BOLSHEVIK RUSSIA IS NOW IN A TERRIBLE CONDITION—PEOPLE ARE EATING DOGS AND CATS

ANXIOUS TO RESUME TRADE RELATIONS

Startling Report Brought by a Lowell Man Who Has Just Returned from Russia—The Railways in a Terrible Way for Rolling Stock—Bolshevik Regime in Favor.

Special to the Daily Mail. Copyright 1920 by Cross-Atlantic News Service. London, Oct. 4—"Bolshevik Russia is in a terrible condition, food is scarce and the people are eating dogs and cats. An overwhelming desire for resumption of relation between Europe and the United States to relieve this situation is apparent everywhere in the Soviet Republic. This is the report brought by Cross Atlantic by A. L. Chase of Lowell Mass., who was on the United States Cruiser Frederick.

"The majority of the people in Russia favor the Bolshevik regime" said Chase. "Personally it seems to me the Soviet Government will last if it eliminates the crazy idea of revolutionizing the rest of the world and gets peace with the allies, and the United States and so resumes trade.

The railroads are in a terrible state, and I believe they are willing to make great sacrifice to get rolling stock and other necessities from Europe and Canada.

SIR G. PERLEY RETURNING TO LONDON

(Special to the Daily Mail copyright 1920, by C. A. N. S.) London, Oct. 4—It is officially stated that Sir George H. Perley is returning to London as Canadian High Commissioner. Canadian circles here generally accept the idea that Perley will be the first Canadian representative to Washington, should the special Imperial constitutional conference in London in 1921 approve of the principle of such an appointment. At the Colonial office Cross-Atlantic Service was informed that it was likely the conference will be held in London in January. The agenda is being drawn up but the conference will determine post war conditions and opportunities of the component parts of the empire from naval and military view points.

EARL ATHLONE MAY SUCCEED DEVONSHIRE

(By Sydney B. Cave, staff correspondent of the Fredericton Mail, copyright 1920 by C. A. N. S.) London, Oct. 4—The newspaper are again busy predicting a successor to the Duke of Devonshire as Governor-General of Canada next summer. The favorite is the Earl of Athlone, a younger brother of the Queen. The Earl of Athlone was selected for the appointment in 1914, but the war cancelled it and critics are now saying that Athlone's present selection would be extremely fitting and express the opinion this his appointment would be greatly popular throughout the Dominion. Canadian circles in London certainly lend color to this view.

HOUSEHOLD EFFECTS HAVE BEEN SEIZED

(By Viggo Toepfer, staff correspondent of The Daily Mail. Copyright by the Cross-Atlantic Newspaper Service, 1920.) Berlin, Oct. 1—The German government has seized the contents of the castle of Glienecke, the residence of Prince Leopold of Prussia, and will sell them to satisfy the claims of his servants for back pay. His silver plate and treasure is valued at several million marks. Leopold is being attacked by the militarist press as the "Red Prince" because at the outbreak of the revolution he hauled down the Prussian flag from his castle and raised the Red flag of the internationalists.

WOMEN IN A NEW VENTURE

(Special to the London Daily Mail and the Fredericton Mail, copyright 1920, by C. A. N. S.) London, Oct. 4—Twenty former women war workers have formed Atlanta Limiter, a corporation to do an engineering business, with Lady Parsons, wife of the inventor of the turbine, as chairman. They have already secured many contracts for business based on a profit sharing agreement.

Engagement Announced. Montreal Star: Edward Tighe, Victoria avenue, announces the engagement of his daughter, Gladys Victoria, to George William Jewett, son of Mr. and Mrs. F. B. Jewett, Sheffield N. B. The marriage will be quietly celebrated the latter part of October.

THE FOSTER GOVERNMENT WILL SWEEP THE PROVINCE; STRONG CANDIDATES NAMED

Two Government Supporters Returned by Acclamation in Madawaska—Opposition Failed to Put Up Candidates in Victoria, Sunbury, Northumberland, Kent and Westmorland—Independents Drop Out in Restigouche.

ST. JOHN, Oct. 4.—With strong candidates in every constituency in the province, nomination day, Saturday, found the government entering upon the last week of the campaign confident of a sweeping victory at the polls. Full Government tickets were nominated in every county except Kings and Carleton, where the Government nominated two men each, requesting the electors as a third choice to vote for a farmer candidate in Kings county and a farmer or soldier candidate in Carleton county.

In contrast to this, the Opposition made a strikingly poor showing so far as nominations were concerned, there being no opposition candidates in the counties of Madawaska, Victoria, Sunbury, Northumberland, Kent and Westmorland, while in Charlotte county the opposition nominated only two candidates out of four, and in Carleton only one out of three.

