MORE KILLED AND INJURED IN RIOTS AT LONDONDERRY, IRELAND, FIRING RESUMED THIS MORNING

THE NIGHT, HOWEVER, PASSED OFF QUIETLY

The Streets Were Patrolled by Military Forces—Auto Carrying High Official of Royal Constabulary Fired on Today While en Route to Dublin Castle.

London, June 22.—Firing was resumed in this city today after a quiet night. Several persons were killed in the rioting here yesterday and scores were more or less seriously injured. Military forces patrolled the streets during the night. There were no deliveries of milk or bread this morning.

Dublin, June 22.—An automobile carrying the assistant director general of the Royal Irish Constabulary and four constables was attacked with revolver fire and bombs when en route from the Amlens Street Station to Dublin castle today. Assistant director General Roberts was seriously wounded in the head by a revolver bullet but is expected to live. The driver of the car was shot in both legs.

NEGRO LYNCHED IN GEORGIA

Savannah, Ga., June 22.—Phillip Gaithers, a negro, was lynched near Rincon, Ga., yesterday, after he had confessed to the murder of Miss Anza Jaudon, seventeen years of age, last week. Gaithers was arrested today near Stilson, Ga., on information by another negro.

The home guard of Savannah was ordered to Rincon to prevent the lynching, but arrived too late. Gaithers first was chained to a tree and oil poured on his clothing but when an effort was made to apply a torch the negro broke the chain. Some one in the crowd of several hundred gathered to witness the lynching fired and this proved the signal for a fusillade.

When the negro fell dead scores of men rushed forward to get parts of his body or clothing as souvenirs.

THREE SHOT DURING RIOT

Waterbury, Conn., June 22.—Three men were shot during a riot near the Scovill Manufacturing Company plant in Bridge Street, this noon. The wounded are Lieutenant Richard Leroy, of the Police Department, John G. Bergin of the company's protective force and a striker, evidently an Italian, name unknown. The trouble began with a gathering of strikers during the noon hour. The crowd was noisy and policemen were sent from headquarters to disperse it. There was a clash during which considerable shooting occurred. The city guards were marched out and took with them a machine gun. The crowd was then broken up.

POLICE CHIEF IN PRISON

Indianapolis, Ind., June 22.—Edgar Schmitt, Chief of the Evansville Police Department, was sentenced to two years in the Federal prison at Atlanta and fined \$2,000 by Judge Anderson in the United States District Court today. Schmitt and sixty-four others either pleaded guilty or were found guilty by a jury on a charge of conspiracy to violate the Reed amendment at Evansville.

The defendants, it was alleged, carried liquor from Henderson, Ky., to Evansville under complete protection of the Evansville Police Department.

EARTHQUAKE DID MUCH DAMAGE LAST NIGHT IN SOUTHERN CAL.

LOS ANGELES, Cal., June 22.—A survey today of the damage done by an earthquake last night indicated that Inglewood, ten miles southwest of here, suffered much more severely than was first reported. The town was deprived of light and gas and scores of dwellings were seriously damaged.

Many plate glass windows in Los Angeles were shattered by the shock, several buildings were otherwise injured and persons were struck by bricks from chimneys. San Pedro, Long Beach, Santa Monica and Venice also report damage.

THE FRANCHISE BILL AGAIN WAS CONSIDERED YESTERDAY IN THE HOUSE OF COMMONS

Liberals Strongly Oppose Some Features of the Bill—Charge That the Government is Seeking to Provide Machinery for Winning Elections—The Voters' Lists Will be Controlled by Partizan Officials.

Ottawa, June 22.—Clause 32 of the Franchise Bill, respecting the use of provincial lists as the basis for Federal lists, occupied most of the time of the Commons today, and was the subject of many amendments before it finally carried on division. Following the adoption of the clause almost as many changes were made in the schedule before it passed.

Liberal members charged the government with seeking to provide machinery whereby it could win an election by having an army of partisan officials. D. D. Mackenzie (North Cape Breton), declared the proposed act was, if possible, worse than the war time elections act. The time given in every instance was too short. People might not see the lists until after the voting. Partisan officials would control the making of the lists and the only consolidation Mr. Mackenzie could see was that the people would vote against the government anyway in the next election.

J. H. Sinclair (Antigonish and Guysboro) declared it was the third blot on the history of the Conservative party in regard to partisan elections. The first had been the revising barristers' legislation, then the great "gerrymander," and now the government proposed to have fifty or sixty partisans in every district instead of one. He said he wanted to warn the government against building a stone wall against which it would rap its head afterwards.

The clause was amended to provide that in Ontario, where no provincial lists existed, but where a list is in course of preparation, and has been revised by a county judge, it shall be accepted as the basis of a Federal list.

