Those who have spoken at length with the murderer believe he slew the Czar mainly because he wanted the shirt.

A VERDICT OF MANSLAUGHTER

Quebec, May 2.—A verdict of manslaughter was returned by the jury on Saturday night in the trial of Romeo Remillard.

Romeo Remillard was charged with the shooting of Lieutenant Lucien Morissette, in the early morning of January 28. At midnight of January 27, three men including the deceased, decided to call at the home of a friend named Baker who lived near the Remillard house. There was no light in Baker's house, while that of Remillard was lighted up. The men decided to call there and the victim who knocked at the door, asking for information as to where Baker lived, turned away, where two shots were heard, and he was seen to fall and died shortly afterwards.

After the shooting, Romeo Remillard, according to evidence at the trial said "it was a lover of my mother's and I shot him." He said that his father told him to fire and he fired. The trial of the father is to proceed forthwith.

STRONGER BEER IN NEW YORK

Albany, May 3.—The State Excise Department is prepared to issue beer licenses as soon as Gov. Smith signs the liquor bill passed by the Legislature. Herbert S. Sisson, State Excise Commissioner, announced today. That the Governor will sign the bill legalizing the sale of 2.75 beer appears certain.

The Excise Department will not await a decision by the Supreme Court on the validity of the Volstead act, Mr. Sisson stated. It is probable therefore that beer may be put on sale without breaking the law within the next ten days, Mr. Sisson said.

"Our department will be guided solely by our laws. In case they conflict with the Federal laws it will be up to the Federal agents to enforce the Federal act."

Commissioner Sisson is of the opinion, however, that there will be only a few applicants for licenses, should the Governor sign the bill, until after the Court's decision.

(Special to the Mail.)

NEW YORK, May 3.—Tony Tazio, thirty years old, detained by the department of justice as an important witness against a number of radicals involved in the bomb outrages of last June, committed suicide early today by hurling himself from a window on the fourteenth floor of a Park Row office building where the department headquarters are located.

PLANS FOR COUNTRY WIDE MAY DAY DEMONSTRATIONS FAILED TO MATERIALIZE

Authorities Were Forewarned and Issued Timely Notice to the People—Strikes Which Were Instituted Were Local in Nature—The Day was Quiet in Chicago—Strike in France is Described as a Complete Failure.

Washington, May 3.—Plans of radical leaders for country-wide May day demonstrations, involving strikes and the destruction of life aid property, Department of Justice officials say, failed because the authorities were forewarned and issued timely notice to the people.

Reports received here show several strikes were instituted over the week-end, but in nearly every case, it is declared, these were local in nature and due to the regular May day expiration of wage contracts.

In Chicago, where extraordinary precautions had been taken to prevent trouble, the day passed off quietly. A strike of cooks and waiters in various hotels, and the general confusion incident to moving day, when scores of tenants refused to vacate their apartments, overshadowed May day developments. Although more than 1,000 arrests were made, these, the police say, had nothing to do with "red" activities.

Two-thirds of Kansas miners were reported idle. In various places handbills purporting to bear May day proclamation of the communist party of America were distributed. In Omaha 10,000 people marched in a patriotic parade, and in other cities there were patriotic demonstrations.

The Strike in France.

Paris, May 3.—The strike of the railroad men for internationalization of the railways, which is to be joined by the miners and dockmen, has resulted thus far in hindering traffic only on four of the five big systems. Temporarily the state line which runs to Havre is tied up.

"The strike is a complete failure," said the Minister of Public Works yesterday. Services on all lines were curtailed yesterday. The Parisian railroads were operating about fifty per cent except the Lazzarre state system, which cancelled all trains from the capital. The government's determination to fight the strike for nationalization has been voiced by both the Premier and the Minister of Public Works.

Stole Cask of Ale

St. John Globe: A cask of ale and its unlawful possession by three men caused Police Constable Stinson, of Fairville, to get the assistance of Detectives Biddiscombe and Saunders to help him invade Paddy's Flats, Fairville. The raid resulted in the arrest of James Keefe, Elmer McFarlane and Dennis Hanlon, who will be tried for breaking and entering Ready's brewery and stealing a sixty gallon cask of ale. According to the story told by the detectives, the entry was made during the night by a second story window. A ladder enabled the men to gain the roof of one of the buildings. They then drew up the ladder and by throwing it across the open space were able to cross over to the window through which they entered the building. On entering it was necessary for them to break the locks of two storerooms. The cask was taken out of a rear door, which was opened from the inside.

ENGLISH TEAM WON TWO MILE RELAY RACE

Philadelphia, Pa., May 2.—The Oxford-Cambridge universities team of England won the two-mile college championship relay race of America here Saturday, defeating seven leading college teams.

The University of Illinois quartette was second, some forty yards behind the flying Englishmen. Pennsylvania was third and Cornell fourth. The race was won in a new world's record time of 7 minutes 2-5 seconds, supplanting the seven minutes 53 seconds, held jointly by the Irish-American A. A. C. and the Yale University teams respectively in 1910 and 1916. Cornell's runners set the pace in the race for the first three-fourths mile with the Oxford-Cambridge team moving up from fourth to second. The second English runner, Stallard, set a terrific pace fainting at the mile. From that point on the English runners led all the way and won with some forty yards to spare. The average time for the winning runners was one minute 57 3-5 seconds.