In Victoria, Sunbury, Carleton, Kent, Kings, Queens and York counties the farmers placed full tickets in the field; in Charlotte they have two out of four, in Northumberland two out of four, and in Westmorland three out of four. A labor candidate is running in Moncton City, another in Westmorland county and two in Northumberland. In Carleton county a soldier candidate was nominated, and in Kent an Independent farmer is running in addition to the United Farmers' ticket.

No Contest in Madawaska.

No opposition was offered J. E. Michaud and D. L. Daigle, the Government candidates in Madawaska county. Thus the Government party stands out with two representatives already elected, and faces but weak opposition in several other constituencies.

The Government nomination proceedings were marked by intense enthusiasm, many speeches being delivered in praise of the splendid record of the administration led by the Hon. Mr. Foster since its accession to power in 1917. No government in the history of the province has ever before been in the position to submit to the electors such an account of stewardship, such a record of service well done, such progressive policies already carried out and to be followed in future, as the Foster Government has asked the people to endorse next Saturday. Nor has greater enthusiasm ever been known than that which marks the efforts of those who today are working in the wards and parishes in the interest of the Government party.

In Restigouche Campbellton, Oct. 2—The following were nominated at the nomination proceeding at Dalhousie today:

Foster government supporters—Arthur T. LeBlanc and Stubbett S. Harrison; opposition—David A. Stewart and Henry Diotte.

An Independent ticket composed of Charles H. LaBilloy and William D. Dumeau also filed papers but, as there were irregularities they were not accepted by the sheriff.

In Westmorland

Moncton, Oct. 2—The nomination proceedings at Dorchester today were unusually quiet. The attendance was small and there were no speeches by candidates, a striking contrast with events of former times. The following were nominated:

City of Moncton—Hon. C. W. Robinson, government; George B. Willett, opposition and T. Clifford Ayer, labor.

Westmorland County

Westmorland county—Hon. Fred Magee, Reid McManus, Ferdinand E. Bourgeois and Fred L. Estabrooks, government ticket; J. Frank Reilly, A. Charles Fawcett, Mathias M. Arsenau and James A. Robinson, farmers' ticket.

The Conservatives of Westmorland made no nominations. The proceedings opened in the court house at 10 o'clock and closed at 12 Sheriff I. N. Killam presiding, with Gesner A. Taylor as election clerk. The nominations of all the candidates were generally expected with the exception of the one candidate on the labor ticket. At the recent labor convention in Moncton, Henry Harvey Stuart, principal of the Sunny Brae school, was chosen. Mr. Stuart however, withdrew, owing to some objection from the school board, and the Labor party in Moncton named P. D. Ayer, of the Maritime Press Ltd., as his successor. J. A. Robinson an employee of the same firm, who has taken quite a prominent part in local labor circles, finally was nominated as the Labor candidate.

Kent

Richibucto, Oct. 2—The candidates nominated in Kent on Saturday were: A. A. Dysart, P. P. Melanson and A.

J. Bordage, government; Dr. D. V. Landry, Col. John Sheridan and David Roach, farmers; Pascal Hebert, independent farmer. There was a big crowd in attendance and the candidates addressed the electors. The proceedings were very orderly. The feeling seemed to be decidedly in favor of government and reports from the further ends of the county all indicate the same feeling.

Northumberland

Newcastle, Oct. 2—The results of nomination today were as follows: Government, Hon. Robert Murray, Hon. J. P. Burchill, Dr. Francis E. McGrath, David V. Allain; opposition Charles J. Morrissey, Frederick A. Fowle; independent, John W. Vanderbeck and John S. Martin. After the official nomination a joint meeting of the candidates was arranged in the town hall. Sheriff Cassidy was appointed chairman. All the candidates were present and addressed the meeting, except Mr. Fowle, who was taken seriously ill on Friday night. Each candidate declared his platform and was received with enthusiasm from the various districts. A good spirit was representative attendance from the various districts. A good spirit was shown throughout the entire proceeding. E. J. Tighe, national representative of a labor organization addressed the meeting briefly. Hon. J. P. Burchill moved a vote of thanks to the chairman for the way in which the meeting was conducted, which was unanimously carried.

Gloucester

Bathurst, Oct. 2—Nomination proceedings today called together a very large number of electors. The former members, Hon. P. J. Veniot, Hon. J. P. Byrne, J. C. Robichaud and S. R. Leger, were nominated, opposed by J. B. Hachey, J. E. Degraze, F. T. B. Young and J. L. Ryan. The latter admit they only are in the fight to keep the minister of public works at home. They would not commit themselves on the stumpage question, and in this way repudiated the policy of their party on this point. No sound criticism of the government policy was attempted. The government candidates

FRESHMEN'S DEBATE AT THE UNIVERSITY

Largest Attendance on Record—March Down Town After Debate—Pleasing Incident.

On Saturday evening the U. N. B. students held their annual Freshmen's Debate. The subject involved the repeal of the act to enfranchise women. Many of the speakers exhibited unusual debating ability and held the attention of the audience, which incidentally was the largest that ever attended a Saturday night debate at the University.

