PRESIDENT TO RETURN HOME SOON

Paris, April 15.—President Wilson intends to sail for the United States on April 27th or 28th, after being present at the opening of the meeting of the labor congress at Versailles.

The Echo de Paris says today that after his departure Col. E. M. House will act for him.

EX-GOVERNOR OF QUEBEC DEAD

Montreal, April 15.—Sir Auguste R. Angers, K. C., former Governor of the province, died at his home in Westmount last night. He was 81 years of age.

The deceased was prominent in public life for a number of years and was a member of the Tupper cabinet, formed in 1896, which was defeated at the polls in that year. It was Governor Angers who dismissed the Mercier Government in 1892.

The former Crown Prince Frederick William of Germany fell off a bicycle and sprained his wrist. Since he got out of the war nobody sees to it that he doesn't get hurt.

NAVIGABLE WATERS PROTECTION ACT.

R. S. C., CHAPTER 115.

The N. B. Provincial Department of Public Works hereby gives notice that it has, under section 7 of the said Act, deposited with the Minister of Public Works at Ottawa and in the District Registrar of the Land Registry District of Sunbury County, New Brunswick, at Oromocto, Sunbury County, N. B., a description of the site and the plans for the proposed new

HARRIS BRIDGE,

Over Oromocto River, Parishes of Lincoln and Burton, Sunbury County, N. B.

And take notice that after the expiration of one month from the date of the first publication of this notice, the New Brunswick Provincial Department of Public Works will, under section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa, for approval of the said site and plans, and for leave to construct the said bridge.

Dated at Fredericton, N. B., this 14th day of April, 1919.

P. J. VENIOT,
Minister of Public Works,
Province of New Brunswick.

Post Office Inspector,
Post Office Inspector's Office,
St. John, N. B., April 1, 1919.

SPRING IMPURITIES CLOG THE BLOOD

A Tonic Medicine is a Necessity at This Season.

Dr. Williams' Pink Pills for Pale People are an all-year-round tonic, blood-builder and nerve restorer. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other season of the year when the blood is so much in need of purifying and enriching, and every dose of these pills helps to make new, red blood. In the spring one feels weak and tired—Dr. Williams' Pink Pills give new strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disfiguring pimples, eruptions and boils—Dr. Williams' Pink Pills speedily clear the skin because they go to the root of the trouble in the blood. In the spring anaemia, rheumatism, neuralgia, erysipelas and many other troubles are most persistent because of poor, weak blood, and it is at this time, when all nature takes on new life, that the blood most seriously needs attention. Dr. Williams' Pink Pills actually renew and enrich the blood and this new blood reaches every organ and every nerve in the body, bringing new health and new strength to weak, easily tired men, women and children. Here is a bit of proof: Miss Anna Patterson, R. F. D. No. 1, Thorold, Ont., says:—"My trouble was one of general weakness which thinned my blood and gave me at times unbearable headaches, loss of appetite and also loss in weight. I tried several medicines but without success. Then I heard of Dr. Williams' Pink Pills and decided to give them a fair trial. The result is that I feel like a new person. My appetite improved. I gained in weight, my blood is thoroughly purified, and my face cleared of some unsightly pimples which had troubled me. If one good turn deserves another then I have much pleasure in recommending Dr. Williams' Pink Pills."

If you need a medicine this spring try Dr. Williams' Pink Pills—they will not disappoint you. These pills are sold by all medicine dealers, or you can get them by mail at 50c a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

SCHOONER WAS ABANDONED

New York, April 15.—Five shipwrecked sailors and the skipper of the abandoned three-masted schooner Nettie Shipman, Capt. Ieryn Bradford, of Eastport, Maine, arrived here today aboard the steamship William B. Palmer after harrowing experiences at sea which included a losing fight with a tropical storm, four days in an open lifeboat and twenty-two days existence on an island. During this period they lived on sugar cane and fruit.

[The Nettie Shipman is well known in Fredericton, having frequently brought her cargo to this port.]

LONDON MUCH INTERESTED IN OCEAN FLIGHT

London, April 15.—With the knowledge that Harry G. Hawker has been waiting for favorable weather for the last two days to start on his transatlantic flight, interest in the event has jumped to fever heat in London.

People talk of little except the chances of the flight, and bets are freely made. Odds are against success of the flight, and there are plenty of takers.

Odds of five to one have been laid against Hawker's chances and of 8 to 1 against Barnhall, whose smaller Martinside to Hollsworth race is getting ready to start from St. Johns.