SELECTION OF A REPRESENTATIVE FOR CANADA AT THE AMERICAN CAPITAL HAS NOT YET BEEN MADE

WERNER HORNE NOT A PRISONER OF WAR

Ottawa, May 1.—No application for the deportation of Werner Horne, now in penitentiary at Dorchester, N. B., has reached the Department of Justice here, but after the war the German government requested that Horne be released on the ground that he was a German officer and prisoner of war. The Canadian government replied they had no German officer of that name in prison; but there was a criminal named Horne in custody, whose release would not be granted.

MR. C. A. McGRATH IS MENTIONED

An Official Announcement will Soon be Forthcoming—Man Possessed of Political Experience and Accustomed to Handling Big Affairs Needed for the Post—Few Canadians with Qualifications.

Ottawa, May 3.—Announcement will be made in the very near future as to the plan by which Canada will be represented at Washington. Recent dispatches in the Telegraph have given a good idea of some of the principal proposals for surmounting the difficulties for securing the representation but your correspondent is assured that the details of the plans have not yet been correctly represented.

An official announcement will soon be forthcoming. The name of the Canadian to occupy the post has not yet been decided upon and the decision and announcement will not be made for some time after the plan of representation at Washington has been announced. Members of the government say that they realize that such a position demands the best man it is possible to get and that very few men have been developed in Canada with the necessary training and experience for the work.

A man with great political experience and accustomed to dealing with affairs in a large way, your correspondent is informed, will be chosen, and ample time will be taken in order to be sure of getting such a man.

C. A. Macgrath, chairman of the international joint commission, fuel controller for some time and familiar with conditions throughout every part of Canada is one of those mentioned most frequently as a possible choice of the government. He has been to Washington many times in connection with his official duties.

CHIEF JUSTICE MAY SIT HERE TOMORROW

Case of Albert W. England, Charged With Forging Prescription Blanks, to Be Heard.

It is possible that Chief Justice McKeown will preside Tuesday at the sitting of the Court of King's Bench in this city. The only case on the criminal docket is that of The King vs. Albert W. England who was sent up for trial by Police Magistrate Limerick on the charge of forging the name of Dr. George W. Bailey of Fredericton Junction to a prescription for liquor. A considerable number of witnesses were examined during the preliminary examination in the police court and the evidence in the higher court will be practically the same.

The offense is a serious one and in the event of conviction the accused will be liable to a sentence of some length.

FAT WOMEN IN CHICAGO LOSE WEIGHT

Chicago, May 2.—Lost—somewhere in Chicago, between April 22 and 29, fifty-six and a half pounds of femininity. No reward is offered as they are gone forever.

Fifteen members of the "Work and Grow Thin" class of Dr. John Dill Robertson, Chicago's health commissioner, reported at his office in the City Hall this morning to weigh in after the first week of training and to compare notes.

After the weights had been recorded it was found the combined loss amounted to fifty-six and one-half pounds, or an average of three and three-quarters pounds apiece.

Mrs. Nellie Leonard carried off the honors of the class by bringing her weight down from 323 pounds to 315, showing a net loss of eight pounds.

A mysterious "Mrs. Jones" who admitted that was not her name, a dark horse in the sweepstakes as it were, showed the next greatest improvement. He weight last week was 224 pounds. She tipped the scales today at 217½, a loss of six and one-half pounds.

Miss Lillian Hurwitz, the "light heavyweight" of the bunch, took third honors having reduced five pounds from 180. Her record however, was equalled by Mrs. J. H. Halstead who brought her weight down from 218 to 213, also a loss of five pounds.

After weighing, the class resolved itself into an experience meeting. One plump little woman said that instead of rolling on the floor she had been turning somersaults—she just rolled that way naturally.

"I fairly stuffed myself with bran bread," said another.

"And I walked down town this morning," boasted a third.

Several complained of a chronic hunger that nothing less than a double porterhouse would satisfy.

F. M. Kirby of Sherbrooke is in the city.

NO SIGN YET OF DROP IN PRICES

Washington May 2.—Reports from Federal Reserve agents show a marked tendency of prices to resume their upward movement, the Federal Reserve Board reported tonight, but the board noted the hopeful sign, from the consumer's viewpoint, of "anxiety concerning the overstrained situation resulting from excessively high prices and wages," which it believed forecast a slowing down in the skyrocketing of prices.

While high prices of necessities obviously were chargeable to inefficiency and underproduction to a large degree the board advanced the belief that the high costs of production were aggravated by the added expense of obtaining capital.

The board "viewed with some alarm" the question of obtaining adequate labor for the farms. This question was considered the most difficult element of the whole labor situation.

All lines of manufacturing have shown unprecedented activity, with textile makers leading in capacity operation. In the shoe and leather field, however, a "mixed situation" exists, which in some cases has resulted in a semi-stagnation.

Pinehurst, N. C., May 1.—Shooting in an exhibition before the executive council of the American Bankers Association at Pinehurst today Annie Oakley broke 100 clays in six minutes and sixteen seconds, loading her own gun. Huitt, admitted killing a Canadian woman he had married, but whose name he could not remember, according to Thomas Lee Wolvine, district attorney, who said the confession was made to him yesterday.
