legislature. He was dean of the St. John Law School. On the lecture platform he was of outstanding excellence.