The clause respecting advance polls was amended to provide that only railwaymen, sailors and commercial travellers may vote in the advanced polls.

Another amendment gave the chief returning officer power to dispense with some of the machinery in taking a vote, under the Canada Temperance Act. Much of the machinery provided for a Federal election was necessary for a temperance referendum, Hon. Hugh Guthrie explained to the House.

Other amendments provided that provincial lists not more than two years old instead of one year, might be used as the basis of Federal lists, and for the appointment of one returning officer for every 4,000 of population in an urban centre.

IF YOU WANT PROHIBITION REGISTER NOW

The plebiscite on July 10 will settle the fate of prohibition in the province. Every adult citizen, male and female, has voice in the matter. Those whose names are not already on the voters' lists may secure the right to vote by presenting an affidavit of their qualifications to the chairman of the board of revisors before the end of this week. A decisive vote for prohibition will strengthen the hands of those who seek to enforce the present law and will make it possible to secure amendments which will make prohibition prohibitive.

NO EXTENSION FOR TURKS

Boulogne, June 22.—Turkey will not be given an extension of time to consider the peace treaty, according to a communique given out by the delegates after their return from the conference at 8.30 o'clock tonight. The communique says:

"The Turkish question has been considered and it has been decided to maintain the date of June 26, for Turkey to submit her reply to the peace conditions."

Marshal Foch and Field Marshal Sir Henry Wilson obtained approval of the text of the allied notification to the German government regarding disarmament, the destruction of war material and the reduction with the least delay of troops, as prescribed by the treaty of Versailles, the clauses concerning which have not been executed or which have been incompletely fulfilled thus far.

Water-Mains on Carleton Street. Pipe for the laying of new water-mains on Carleton street between Queen and Brunswick streets is now on the ground. Work will begin in a few weeks. On Church street the work of relaying the mains is proceeding satisfactorily.

J. H. McLaughlin, of Montreal, is in the city.

M'ADOO OUT OF RACE FOR NOMINATION

New York, June 22.—William G. McAdoo has withdrawn from the race for the Democratic nomination for President. In a telegram sent yesterday to Jonett Shouse, Assistant Secretary of the Treasury, the President's son-in-law announced that he could not permit his name to go before the National Convention in San Francisco.

Stating as his reason for this unexpected move that he must have reasonable opportunity to rehabilitate his fortune and affairs and provide adequately for his family, the former Secretary of the Treasury declared that his decision was irrevocable, adding that "the path of duty seems to me clear and unmistakable." The eighteen months which have passed since he left office have not given him sufficient opportunity to mend his personal affairs. He could not assume the expense a Presidential campaign would impose, he said.

ROBBER TOOK WOMEN'S CLOTHES

New York, June 22.—Charles Brackett Barkley, lawyer, is morally certain that the person who robbed his apartment in the Savoy Hotel Saturday or Sunday was a woman. Mr. Barkley found what he considers unmistakable evidence that the intruder was a female when he and Mrs. Barkley returned to their suite Monday evening and saw that the thief had removed only clothing belonging to Mrs. Barkley and valued at more than \$1,000.

Mr. Barkley maintains a summer home at Briarcliff and was in his apartment at the hotel late Friday afternoon. Everything was then as he and Mrs. Barkley left it two weeks before, when they went to their summer home. When the lawyer and his wife returned Monday they found everything topsy turvy. Drawers were pulled out and floors of the rooms strewn with clothing. The lawyer found that his raiment had not been touched.

LUMBER PRICES IN EASTERN STATES HAVE TAKEN A BOOST—WESTERN SLUMP HAS NO EFFECT

MARYSVILLE NEWS AND NOTES OF INTEREST

Stewart & Mitchell Have Contract for Repairing Devon Methodist Church—Fishing Parties.

Marysville, June 22.—Mr. Higgs of Nappan, N. S. arrived here Saturday to visit his daughter Mrs. Harrison W. Eno. He left for his home this morning accompanied by Mrs. Higgs who has been visiting here for some time.

Mr. James Hoyle of Lawrence, Mass formerly of Marysville is visiting old friends in this place. He recently returned from extensive fishing trip.

Col. W. H. Gray and Rev. Mr. Pinkerton left this morning on a fishing trip.

Messrs Stewart & Mitchell have been awarded the contract to repair the Methodist Church at Devon.

There will be some degree work put on at the regular weekly meeting of Marysville Lodge No. 18 Knights of Pythias next Friday evening.

The gardens in and around Marysville are coming along nicely and are all looking well.

NO REFLECTION ON REV. DR. SMITH

In a press report of the proceedings of the General Assembly of the Presbyterian Church at Ottawa Rev. Dr. Pringle is represented as saying the appointment of Dr. W. H. Smith to Westminster Theological College was rotten. In conversation with an Elder who was present at the General Assembly the Mail is informed that the Press report is misleading. Dr. Pringle made no reflection on Dr. Smith, but it was about the manner of his appointment by the B. C. Presbyteries. Dr. Pringle contended that Westminster College was supported by the Church and therefore every Presbytery in Canada should have a say in the appointment of the Professor of the college, the same as at Pine Hill College, Halifax.

