PASSENGERS ON STEAMER CANADA
COMPLAIN OF CONDITIONS ON BOARD

Montreal, June 23—Vigorous condemnation of the British
Ministry of Shipping was voiced when the steerage passengers
of the White Star Liner Canada reached Montreal. The passen-
gers complain that between seventeen hundred and nineteen
hundred men, women and children, repatriated munition work-
ers bound for Canada and United States points, were forced in
to the steerage of the steamer, which only had accommodation
for fifteen hundred.

When the passengers boarded the ship at Liverpool they
formed a committee which waited on Captain Devlin and refused
to sail unless changes were made. The Captain did the best he
could and appeased the passengers by pointing out that the
ship owners were at the mercy of the British Shipping Mini-
stry. The Pirate passengers on the trip over drew up a resolu-
tion and adopted it roundly condemning the Ministry for its
"callousness in forcing the white star line to carry women and
children in open berths, causing them utterly unnecessary dis-
comfort."

To add to the troubles of the American bound passengers
when they got to Quebec yesterday it was found that the ship
had no manifest, and delay was necessary so that the travellers
in the steerage could be counted up. The passengers bound for
United States number six hundred and they are being detained
in the Immigration Sheds Quebec until arrangements can be
made for forwarding them to their destination. It was expected
that they would get away tonight.

WHEN THE
RAILWAYMAN
DID NOT KNOW

Railroad operating men know nothing
about troop train movements that
they can communicate to the public.
The fact is troop trains are not called
troop trains in railway parlance. They
are designated in one way or another
that doesn't disclose just what any par-
ticular train may carry. The govern-
ment has asked for close mouths and
the operating department men have
had a long schooling in the matter of
keeping silence. They know how.

The chief despatcher had half a doz-
en troop trains moving over his lines
and he was about as busy with his
work as a newly married man trying
to figure out where he is going to land
financially. The phone rang—brr-brr-
brr-brr—

"Hello!"
"Is this the despatcher?"
"It is."
"What time will the troop trains ar-
rive?"
"I don't know."
"But don't your road handle them?"
"I don't know."
"Isn't it your business to know?"
"I don't know."
"If you knew, would you tell me?"
"I don't know."
"Do you know anything?"
"I don't know."
"You are certain of that?"
"I don't know."

ALARMING SYMPTOMS.

"I'm afraid, doctor, I made a mis-
take in one of your prescriptions the
other day," said the druggist.
"Great heavens! What makes you
think so?"
"Why, I understand the fellow is get-
ting better."

REMARKABLE HORSE.

Watts—I saw a most remarkable ex-
hibition of animal intelligence today.
Potts—What was it?
Watts—A bride and bridegroom en-
tered a coach on our street and one
of the horses threw a shoe.

MEANT HIMSELF.

A well known Englishman was call-
ing on an editor, when he rose abrupt-
ly and said: "But I must not further
occupy the time of a busy man."
"Not at all," exclaimed the editor,
"I am always pleased."
"Oh, I was referring to myself," was
the placid rejoinder.

To Study Forest Growth.

Dr. C. D. Howe, of the Forestry
School of the University of Toronto,
arrived here on Saturday and has left
for Boiestown, from which point he
will go into the woods joining a sur-
vey party, which is working some forty
miles north. Dr. Howe will stay with
the party for about ten days for the
purpose of studying annual forest
growth. He was in New Brunswick
last year for the same purpose.

Who knows but that the true cause
of the war may have been mechanical
pianos?

What the very young man doesn't
know he thinks he knows, and it an-
swers the same purpose.

By judicious application of self-de-
termination in the household a num-
ber of men succeed in getting away for
a Sunday's fishing.

The man who wrote the signs "Drive
Carefully" got more out of his school-
ing than the one who wrote "Drive
slowly."

A SICKLY WIFE
NO FIT MATE
FOR ANY MAN

GIRLS AND WOMEN SHOULD
LOOK WELL TO THEIR
HEALTH AND
STRENGTH.

Never before was physical health
and vigor so highly esteemed and so
eagerly sought for as today.

No man finds happiness in a sickly
wife, and the woman who wishes to
enjoy the pleasures of life should
spare no effort to maintain perfect
health.

Is your daughter growing up strong
and sturdy? Has she strength to drink
in greedily all the pleasures that
youth so zealously seeks—or is she
compelled to use the street car instead
of enjoying the delightful exercise of
walking—does she after the ball arise
refreshed and vigorous, or is she ex-
hausted, indifferent, and perhaps ir-
ritable?

