QUICK AND SIMPLE.

A visitor was looking through a country fire station in England. He was duly impressed with the equipment, especially with the fire engine, which resembled somewhat a street potato-roasting oven attached to a village pump. One thing puzzled him and turning to the chief he said:

"Why, you don't seem to have any telephone in the place. How do you summon your men when a fire breaks out?"

The chief was equal to the occasion. "Oh, that's h'easy h'enough. We sends 'em h'all a postcard."

A LOW DOWN BRUTE.

Following is an extract from a letter written by Kaiser Wilhelm to Emperor Charles of Austria at the outbreak of the war:

"My soul is torn asunder, but everything must be put to fire and blood. The throats of men and women, children and the aged, must be cut and not a tree nor a house left standing. With such methods of terror, which alone can strike so degenerate a people as the French, the war will finish before two months, while if I use humanitarian methods it may prolong for years. Despite all my repugnance, I have had to choose the first system."

MOVING PICTURES TO ADVERTISE ST. JOHN VALLEY

REPORT OF R. H. SIMONDS TO BOARD OF TRADE

Need of Employment Agency for Returned Men Pointed Out—New Publicity Policy Wanted.

The following report was presented by Mr. R. H. Simonds Publicity Commissioner of the Fredericton Board of Trade at the annual meeting of that Board last night:

Gentlemen:—
Your commissioner begs leave to report, as follows:

No advertising has been carried on since the decision of the Committee in June 1915 not to incur the expense of advertising for the present. This policy has been continued to the present time.

In July 1916 the Committee decided to discontinue forwarding a supply of the Industrial booklet issued in 1913, to the London office of the New Brunswick Government. About 2000 copies of this booklet are on hand.

This office continues to be found a very convenient meeting place for numerous associations of the city. In the year 1917, 67 meetings were held, in 1918, 87. The great majority in both years not being connected with the Board of Trade. Among the different bodies making use of this office during 1918, are Retail Druggists, Retail Merchants' Association, Relief Committee, and Ladies' Auxiliary of the Canadian Patriotic Fund, Women's Institute, Victoria S. S. Co., I. O. D. E., Dorcas Society, V. A. D., Army Y. M. C. A., Golf Club, Girls' Club, Navy League, Chautauqua Club, Victory Loan Committee, Agricultural Society No. 34.

To Decide Policy

Under the changed conditions produced by the termination of the war the incoming Publicity Committee will be called upon to decide the policy to be followed during the current year, and possibly for a more extended period.

Motion Pictures

It is understood that after the completion of the Valley Railway, motion pictures will be taken from the train, under the auspices of the Dominion Government, for the purpose of advertising the St. John Valley from a farming and scenic point of view. These pictures to be shown, along with views of other parts of Canada, in a general advertising scheme now under the consideration of the Federal Government.

Employment Agency

Information regarding employment is now beginning to be sought at this office by returned discharged soldiers, and others. It would appear that the proposed scheme of employment offices to cover the whole Dominion, should have been already established in this Province. In this respect, the Province of Ontario is taking the lead.

In addition to enquiries regarding employment, information on many subjects has been asked for at this office not only during the past year, but during the whole period the present commissioner has held the position. These enquiries are made, both personally, and by letter.

R. H. SIMONDS,
Publicity Commissioner.

Coming Campaign

"First to Serve—
Last to Appeal"

The Record of The Salvation Army In Peace and War

Fifty-three years ago a man so loved the world and his fellow-man that he consecrated his life to the relief of distress and the service of the Master.

The world scoffed at his Salvation Army toiling to raise outcasts from the gutter, but General Booth lived to see scorn turn to reverence, and when he died, kings sent their representatives to his funeral.

His greatest memorial is the Salvation Army laboring in 63 countries, speaking 40 languages, serving behind the trenches since the twelfth day of the war, with Huts, Hostels, Rest Rooms, in addition to the work among soldiers' families here at home.

And now comes the crisis. With the homecoming of 300,000 soldiers, and all the many problems that involves, the additional strain on the Salvation Army will be enormous. But the Salvation Army faces the mighty task ahead, confident that the necessary funds will be forthcoming.

The work the Salvation Army will be called upon to do is a vital factor in Reconstruction. Notwithstanding all the work the Government has undertaken, including the granting of pensions, there is still need for the organized effort and the uplifting influence of the Salvation Army, and, with confidence, business men's committees ask your earnest support of the

Human Evidences of the Work

Here a returning soldier sees his baby for the first time. In the Salvation Army Maternity Home the mother received the best of care and medical attention. The Salvation Army Lassies found her struggling along without help. Two lives in all probability saved.

Picture a discharged soldier, out of a job. He is unable to provide maternity attendance for his wife. Imagine his relief when he finds the door of the Salvation Army Maternity Home is open to her.

Multiply these cases by hundreds and thousands and you will not be wide of the mark. Then consider the case of other mothers—

Who would deny the right of even the "love child" to enter the world surrounded by the loving care of the Salvation Army workers, nurses and doctors in the Maternity Home?

The Salvation Army is one of the organizations whose objectives extend beyond material comfort. Everything it does is ultimately directed to the extension of the Kingdom of Christ.

It approaches very practical problems in a very practical way, and achieves RESULTS. If you approve of its aims—spiritual as well as material—you will gladly give your help to raise the fund, without which much suffering must remain unrelieved—suffering among those particularly who offered their lives a living sacrifice to our comfort and protection.

Among the Soldiers' Families

A soldier at the front received a letter from the Salvation Army to say that his wife was getting along nicely after a severe illness in which she had been found alone in the house. The letter did not tell how the Salvation Army Lassies turned to, scrubbed floors, set the house in order, and nursed the woman back to health.

The wife of another soldier was utterly unable to keep her home together and look after the six children. The Salvation Army workers found her, too proud to ask for help, but not too proud to accept guidance and assistance with the children when lovingly offered.

Many soldiers will find it hard to settle into civilian life. Distress among soldiers' families is inevitable, but while the home can be kept intact there is a solid foundation for the Salvation Army to build upon. The soldier will be helped to find a job. The children will be clothed so that they can go to school. Food will be forthcoming. And there will be that Cleanliness which is next to Godliness, the spirit which actuates the work.

N. B. WINNERS OF CARNEGIE BRONZE MEDALS

Pittsburg, Pa., Jan. 22.—Thirty-one acts of heroism were recognized by the Carnegie Hero Fund Commission at its fifteenth annual meeting held here today.

In seven cases silver medals were awarded; in twenty-four cases bronze medals. Fifteen of the heroes lost their lives and to the dependents of ten of these pensions aggregating \$7,320 a year were granted. To the dependents of four of the others who lost their lives the sum of \$1,250 was granted to be applied as the commission may sanction.

Among the bronze medals awarded were the following:

Ada W. Ford, Sackville, N. B., who helped to save Marie DesBarres from drowning at Cape Tormentine, N. B., August 5, 1918.

J. Edgar March, Newcastle, N. B., who saved Marie DesBarres and Ada W. Ford from drowning at Cape Tormentine, N. B., August 5, 1918.