TOBACCO MEN WILL FIGHT

Atlantic City, June 22.—Against the arguments of anti-tobacco fanatics members of the Tobacco Association of the United States in convention here today said that Marshal Foch had his pipe and the boys when they were "over there" liked their "smokes".

G. E. Webb, secretary-treasurer of the association, said the tobacco industry cannot afford to go to sleep "with such fanatics around as those who put prohibition on the statute books."

"Every member must act as a missionary to expose the falsehoods and fallacious arguments of the anti-tobacco forces," he said. "We must fight the onslaughts by these so-called uplift societies before it is too late."

DRYS QUERY CANDIDATE

Chicago, June 22.—Senator Harding and Gov. Coolidge have been requested to state their stand on prohibition according to announcement made today by Virgil C. Hinshaw, chairman of the Prohibition National Committee. A telegram, he said, was sent to each yesterday as follows:

"Do you favor increasing the percentage of alcoholic content beyond one-half of one per cent. in definition of intoxicating liquors now on Federal statute books?"

Mr. Hinshaw added that Senator Harding's secretary in reply had wired that the Senator "declines to discuss any issue until he makes his formal acceptance in July." No answer has been received from Gov. Coolidge.

ARMED GUARDSMEN ARE KEEPING ORDER IN WATERBURY CONN.

WATERBURY, Conn., June 22.—Waterbury was quiet today, following strike riots yesterday which resulted in the death of one striker, the serious injury to two police officers and minor injuries to scores of others. More than three hundred state and city guardsmen, fully armed, were stationed at points throughout the manufacturing district today, ready for instant duty in case of trouble breaking out again.

HARD WOODS ARE STILL AT TOP NOTCH

Member of Firm of Stetson & Cutler Gives His Views—

Says Scantling from the Provinces is Lower in Price—

Tight Credit a Big Factor—

Western Dealers are Overstocked With Fir.

Boston, June 22.—Although lumber companies of St. Paul and Tacoma, Wash., announced a 20 per cent. drop on prices of building materials, and advocated home building, local lumber men today quoted a jump in several woods.

Yellow pine manufacturers have announced a cut of from 16 2/3 to 100 per cent. from the peak of the market prices of February, and these prices in some instances are \$42 a thousand less than the early spring prices, now prevailing in Arkansas, Texas, Louisiana and Kansas.

At the A. T. Stearns Lumber Company Boston office today it was stated that the coarse grades of cypress jumped from \$80 to \$95 a thousand, a rise of \$15 on the thousand. Oak and other hard woods still remained at top-notch prices.

Donald F. Cutler of the lumber firm of Stetson & Cutler stated the local market was firm, showing cypress and maple growing stronger. Tight credit, he claims, is a big factor. He does not see much of a slump in eastern prices only a few items, among which is the small sizes, 2x3 and 2x7 provincial lumber.

The manager of the Downe's Lumber Company said a few dealers here buy Pacific coast stock. The gigantic accumulation of fir, the freight car shortage and other conditions left the western dealers overstocked with fir. Naturally the prices in those markets dropped. The tight money market also was one of the reasons the western lumber men are slashing prices. "It is cheaper to carry lumber on the trees than to produce lumber only to accumulate it," says Charles S. Keith, who is identified with national lumber affairs, Boston and local lumber men buy southern and Canadian lumber according to Mr. Downe. The prices have not dropped as yet, and as they do not deal in the cheaper fir and light woods of the Pacific district, any slump there would not affect the local market.

BIG PENALTY FOR PROFITEER

Pittsburg, June 22.—J. J. Gilchrist, an official of the Standard Sugar Company, was sentenced today to pay a fine of \$10,000 by Judge Thomson in the United States District Court here for profiteering in sugar.

A. P. Burgwin, Assistant United States Attorney, explained to the court that the company had bought 116,500 pounds of sugar in New York at a cost delivered in Pittsburg of 17 cents a pound.

Gilchrist, the Attorney continued, wanted to market the sugar at a high price, but other officers of the company refused to join him in the enterprise. He then bought the sugar from his associates at 18 cents a pound and sold it, according to the government, at from 27 to 30 cents a pound.

U. S. PAID FOR LOST TEETH

Washington, June 22.—Announcement has been made that among the bills passed by Congress and approved by President Wilson, is one which provides for the payment of \$35 to Michael McGarvey, a workman in the New York Navy Yard.

The \$35 is to reimburse McGarvey for a set of false teeth lost by him while at work in the yard.
