Roumanian Activities Will Be Suppressed

Supreme Council of the Peace Conference Has Informed Bucharest That Roumania Must Wait for Repartition Like Other Allied Countries—Final Settlement for Agricultural Material and Cattle Cannot Occur Just Yet.

Paris, Aug. 16.—Roumania will not be permitted to strip Hungary, according to the draft of the Supreme Council's reply to the last note from Bucharest, which was completed at today's meeting of the Council. The Bucharest government is informed that the fixing of the amount of reparation to be made by Hungary, as well as its distribution, is a matter under control of the Allied and Associated powers, and that until a final decision is reached all war, railway and agricultural material now in Hungary and subject to distribution, will be under the common administration of the Allied powers. The text of the reply follows:

SATISFIED THAT ROUMANIA INTENDS TO CONFORM TO THE DECISIONS OF THE PEACE CONFERENCE

"The Peace Conference, without reverting to a certain number of points which call for correction on its part, notes with satisfaction the Roumanian declaration that it intends to work in agreement with the policy which the Conference adopts in Hungary. It interprets this declaration as an indication that Roumania, as a state participating in the Peace Conference, intends to conform to the decisions of the Conference communicated through the military mission delegated to Budapest by the Supreme Council.

"Directions sent three times by the conference to the mission of Allied generals and communicated to Bucharest, have defined explicitly and in detail the present policies of the Allied powers toward Hungary, the disarmament of Hungarian troops, the maintenance of order with the smallest possible number of foreign troops, the revictualing of Hungary and the abstention from all interference in the internal politics of Hungary, preserving for that country a free expression of the national will.

THE RIGHT OF ALLIED AND ASSOCIATED POWERS ALONE TO FIX THE REPARATION TO BE MADE

"The Supreme Council insists on the fact that final recovery of war, railway or agricultural material, or of cattle, etc., cannot occur at present. According to the principles of the Peace Conference, accepted by all the Allies and applied in particular in the treaty of peace with Germany, it is the right of the assembly of the Allied and associated powers alone to fix the reparation to be made by Hungary and determine upon its distribution. Neither the Roumanian army nor the Roumanian government has the right itself to fix Roumania's share, assets of all kinds belonging to Hungary being a pledge held by the Allied powers in common."

WERE MERELY GETTING BACK THEIR OWN.

Delivery of the Roumanian note, in which the Bucharest government claimed that the Roumanians in confiscating property in Hungary were "merely getting back their own property" and insisted that the armistice of November, 1918, "no longer exists," was delayed, according to a statement made by the Roumanian delegation today because of its great length and the difficulty experienced in deciding it. The Roumanian delegates declared that they wished it to be understood that no amendments to the note were added following its arrival here.

SATISFACTION IS GIVEN TO ROUMANIA

Paris, Aug. 15.—Full satisfaction is given Rumania in regard to the exercise of authority at Budapest in the reply made by the supreme council to the Rumania note according to the Temps.

An agreement concerning the disposition of all the material taken in Hungary by the Rumanians, according to the newspaper will be reached by the Rumanian government and the allies.

HUGH G. WALTON DIED AT MONCTON OF HIS INJURIES

Skull was Fractured When He was Struck by Runaway Horse on Moncton Speedway.

Moncton, N. B., Aug. 15.—Hugh G. Watson, lumberman, of St. John, died this afternoon at the Moncton hospital from injuries received at the Moncton speedway on Thursday afternoon when Jerry McArthur's horse, Harry Mac, ran wild after a wheel of the sulky broke, near the homestretch turn, in an exciting race. It was not at first believed that Mr. Watson was seriously injured. He was knocked down by the horse and received what were apparently only cuts about the head and his injuries were attended to by a local physician. Later his condition took a serious turn, and he was conveyed to the hospital where he underwent an operation last night. It was found that his skull was fractured and there were then grave doubts of his recovery. He sank gradually during the night and today, death occurring about 4.30 o'clock.

Mrs. Watson, who has been spending the summer at their new bungalow, Turtle Creek, was summoned and was at the bedside of her husband throughout the day. Mr. Watson usually came from St. John each weekend to be with his family. He is well and favorably known among the lumbermen of this province. He arrived in Moncton only a few days ago on a business trip and stopped over to attend the horse races.

McArthur's horse, after the wheel of the sulky broke, chased the field the entire distance around to the stables cleared the fence and was brought up at the barns. Driver D. W. Wilbur was thrown to the track, but miraculously escaped injury. The horse also escaped unhurt, and did not even take a board off the fence in making his leap from the track. Another man who was near Mr. Watson was knocked down by the animal's wild plunge, but he escaped without serious injury.

Besides his wife, Mr. Watson, who was forty-four years of age, is survived by three brothers, Alexander of St. John; Richard of Los Angeles, Cal., and James of Ottawa. He had a host of friends.

The funeral is to take place from the home of his brother in St. John.
