

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all.

Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nineteen years. Now made in Canada. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacturers of Monoclonalacetic Acid of Salicylic Acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross"

SPITBALL PITCHERS WHO MAY CONTINUE

Pres. Heydler of the National League Sends Out Circular—List of Exempted Veterans.

New York, March 28.—In a pamphlet mailed to all clubs in training camp, John A. Heydler, president of the National League, has issued the official text of the important changes in the playing rules for 1920. Fifty copies of the pamphlet have been sent to each club so as to give every ball player full opportunity to study the rules and to put them into actual practice in the games preliminary to the championship season. At the same time Mr. Heydler has announced the names of the veteran spitball pitchers of the league, who will be exempt during the season of 1920 from enforcement of the rules against the use of the damp delivery.

It will be remembered that when the spitball question came up for decision at the annual meeting of the league the club owners as well as Mr. Heydler considered it unfair to deprive the veteran spitball pitchers forthwith of their moist, and in many cases their only effective weapon. In their case it was thought best to declare an exemption of one year, the idea being to give these veterans a chance to develop their pitching during the year to conform with the new rules that bar all freak deliveries. The official list of these exempted contains twelve names as follows:

Boston—Richard Rudolph and Dana Fillingim.
Brooklyn—Clarence Mitchell and Burleigh Grimes.
New York—Phil Douglas.
Philadelphia—Bradley Hogg and Roy G. Sanders.
Cincinnati—Ray Fisher.
Chicago—Claude Hendrix.
St. Louis—William Doak, Marvin Goodwin and Oscar Tuero.

BIG INSURANCE ON BABE RUTH

Jacksonville, Fla., March 28.—That expensive luxury "Babe" Ruth, is to be insured for \$150,000 by the New York Americans. The policy will cover life, illness and accident. With premium, salary and purchase price the Kilty management does not feel like taking any chances on Ruth.

CANADIAN MILLING INDUSTRY

The Canadian milling industry has, since 1914, made progressive strides and flour exports between that year and 1919 increased nearly five times. Today this business has an annual capacity of slightly more than 35,000,000 barrels a year and new mills are being continually added. In 1890 Canada exported 115,099 barrels of flour valued at \$521,383. By 1910 this had increased to 3,064,128 barrels valued at about \$15,000,000. In the fiscal year of 1919, 9,196,806 barrels were milled at a value of \$99,836,696.

Great Britain has been by far, Canada's best customer for flour, her imports from the Dominion of this commodity, for the last fiscal year, being equal to about 60 per cent. of the total, or \$56,000,000 out of nearly \$100,000,000.

Exports by countries for the last year were as follows:—Great Britain \$56,270,225; United States \$99,794; British South Africa \$17,309; Newfoundland \$34,147,527; British West Indies \$6,329,527; Other countries \$34,147,527.

The Trade returns for the present fiscal year show that, as yet, the exports of flour are holding their own, though the European countries are again engaged in grain growing and milling. In the last available period of five months 4,928,164 barrels of flour were exported, as compared with 4,461,313 in the same period in 1918. Of these 3,912,405 barrels went to the United Kingdom; 38,423 to British Guiana; 146,596 to the British West Indies; 297,845 to France; 100,182 to Greece; 55,735 to Italy; 73,109 to Newfoundland; and 228,084 barrels to other countries. Great Britain took a little more than 1,000,000 more barrels than she did during the same period in 1918, and 1,700,000 more than in 1917. Other departments of the milling industry loom large also, as the following figures show: oatmeal \$4,032,567; cereals \$1,247,249; bran, etc., \$1,592,212.

While on account of the change of conditions in Europe, the export trade may fall off considerably, the Canadian milling industry by reason of the activity produced during the war is in a very strong position and should be able to hold its own in the period of competition which is undoubtedly ahead.

SHORT OF BREATH

Could Hardly Walk Without Resting.

When you go to a physician to be examined for any heart trouble one of the first questions he asks is: "Are you short of breath?"

Now when the heart becomes affected there ensues a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, dizziness and a weak, sinking, all-gone feeling of oppression and anxiety.

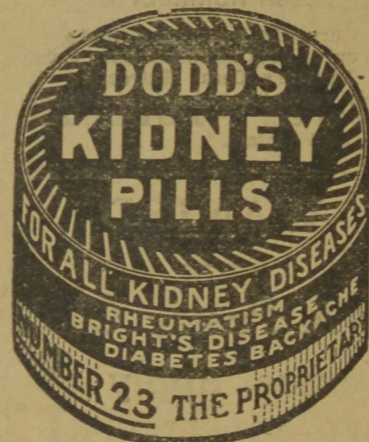

On the first sign of the heart becoming weakened or the nerves unstrung Milburn's Heart and Nerve Pills are just the remedy you require. They regulate and stimulate the heart and strengthen and restore the whole nerve system.

