RACING AND BALL GAMES ARE THE AMUSEMENTS PROMISED FOR DOMINION DAY IN FREDERICTON

"Curtain Raiser" Harness Meet to Start at 2 p. m. — Three Good Classes on the Programme—Three Ball Games are Scheduled—Y. M. C. A. and Marysville to Play in the Afternoon While the Races are On.

Dominion Day will be observed in Fredericton on Thursday with numerous events of sporting interest. The "curtain-raiser" meet of the Fredericton Trotting Park Association will be held in the afternoon and the York County Baseball League has three games arranged, morning, afternoon and evening.

The "Curtain-Raiser".

Although the "curtain-raiser" has been reduced to one day's racing, some interesting heats are anticipated. The Free-For-All with three starters will be on the old plan, three heats out of five. The 2.15 Pace and the 2.17 Trot with three starters each will be on the three heat plan. Entries are as follows:—

Free-For-All.

The Exposer, 2.06, Fern Hal, 2.05½, and Roy Volo, 2.13½.

2.17 Trot.

Border Prince, 2.18½, Victoria, 2.15½, Gay Moko, 2.16½, and Harvest Hope, 2.21½.

game also is to be played. The first heat is to start at two o'clock.

Baseball League Meeting.

A meeting of the York County Baseball League was held last night for the purpose of considering various matters. The dispute relative to the game on the afternoon of Dominion Day was ironed out by the following games being arranged for tomorrow. Morning, Marysville vs. Fredericton City, at Trotting Park; afternoon, Marysville vs. Y. M. C. A., at Trotting Park; evening Y. M. C. A. vs. Devon, at Devon grounds. There is a possibility of a fourth game, Fredericton City vs. Imperials at the College Field in the evening.

Foreign Railways and Rates

During December, 1919, and January, 1920, the Italian railways advanced their first-class passenger fares 80 per cent, their second-class fares 60 per cent, and their third-class fares 50 per cent. Both freight and passenger rates advanced during the war had been advanced 30 to 40 per cent.

The passenger rates of the French railways, two of which are owned by the government and all of which are being operated under government control, were advanced 40 per cent during the war and the freight rates 30 to 37 per cent. Because of the deficits which have continued to be incurred proposals for further advances have been under consideration.

The advances in rates on the Austrian railways since pre-war days have been enormous. The increase of 30 per cent made in February, 1920, made the total increases about 330 per cent.

In September, 1919, freight and passenger rates in Belgium had been increased 40 to 50 per cent since pre-war times. Further increases have been made since then.

In September, 1919, freight and passenger rates in The Netherlands were advanced 50 per cent.

Very much the largest advances reported in any country have been made in Germany, where, it is well known, practically all the railways are owned and operated by the government. Repeated advances were made during the war and still further very great advances have been made since the signing of the armistice. The passenger rates now average about 700 per cent higher than before the war, and the freight rates about 800 per cent higher.

Large advances in rates have also had to be made in many countries which were remote from the seat of hostilities. For example, in December, 1919, all freight and passenger rates on the South African Government railways were advanced 25 per cent, while in August, 1919, a raise of 20 per cent in both freight and passenger rates was made in Brazil, and in October of the same year additional increases were proposed. Even in Australia, which was about as remote from the theatre of hostilities as any part of the world, all the government railways have suffered severely from the effects of the war and have had to make advances in their rates.

The railways of Great Britain were placed under government control at the beginning of the war and are still being thus operated. During the war the passenger rates were advanced 50 per cent, while the freight rates were not advanced at all, and because the increases in expenses greatly exceeded the increases in rates the government incurred a large deficit. To reduce or wipe out this deficit advances in the freight rates of the British railways ranging from 25 to 100 per cent were made effective on January 15, 1920, and extra charges were added to rates which cover the collection and delivery of freight at stations as well as its transportation. In March, 1920, the demurrage charges imposed for holding a car one day beyond the period of free time were increased 100 per cent, and the charges for subsequent days 200 per cent.

BAPTISTS HAD A BAD FALL

Buffalo, June 29—Five hundred delegates to the Northern Baptist Convention, posing on a temporary platform in the Broadway Auditorium for a photograph, were tumbled from five to ten feet to the ground today by the collapse of the stand. Twenty-one persons, several of them clergymen of advanced years, were injured so seriously they required hospital treatment. Arms and legs were broken, bodies severely bruised and five persons suffered internal injuries. A number of women were among those hurt.

Vote FOR Prohibition

Saturday, July 10th

ELECTION INFORMATION

The Act in Brief

The present Prohibition Act legislates against the sale of intoxicating liquors for beverage purposes, and only allows it for manufacturing, sacramental and medicinal purposes.

The Act also provides for enforcement of the law and penalties for violation.

This Act was a war-time measure and the Government now wish to know from the electors whether they want Prohibition or not.

We Know Its Faults

The Act is weak in that it allows too much latitude in the case of doctors, druggists and vendors who have practically the dispensing of liquors within their own hands.

Further Legislation Depends on You.

Application has already been made by the Temperance people to have the Act amended in regard to the recognized weaknesses and the Government is sympathetic —BUT NOTE THIS—the Government put off the granting of these improvements to make the Act more effective.

until the result of this election PROVES that the people want Prohibition, and by the majority of the vote the Government will know just how badly the Electors do want it.

Your Vote

at this Election may have very important influence on the future action of the Government.

WHAT YOUR BALLOT CAN DO JULY 10th

FIRST—Provide the way for necessary Amendments to the Act that will make it really effective.

SECOND—Show the Government that the people demand Prohibition, and want the laws enforced.

THIRD—Hasten the election that can shut out the importation of liquor into the Province.

Are You Aware of This ?

In 1919 an Act Passed the House, providing that the Government shall take over the entire liquor business within the Province, for the three purposes contained in the Act, and also giving them more stringent control over the sale of extracts, essences and tinctures —But Mark You, the Government has refused to take action on this amendment until the voice of the people has been heard at the coming election.

Stop Importation Our Next Move.

Authority to Prevent the Importation of Liquor into the Province does not rest with the Provincial, but with our Dominion Government, which has already stated that a vote may be taken on the question in New Brunswick, on the recommendation of the Legislature. If the result at the coming election satisfies them that the people actually want Prohibition—we are sure to get it.
