

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

MOVEMENTS
OF THE STARS
IN FILMLAND

Norma and Constance Talmadge apparently will continue to have the same screen hero. Conway Tearle having departed to seek astral heights, John Haliday becomes his successor. He has just finished playing opposite Norma in "The Woman Gives" and has been engaged to play the male lead in support of Constance in "The Love Expert."

Charles Chaplin has at last finished his latest comedy, "A Day's Work." So far as known this is a record, as it is the first time it ever required six months to do a day's work.

The newest Fox star on the Calendar is Vivian Rich, who has not been seen in films for years. Her first picture will be "Won't You Forgive?"

Dr. Gilbert Ellis Bailey, professor of geology in the University of Southern California, and who has recently joined the Historical Film Corporation as scientific adviser in the work of filming the Bible, believes that these Bible pictures will popularize motion pictures among the ten or twelve millions of church people who have hitherto held aloof, and that the effect will be to influence better pictures and a better choice of subjects.

George Dowling who plays the role of the elder Schmick boy in "A Fool and His Money," is a trifle more than 7 feet tall and weighs something over 300 pounds.

Everyone is wondering who Anna Q. Nilsson, Reelstar star, is to marry early next month. Miss Nilsson has admitted she is to be married but the only hint she would give as to the lucky man was that he is an easterner and has an estate on Long Island.

Warren Kerrigan is to make four more pictures under his present contract, and Fritz Brunette is to play the lead in all of them.

"Dollars and the Woman" has been selected by Albert E. Smith, president of Vitaphone, as Alice Joyce's next Vitaphone special production following "The Sporting Duchess," recently completed.

The announcement that D. W. Griffith has purchased from Wm. A. Brady the motion picture rights to "Way Down East" at a cost of \$175,000, is of unusual interest to the entire film industry and its patrons.

PRECAUTIONS AGAINST FLU

Dr. Copeland, Commissioner of Public Health for New York City, has issued the following appeal in connection with the outbreak of influenza:

To Nurses—The city is suffering from a lack of nurses. Please volunteer for service at \$6 a day or 75c. an hour. Persons with practical experience in nursing will be paid \$4 a day or 50c. an hour.

To physicians—Whenever it may be done safely, please urge your patients not to demand a trained nurse. Leave every trained nurse possible for work among the poor.

To clergymen—Advise your congregations about dangers from coughing or sneezing without covering the face with a handkerchief. Persons who find it impossible to refrain from coughing or sneezing should remain at home. Tell the congregation to avoid fear and to practice the ordinary rules of the simple life.

To the public—Observe the rules of simple living. If feverish or otherwise ill, go to bed and call a physician. The ill should not come in contact with the well.

WHAT HE WANTED.

A negro soldier coming back to a dressing station with his right hand missing was seen to stop suddenly and start briskly back toward the front. When asked why he was going back he said:

"I want to find mah hand."

"But," he was told, "it can't be put on again."

"No, sah, but mah dice was in dat hand."

NO STRANGER TO THEM.

"Did you ever hear tell of snakes in January?"

"To be shore," replied the Billville matron. "My ol' man used to see 'em the year round. Never had to spend a cent going to a circus!"

REAL ESTATE SALE

We are instructed to receive offers for the purchase of the following freehold properties and can give possession first of May: Double tenement at 868 Charlotte street, occupied by Messrs. O'Leary and Lawson; double tenement at 878 Charlotte street occupied by Messrs. Trites and Aloitis; double tenement at 881 Charlotte street, occupied by Messrs. Wandless and Manderson; double tenement at 239 Charlotte street occupied by Messrs. Batman and Mallett; double tenement at 850 Brunswick street, occupied by Messrs. Taylor and Bidlake; concrete house at 570 Needham street occupied by Herb. Brannen; house at 560 Needham street, occupied by J. G. McLennahan; house at 647 George street occupied by Mrs. James Ryan; house at 668 George street, occupied by Mr. McTaggart.

Owing to prevailing scarcity of dwellings, this offers an exceptional chance to acquire a house, especially as from one-half to two-thirds of the purchase price may remain on mortgage. Apply to McLELLAN & HUGHES.

India, with more than 25,000,000 widows, might be accused of hoarding in restraint of matrimony.

Increased production, the remedy for high cost, would mean more work. That seems to be what many people are trying to avoid.

A man with an aching tooth needs a lot of optimism to be able to see the bright side of life.

What has become of the old-fashioned author who always had in his story an old man dressed in a "threadbare suit of rusty black?"

The Electric Lights

Illuminate your home with it and ask for particulars

THE MARITIME ELECTRIC CO.

FREDERICTON, N. B.

Big and still bigger locomotives are being turned out by the Canadian Pacific Railway. Sixteen new ones are being built at the Angus Shops, Montreal, at the rate of one for every five and a half working days. They are masterpieces of engineering workmanship, the largest and heaviest passenger locomotives in the Dominion, and construction has been speeded up so that these required might be ready in time to draw the Royal Train carrying the Prince of Wales across Canada. They were specially designed, and constructed under the direct supervision of Mr. W. H. Winterrowd, chief mechanical engineer of the C. P. R. The total weight of each engine and tender in working order is 480,000 lbs., the cylinders are 25 inches by 30 inches, the diameter of the driving wheels 75 inches, and the boiler carries 200 lbs. steam pressure, giving the locomotive a tractive effort of 42,000 lbs.

The boilers are very large, each one containing approximately 5,000 square feet of heating surface. A superheater delivers the steam to the cylinders at a high temperature. The tender holds 8,000 imperial gallons of water and 12 tons of coal.

The engines are equipped with a vestibule cab which completely protects the engine men from the bad weather. These cabs are very comfortable and are conveniently arranged, being provided with large clothes lockers.

The new locomotives are to be used in the passenger service of the C. P. R., between Fort William and Winnipeg, and between Smiths Falls, Trenton and Havelock. They are sufficiently powerful to eliminate the necessity for running a number of heavy passenger trains in two sections, one of the new engines being able to handle the number of cars that it formerly took two locomotives to draw.

(1) Sixteen of these wonderful engines will soon be running on the C. P. R. lines.
(2) A Front View: The 2300 is capable of drawing a train twice the size of an ordinary train.

Have Your Job Work
Done at Home

The Mail now has every facility for turning out High Class Job Printing Work, and there is no longer any reason why manufacturers, merchants and others should send their orders out of town.

Give Us a Trial Order and
be Convinced.

We have a new office and up-to-date machinery, all run by electric power, and can turn out work promptly and efficiently.

If You have a Job of Printing, Call Up
No. 67. We will do the Rest.