STYLE THAT WAS DANGEROUS

(New York Sun)

The Woman felt sure that she was the very last person who could find standing room on the back platform of the jammed Broadway car. But two doughboys and an alert young creature in a tight skirt managed to push in before the door closed. They stood just in front of her, the two youths behind the girl. She was wearing a new hat, small and very smart as to line, and ornamented with a mammoth quill, so decorated that its original owner would never have known his property. The hat was becoming and the wearer knew it. But the khaki clad ones were less interested in the becomingness of said hat than in the dangerous possibilities

HUMORS OF THE HOUR OVER DAYLIGHT PLAN

(Boston Transcript.)

All the amusement in connection with the change in time from the winter to the summer schedule arose in Canada, where the Dominion Parliament had expressly refused to renew the change for this year 1919. In the absence of any nation-wide and expressly official sanction of the change the most vexing complications have been coming to pass in the Dominion during the past week or two.

If citizens in general have thought themselves free to change their timepieces in keeping with local ordinances to that effect, officials of the government have felt by no means so sure of their rights in the face of the adverse vote passed by Parliament.

As a result and for one special example, nearly all the employees of the custom house in Montreal came to work by summer time last Monday morning, only to find that the authorities had not seen fit to change the office clocks and that they had an hour in which to cool their heels on the sidewalk. Nor has the situation been without other embarrassments. In Ottawa the city authorities have proclaimed summer time, and the merchants and the public in general desire it, but with the government clerks still working on the old schedule the civil service trade, which is a large part of all Ottawa's business, gets no chance to go shopping in the late afternoon.

In Montreal the schools were for a while in confusion. Most of the pupils came on Monday by summer time and found the doors still closed. The school boards had apparently decided not to make the change. But the protest of parents was so loud that in the very midst of the afternoon sessions, the clocks were put forward an hour. It begins to be very evident that the Canadian Parliament would do well to reconsider the action it took last week. Forcing the railroads to rescind their order, directing the use of summer time, would be small gain. It would only result in making passengers from the States, arriving at connecting points on the border, wait on the platform an hour before the Canadian trains left, while passengers from the Dominion would lose their American train altogether and perhaps have to wait for twenty-three hours.

of that quill. "You'll be lucky if you get out with one eye," said the short chunky one. Giggles from the spectators. For at every turn of the girl's head the boys ducked dexterously to avoid being speared. "Hish I had my bayonet. Somebody would yell 'Kamerad!' pretty quick." More giggles, while the girl remained serenely unconscious of the reason for so much mirth. At last a large exodus from the front of the car made it possible for her to move inside. Pretending to wipe

ALMOST BLIND FROM HEADACHES

It is hard to struggle along with a head that aches and pains all the time. Headache seems habitual with many people; indeed, some are seldom, if ever, free from it, suffering continually, and wondering why they can get no relief.

In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels.

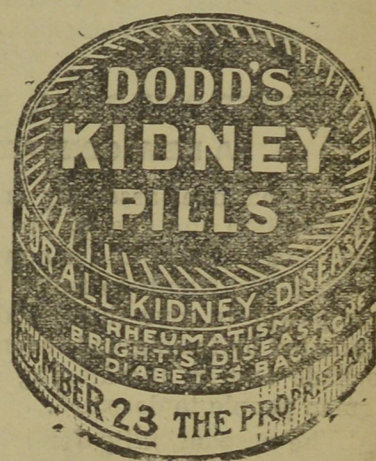

The reason Burdock Blood Bitters makes permanent cures of all cases of headache, is because it starts the organs of elimination acting freely, and the poisons and impurities are carried off from the system, purified blood circulates in the brain cells, and instead of pains and aches there is revived mentality and bodily vigor.

Mrs. Geo. Monck, Arden, Ont. writes: "I have been troubled a great deal with sick headaches, and at times would almost go blind, and have to go to bed. I tried different kinds of medicine without any benefit until I was advised to use Burdock Blood Bitters. After taking it, I have not been troubled since."

a yellow wrapper; three pine trees the trade mark; price 25c. and 50c. Manufactured by J. C. Ayer & Co., Lowell, Mass. B. B. B. is a purely vegetable remedy, and has been manufactured for the last forty years by The T. Milburn Limited, Toronto, Ont.

TRANSATLANTIC FLIGHT HAD TO BE POSTPONED

St. Johns, Nfld., April 15.—Weather conditions continue unfavorable for flying, and it is unlikely that a start will be made today by any of the aviators in the transatlantic flight from Newfoundland. Rain fell throughout the night.

GAMBLER WAS SHOT

St. Louis, April 15.—Henry "Kid" Becker, known as the "King of St. Louis Gamblers," who was shot by highwaymen last night, died at a hospital early today as a result of his wounds. Becker was 36 years old and from boyhood followed the races. It is said he had won and lost several fortunes and that he left a large estate.

his perspiring brow, the second doughboy remarked as finale, "And we thought we were in danger at Chatto Terry."

Good House-keepers

have always chosen Grape-Nuts for its appetizing food values.