Mr. Stephen Crouse, East Clifford, N. S., writes: "I suffered for five years with heart trouble. I could hardly walk from the house to the barn without resting as I used to get so short of breath. Doctors could not help me. My wife told me to get a box of Milburn's Heart and Nerve Pills and I felt better after taking them; three boxes made me quite well. I am now helping my son to work the farm, and can truthfully say I feel like a different man."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Engagement.

The Dorchester correspondent of the Telegraph writes:—The engagement has been announced of Miss Mary Stuart Piercy, eldest daughter of Mr. James Piercy to Mr. Edward Ray Anderson of Fredericton, son of Mr. and Mrs. E. C. Anderson. The marriage is to take place the middle of April.

WANT INCREASE OF SALARIES FOR JUDGES

(Journal of Commerce).

A large deputation from the Canadian Bar Association waited on a committee of the Cabinet at Ottawa a few days ago to ask for an increase of salaries of the Judges of Canada. The request seems to have been general and indiscriminate, and according to a press report the representation was made that there had been no increase in the stipend paid to judges during the last thirty-five or forty years, notwithstanding the abnormal increase in the cost of living. If the deputation made such a representation they did harm rather than good to their cause. There certainly has been increase of the stipend of judges within the time mentioned. There is only one class of people that we know of whose salaries have not been increased during that long period. It is the Cabinet Ministers themselves. Cabinet Ministers are members of Parliament, and as such they receive the indemnity allowed to members which was increased some years ago; but apart from that the salaries of the Ministers remain as they were fixed many years ago. Acts readjusting the salaries of judges, or some of them, have not been rare. On at least one occasion a pretty general and substantial increase was made. And only a year ago an Act was passed providing for increases to a number of judges.

The present claim of the judges for increase is therefore not as strong as it has been represented. Nevertheless, there may be good ground for the reconsideration of the subject which the Bar Association is asking. The maintenance of the judiciary in independence and dignity is an essential part of our social system, and such conditions are not to be expected if the salaries of the judges are not a liberal scale. Perhaps the public would be more ready to recognize this if there was a more general belief that appointments to the bench, and retirements and pensions, have been governed entirely by the requirements of public service. There is among laymen a widespread opinion that these things are too often regulated by political convenience.

Potts on the Warpath

While chief whip Potts of the opposition party has been compelled to cease his cheap talk on the legislature concerning the French language he evidently feels that he is free to cut loose and say what he likes when outside of the House. He was a guest at a smoker under Orange auspices at Nashwaakiss on Wednesday evening and is reported to have said that had Sir Wilfrid Laurier been returned to power in 1917 all the schools would

INJURED WHILE COASTING.

Operation necessary upon young lady in Carleton County.

Woodstock Sentinel:—Miss Grace Bird lies in a critical condition in the hospital as the result of injuries received Friday night while coasting at Jacksonville. With others she was returning up the hill when a sled, going at a terrific rate of speed ran into the one in which Miss Bird was sitting, she getting the full force of the impact. The other sled was occupied by Harry Nelson, who was also injured but not seriously. Miss Bird, who was unconscious, was tenderly carried to her home and physicians summoned. On account of the nature of the injuries they ordered her removal to hospital. An operation was necessary which was successfully accomplished. Although in a very serious condition hopes are held out for her recovery.

Paris, March 26.—A south of France mystery of vanished gems has just been solved in Paris by the arrest in this city of "Count Justino de Lopez," who posed as the head of Portuguese aviation in Africa. After his arrest he confessed that he was a Spaniard named Lopez and said he was born in Vigo in 1892.

At Bordeaux a man who posed as Count Justino de Lopez was charged with having stolen jewels and valuables worth several thousand dollars toward the end of last year. After his arrival in Bordeaux he engaged the entire floor at one of the principal hotels, stating that he expected his luggage to arrive in a day or two. After three days he decamped taking with him jewels and valuables belonging to guests of the hotel. Similar thefts were committed in Marseilles, Lyons, Bourg and other cities. Encouraged by his success there the "Count" came to Paris, where he met his Waterloo.

He stopped at a leading hotel in this city stating that he was an agent of the Portuguese Government and was in Paris to buy airplanes. Under this cover he began to rob guests at the hotel. The police charge that he is guilty of stealing jewels and other valuables here, in Bordeaux, Marseilles, Lyons and other cities of France.

While in Paris the "Count" took his meals at the best restaurants and spent money freely. He always paid his bills in checks on the Bank of France, the check book it was alleged, having been stolen by him in Marseilles. A woman who accompanied him charged that he had stolen her jewels.

have been compelled to adopt the French language as part of their curriculum. Either intentionally or through ignorance he forgot to tell the audience that the Federal Government has nothing whatever to do with the schools.