C. B. Burden, principal of Smythe Street School, acted as judge. His finding was that each team had lost six points, which fact decided him to give the decision to the W. C. T. U. A lengthy "songfest" followed the clash of wits.

Having hoarded themselves with the route of which was Regent, Queen "old familiars," a parade was formed, and York, then to the Old Galety, and there, after making the city echo with yells, all entered to enjoy the dance.

An incident occurred during the march of the students along Queen street, which not only speaks well for the college men themselves, but is a fine example for all other residents or visitors in this community.

A returned soldier who lost an arm on active service was vinding lead-pencils on the pavement. The parade was halted while two members took up a silver collection and presented it to their less fortunate fellow citizen.

THE OPPOSITION FACING DEFEAT

St. John Globe, Ind.)

Nomination day finds the government with tickets in every constituency, while the opposition, facing the certainty of a disastrous and overwhelming defeat has sought cover behind various former combinations. The value of these alliances is yet to be demonstrated. It is hardly likely that they can achieve even a small measure of success, so plainly manifest is the public indignation at the recollections of past misgovernment, so plainly manifest is the public desire to give the Foster Government opportunity to carry out its progressive hydro development and other constructive programmes.

HON. MR. KING AT PRINCE RUPERT

Prince Rupert, B. C., Oct. 3—Emphasizing Prince Rupert's proximity to the Orient, and the immense variety of the natural resources in the adjacent territory, Hon. W. L. Mackenzie King, Liberal leader, on Saturday addressed a large audience here, in the course of which he reviewed his western tour to date and outlined the growth of the western provinces during recent years.

The returned man was entitled to the gratitude of the country irrespective of party allegiance, he said, and this gratitude should take practical shape in the working out of beneficial policies. The war had been fought to eliminate war. He was opposed to anything that would tend to perpetuate the war habit. The high cost of living was a world-wide question and was a natural result of the war's aftermath. He counselled economy and increased production.

EASY MONEY IS GOING FAST

Special to the Daily Mail. Copyright 1920 by Cross Atlantic News Service. Paris, Oct. 1—Such unparalleled extravagance is being shown at Deauville, where the short season is now at its height, that a reaction is showing itself there. In the casino it is not unusual to see some of the war-made millionaires lose from \$50,000 to \$100,000 at baccarat between dinner and midnight. There have been unpleasant scenes by excited plungers who have met with bad luck.

GUARDING THE BRIXTON JAIL

PREMIER LLOYD GEORGE SENDS OUT INSTRUCTIONS

Document Has the Approval of the Cabinet—Black and Tan Reprisals Blackening England's Case and Hindering a Settlement of the Home Rule Question.

Special to the Daily Mail. Copyright 1920 by Cross Atlantic News Service. London, Oct. 4—Premier Lloyd George has sent explicit instructions to Sir Hamar Greenwood in Dublin for the punishment of the perpetrators of the "Black and Tan" outrages in Ireland. It is understood the document which the entire cabinet approves, provides for the dismissal of offenders from the force and their possible incarceration in jail. The premier realizes that the "Black and Tan" reprisals are blackening England's case in the United States and are hindering a settlement along Home Rule lines.

An article on Ireland by Viscount Grey in the Westminster Gazette, proposes a settlement of the Irish question along Home Rule lines through the withdrawal of British forces from Ireland in two years. The plan does not include the separation of Ulster from the rest of Ireland. Coming from an authority close to the Premier it indicates possible changes in the cabinet's offer to the Sinn Féiners along lines said to be favored by prominent moderate authorities in the north and south of Ireland. The Premier is said to be still of the opinion that the six counties of Ulster must run their own affairs independently of the rest of Ireland and until they are willing to join the Southern Parliament.

WELL DESERVED PRAISE FOR THE HON. MR. MAGEE

(St. John Globe.)

The selection of Fred Magee as a member of the government will be heard of with satisfaction all over the province. A successful business man, Hon. Mr. Magee quickly took an outstanding place in the Legislature, establishing a confidence which is well expressed in the Standard's appreciation: "The Hon. Fred Magee is one of the soundest business men on the government side of the House, and his appointment will strengthen the government." Hon. Mr. Magee brought to the consideration of all legislative problems the level-headed, practical knowledge of a keen, progressive and broad-minded man of business, desirous of doing right and to have right done. His call to the government is a guarantee to the country that the Premier is determined to have the advice of the ablest and strongest men in the House, and a guarantee that sound business principles will rule the deliberations and decisions of the government. The new minister is a new reason for public confidence and support of the Foster government.

PAVING WAY FOR PEACE

Warsaw, Oct. 4—Prince Sapieha, Polish Foreign minister, declares that his country has no intention of fighting over boundary lines and favors a plebiscite. He is optimistic regarding the outcome of the Riga conference, where the Bolsheviks made considerable concessions paving the way for peace.