When strength and vigor can be so
easily maintained by Ferrozone, when
the glow of health is so quickly
brought to the cheeks and elasticity
to the step, it is plainly a mother's
duty to see that Ferrozone is on hand
to assist her daughter back to health.

Upon the wake of Ferrozone quickly
follows a stream of rich, nourishing
blood which imparts that power and
surplus energy so earnestly desired by
those in ill-health.

Stop and think what this means for
your daughter—certainly a great deal,
and it can be accomplished by Ferro-
zone.

Every growing girl and young woman
derives enormous benefit in many
ways from this nutritive, vitalizing
tonic.

It is specially suited for young women
and is a guarantee of health and
regularity as long as it is used.

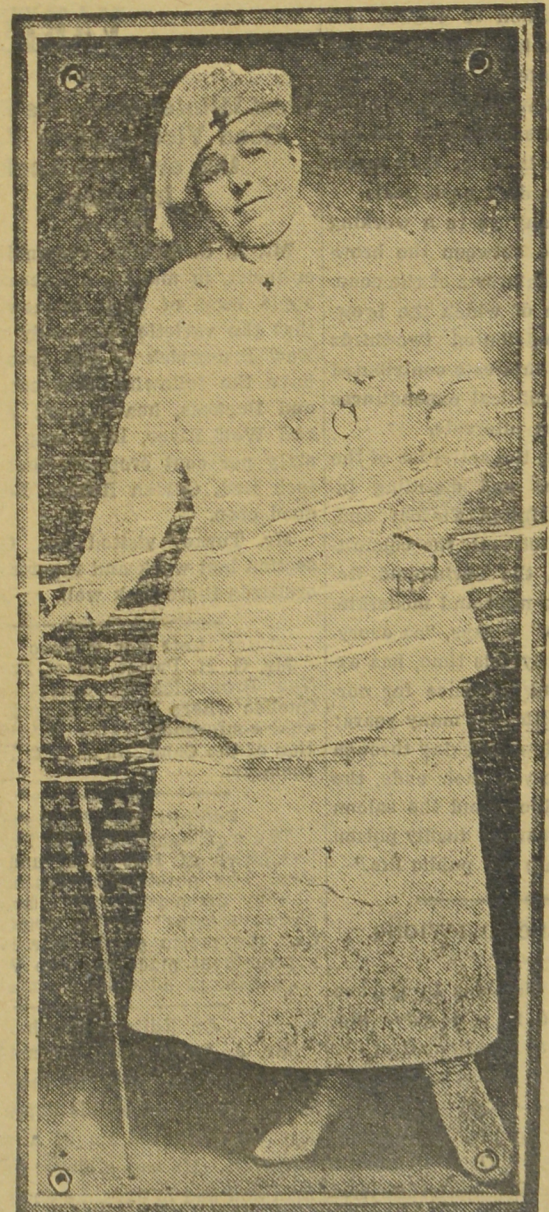

Ferrozone is free from alcohol and
perfectly safe to use. Prepared in the
form of a chocolate-coated tablet and
sold in 50c. boxes or six to \$2.50, at
all dealers, or direct from The Catar-
rhozone Co., Kingston, Ont.

DEMAND FOR A
LOWER TARIFF

Continued from Page Two.

The necessity of a complete and sci-
entific investigation and revision of
the tariff before the next session of
parliament, and the Minister of Finance
has promised that such will be
held. In the meantime, the Gov-
ernment will have troubles of its own
in hanging together. Crerar has gone
out, and it would not be surprising to
see Cervell follow him any day. He is
now trying to make up his mind on
the matter, and there are others.

Reorganization of some kind con-
fronts the Premier. There are plenty
of Ministers in the Cabinet to cover
all the portfolios without adding to it.
Foster, Doherty and Burrell have been
mere figureheads for a long time past,
and their disappearance would not
create a ripple. If Crerar's place is
filled at all, it will likely be or at least
ought to be, by Tolmie, or British Col-
umbia, though it is said Henders, of
the Grain Growers, has an eye on it as
a reward for supporting the Govern-
ment on the budget. Some sort of
a shuffle and new deal is inevitable.

Author of "Confessions of an Everyday Wife," now running
as a serial in The Daily Mail.
