GIVING A GUESS.

"In the fall I have yearnings," sighed the poet. "I yearn, but what do I yearn for?"

"Oysters, perhaps," suggested the girl.

A REVIEW OF PRICES IN CANADIAN MARKET

Generally speaking the tread of grocery commodities continues easy. The outlook for Christmas business is very encouraging; both wholesalers and retailers report a fairly heavy movement on all Christmas lines. The feature of the markets is probably the stiffening of the wheat market which is reflected on flour causing that commodity to have a decidedly strong undertone.

Montreal

Lower quotations on hogs this week have affected the whole pork market with lower prices on hams and bacon. Some cooked meats are also affected and the weakness is reflected on lard and shortening. The butter and cheese market shows weakness but the prices

quoted are unchanged. Eggs are holding very firm at the high quotations and there is a tendency to make a slight advance in the price of graded eggs. Poultry is holding firm with a very good demand, and fish prices are unchanged. The sugar market appears to be more stable at the eleven dollars price and some of the refineries report that they are about through with the expensive raws that they have been running. There is a firmer tone to the flour market this week as a result of the higher wheat market. The tea market continues to show improvement. There is a big decline in the price of pearl hominy this week and lima beans are reduced. One of the mills has reduced the price

WOMEN AS BRAVE AS THE MEN

Their Struggle Shows a Remarkable Spirit.

Talk of the bravery of men, but where can you find a finer spirit than among the half-sick women who are fighting and struggling to do their duty against the terrible odds of ill-health, and who will not give up.

One woman in every three is struggling against weakness. Most of them are not exactly sick, but oh, how miserable!

The burden and misery of it all has its foundation in the blood which is thin and watery. The red cells are too few. The very stream of life is reduced in vitality. Weakness and inevitable ill-health are the certain result.

Every ailing or weak woman can quickly regain her health in this very simple way. By filling the system with the nutrition that comes from rich red blood, a quick change for the better will result. To accomplish this, take two chocolate coated Ferrozone Tablets after each meal. You'll feel better immediately for the simple reason that Ferrozone renews the system very quickly.

You'll feel like new all over once you get Ferrozone working through your blood. It puts color into faded cheeks, brightens the eye, quickens the step, brings back that wonderful feeling of youth.

One of the finest things Ferrozone does is to make you eat lots and digest it well. With keen appetite, sound sleep, strong nerves and lots of nourishing blood, you're bound to regain robust health. Any sickly girl or ailing woman that Ferrozone won't make well must be incurable. There is a secret power in Ferrozone and it is worth a trial at all events. Fifty cents per box, six for \$2.50. At all dealers in medicine, or by mail from The Catarrhozone Co., Kingston, Ont.

quoted on package oats and porridge wheat but none of the other millers have followed as yet. Cotton twine has taken another decline of three and five cents per pound and due to increased cost of freight handling coarse salt is thirty cents per 140 lb bag dearer. Oranges are lower again and bananas are also reduced in price. The feature of the vegetable market this week is the supply of Ontario celery that is offered in Montreal and the scarcity of cranberries which are very high this year. There is an excellent demand this season for nuts and dried fruit and in both cases the fear is expressed that the supply will not meet the demand. Peanuts are reduced in price. The Christmas trade seems to have every prospect of being very brisk with many lower quotations at this season.

EVIDENCE BY COMMISSION IN MCDONALD CASE

The Divorce Court after hearing several witnesses in the case of Evelyn Ward McDonald vs John Fenwick McDonald Monday afternoon adjourned until Wednesday the 15th inst., in order that the evidence of Annie M. Seely, who is ill at St. John may be taken by commission.

When court resumed at 2.30 Tuesday afternoon His Honor Judge Crockett raised the point of a jury in the event of a case being contested. The case in question was undefended and he had doubts of the necessity of having a jury. Dr. J. B. M. Baxter, K.C. for the plaintiff argued that it had been only at the last minute that the defence had been withdrawn and that the plaintiff until that time had been led to believe that there would be a defence. His Honor said that as this was only the second jury case in the history of the court, there was no precedent. The jury was selected.

The Jury.

Out of the twenty-one jurymen summoned the following seven were selected to try the case:—

Wesley Fraser, Prince William; Guy McMurray, Lake George; John Hallett McAdam; Walter Jackson, Fredericton; Thomas Moss, Cross Creek; W. S. Tompkins, Fredericton; Jedediah Brewer, Burt's Corner.

Evidence Taken.

Dr. Baxter read all the papers in the case and addressed the jury.

The witnesses then heard were Roy Keddy of Dartmouth, N. S., brother of the plaintiff wife, Robert J. Crawford provincial constable, Evelyn Ward McDonald the plaintiff and Francis Kerr. Dr. Baxter read the evidence of A. W. Covey who was summoned to Winnipeg to attend a meeting, and whose evidence was taken under order of the Court by S. D. Simmons official stenographer.

The evidence proved the marriage and the fact that the defendant was on terms of intimacy with Mrs. Josie Black of St. John named as co-respondent.

When a girl is considering marriage she should not rush things but find out first if her intended husband is hard on socks.
