

GIANTS AFTER SHORTSTOP FROM SALT LAKE

Ernest Johnson Batted .364 in Pacific Coast League—Was Formerly With St. Louis Americans.

Salt Lake City, Utah, June 21.—The New York Nationals are negotiating for the services of Ernest Johnson, manager and shortstop of the Salt Lake Club of the Pacific Coast League. It became known here today, when Johnson announced he had received an offer to join the Giants, if satisfactory arrangements could be made with the owners of the Salt Lake team. Johnson is runner-up to the league leader in hitting with .364, fourth in the greatest number of hits, leads in base stealing, and is regarded as one of the best infielders in the Coast League. He came to Salt Lake from the St. Louis Americans last season.

LANDLORD ENCOURAGES BIRTH RATE

St. Joseph, Mo., June 21.—Walter P. Fulkerson, St. Joseph banker, is building a row of houses for rent only to families in which there are children and to newly married couples.

Newlyweds, according to Mr. Fulkerson, will be allowed to occupy the houses with the provision that if there are no children in their families at the end of one year's residence, they will be asked to vacate.

Whenever a child is born in one of his houses, Mr. Fulkerson announced, the rent for that month will be returned to the tenant.

SWALLOWS WAD BUT WINS BOUT

Woonsocket, R. I., June 21.—Patsy Bogash of Bridgeport, substituting for Battling Nelson of Brooklyn, knocked out Johnny McLaughlin in the third round here. In the second round McLaughlin knocked Bogash down and the latter almost strangled as the result of swallowing a wad of cotton in his mouth, but escaped being counted out.

RUTH HAS SET TERRIFIC PACE

If "Babe" Ruth can make 19 home runs in a little more than a month and a half, what will his harvest be in the more than three months remaining of the season? It took "Babe" from April 14 to May 1 to get started, but his pace has been terrific since he made that first home run.

PERSHING IN THE SOUTH

Lexington, Va., June 21.—The heart of the old South opened here to receive Gen. John J. Pershing at the tomb of Gen. Robert E. Lee. Gen. Pershing laid a wreath upon the recumbent statue of Lee, while aged gray-clad veterans stood at attention, beside khaki sons and grandsons.

Gen. Pershing was introduced by Dr. Henry Louis Smith, president of Washington and Lee. In a brief address, the General reminded his audience that Gen. Lee had gone down in history as one of the world's greatest generals and Christian gentlemen. He exhorted Americans to emulate Lee's character and life in war in peace.

F. R. Murray of St. John, was registered at the Queen on Sunday.

YANKEES SAY SHAMROCK FAST IN LIGHT WIND

Lipton's Challenger Shows Surprising Form—Forecasts of Experts are All Upset.

Sandy Hook, N. J., June 21.—The weather conditions Saturday proved to be unfavorable for the trial race arranged by Sir Thomas Lipton between his Cup challenger Shamrock IV and the 23-meter yacht, and the first test was postponed until tomorrow at 3 p. m.

The yachts went out for a sail-stretching spin and then returned to their anchorage.

In this formal spin the challenger outfooted and outpointed the 23-meter yacht throughout a 10-mile run from Sandy Hook to Scotland Light vessel and back. Both yachts were under lower sails only. The wind was north-east and light.

The challenger actually circled the old boat. Once when the old Shamrock was lying limp in a soft spot the challenger went through it as if she had a silent motor in her. Here was a boat everyone said would have to be fed on real wind and she was ghosting along without even her topsail set.

As the challenger did her windless act Sir Thomas remarked again that he had a good chance of winning.

INTERNATIONAL POLICE FORCE NOT PRACTICAL

London, June 22.—The official report of the interview which Premier Lloyd George had on Wednesday with delegates of the League to Abolish War shows the deputation received cold comfort. The Premier, assisted by Arthur J. Balfour, president of the Council, and Earl Curzon, Secretary for Foreign Affairs, subjected the deputation individually and collectively to a severe questioning.

Mr. Lloyd George's argument was that the great Powers, except the United States, already had too many entanglements to be able to supply forces to the league to create an international police force large enough to coerce, for instance, Russia or Poland. He admitted the ideas of Viscount Grey and President Wilson for an international force were possible ideals, but said they were impracticable at the present time. They might, he added, become more practical if the United States later decided to enter but it is idle to go into discussion with the United States now.

A controversy arose between George Nicoll Barnes, former Minister without portfolio, and the Premier, the former complaining that no pressure had been applied to Poland. Mr. Lloyd George retorted with the assertion that three great powers from the very table at which they were seated made representations to Poland before her attack on Russia was started, but with out effect.

Asked why economic pressure was not applied, the Premier replied: "Such pressure already has been applied to a point where the Russian people are starving; it is impossible to apply it more."

Asked why the league had not established control over the Dardanelles Mr. Lloyd George pointed out that France and Italy have been unable to spare the forces which they engaged to supply to control the waterway. "Must we go to war with France and Italy to compel them to keep their obligations?" he asked.

If the members of the deputation, the Premier observed, had worked the engine from the inside, as he and Mr. Balfour had done, for the last 18 months, they would better realize the difficulties encountered in bringing the league into full operation.

SEVENTY-SEVEN MILLION ESTATE

Pittsburg, June 21.—Appraisers of the estate of the late Henry C. Frick filed their report with the register of wills here today. The valuation of the personal estate is placed at \$77,500,000, which includes stock holdings valued at \$49,150,211.

As a tailor the old kaiser will be in a position to sit with his legs crossed, a thing he couldn't do on the throne.

More than one man has had his eye closed because he didn't keep his mouth shut at the psychological moment.

A. C. Orr, of Montreal, is in the city. James Ross, of Halifax, is a guest at the Queen.

CLEAR THE NOSTRILS IN FIVE MINUTES

Routes Out Catarrh, Stops Sniffles, Prevents Sneezing Catarrh is a Marvel.

It just takes about five minutes for the penetrating vapor of Catarrhoxone to clear out clogged nostrils. Hard crusts and accumulations are quickly removed. The soothing balsams of Catarrhoxone draw out every vestige of inflammation, nose colds stop as if by magic. Catarrh is prevented, better health is assured.

To cure colds without taking drugs may seem almost too much to believe, but Catarrhoxone does it quickly and effectively. Endorsed by physicians, and in common use by the people of many nations. All dealers sell Catarrhoxone, complete outfit \$1.00; small size 50c; sample size 25c, direct from the Catarrhoxone Co., Kingston, Canada, Ont.

EVELYN THAW FILES COUNTER DIVORCE SUIT

New York, June 21.—Juanita Hansen and Ann Luther, moving picture actresses, are named by Evelyn Nesbit (Montagn) in the counter-claim for divorce she has filed against Jack Clifford Montagn, her former dancing partner. She was married to him after Harry K. Thaw had divorced her.

In her answer she denies her husband's charge of misconduct with an actor and accuses her husband of having entertained an unnamed woman in March, 1918 at the Hotel St. Francis in San Francisco, and another unnamed woman at Upper Lake, Chateaugay N. Y., in the summer of 1919.

From January to June, 1920, at 166 West Seventy-second street, Miss Nesbit alleges that her husband received Miss Hansen and Miss Luther as his guests. He and these young women, it is said, will file replies denying the charges.

THE TRAINING OF TOMATO PLANTS

Early in June most of the vegetables will be far enough advanced to thin, and lettuce, radish, spinach and onions have probably been thinned already. Onions should be left about an inch apart. Beets are thinned to about two inches apart, carrots one and one-half inches, parsnips two inches. Corn should be thinned to about five plants to a hill as soon as danger of cut-worms is over.

In many parts of Canada it is difficult to get tomatoes to ripen much of their crop, and where this is the case it will be found very desirable to grow the plants trained to stakes rather than to let them lie on the ground. The fruit will ripen sooner on the stakes and much more of it will ripen. The plan is to drive stakes about five feet long or more and one and one-half inches in diameter beside the plants. When the plant throws out side shoots these should be nipped off close to the main stem but leaving the leaves on the main stem at the axil, from which these shoots spring. The main shoot will grow rapidly and as it grows it is tied to the stake. Eventually this single stem may be nearly five feet in height, and there will be clusters of fruit all the way up it. The fruit clusters grow out from the stem, not from the axil of the leaf hence care should be taken when nipping off the laterals to not nip off these fruit clusters on the main stem. If there has been delay in removing the laterals there may, of course, be fruit clusters on the stem of the laterals also. If this system is followed it should be begun early to get the best results.

First mosquito bite of the year always seems to be more irritating than its successors.

Everything costs more money, but husbands can be made to feel as cheap as ever.

Even at the present high cost of food the price of funerals is too high to make starving to death popular.
