## MOVEMENTS OF THE STARS IN FILMLAND

Reid to "Chauff."

Wallace Reid's next will be another automobile picture, "Free Air," taken from the Satevepost. At present he is working on "Always Audacious."

Nazimova's Plans.

Mme. Alla Nazimova, who had planned to leave pictures for the speaking stage this fall, has announced that nothing could make her desert the movies. She has just finished "The Peacock Lady," and will come East to her farm in Portchester county, N. Y., where she will become a farmerette and forget that such a thing as acting ever existed. She will return to California November first, to make more pictures for Metro.

Constance Binney, the Realart star, is touring Central Park this week. She and her entire cast are out on location for the outdoor scenes in "39 East," her stage success which is now being filmed. "The park's all right," says Miss Binney, "but the crowds that collect make me feel like a circus side-show. I didn't suppose there were so many people in New York!"

Virginia Warwick, former bathing beauty, has been chosen by Rex Ingram to play the part of Chichi, the little Spanish girl, in "The Four Horsemen of the Apocalypse." This is Miss Warwick's first dramatic role, but she declares that she's left the sad sea waves for good and will go in for emotional and dramatic work.

Madge Kennedy is deserting the screen for the stage. She will be seen next season in a Henry W. Savage production, "Coroner." Her last trip into the land of footlights was in the Selwyn comedy, Fair and Warmer.

Katherine MacDonald, "the American beauty of the screen," has started work on her seventh picture, "The Second Latchkey," from the novel by C. N. and A. W. Williamson. Supporting Miss MacDonald in this mystery are Edmund Lowe, Claire Du Broy, Thomas Jefferson, Howard Gaye, Lenore Lynard and Helena Phillips.

### HOW SAD

The Brunton studio p. a. sends in this one declaring earnestly that it actually happened and provoked a laugh from seven actors, three prop boys, a director and the world's greatest press agent.

During the production of "The Tiger's Coast," Director Roy Clements took the cast to a small town in Lower California to film Mexican village scenes. When the troupe arrived at the place after a hard stage ride it was noticed that Frank Weed, the comedian, looked pretty downcast.

"What's the trouble, Frank?" he was asked. "You look grieved."

"I am," said Weed. "Lost my baggage on that blooming stage."

"Too bad. How did it happen?"

"The cork came out," said Weed sadly.

### FEEL THE SURGE OF ABOUNDING YOUTH

Age is sickness—gradual disintegration of the tissues which comprise your vital organs—your nerves, heart, liver, kidneys, brain. Each of these organs depends on the internal secreting fluids of certain glands. When such glands become lax in their functioning, through under or over-secretion, you are sick. Unless these glands are added to resume proper functioning, the tissues of the vital organs gradually wear and crumble away. You are old in health, if not in years, and old-fashioned methods of treating sickness are admittedly helpless. Your days are numbered unless you get at the seat of the trouble by direct action, and that is by revitalizing and restoring the glands to their proper functioning.

Go to your druggist. If he is an up-to-date one, he will have

## MOUNTAIN TOP BURIED ENTIRE VILLAGE

Manila, Tuesday, Aug. 17.—Collapse of a mountain top on this island in a recent storm, buried an entire Igorote village under hundreds of feet of earth blotting out the lives of seventy natives, according to official advices received here today. The village was located in the mountain province within 100 miles of the city of Manila. The top slid down upon the village at midnight. No bodies have been recovered this afternoon.

## PALLID CHEEKS MEAN ANAEMIA

**New Health Can be Obtained  
by Enriching the Blood  
Supply.**

When a girl in her teens becomes peevish, listless and dull, when nothing seems to interest her and dainties do not tempt her appetite you may be certain that she needs more good blood than her system is provided with. Before long her pallid cheeks, frequent headaches and breathlessness and heart palpitation will confirm that she is anaemic. Many mothers as the result of their own girlhood experience can promptly detect the early signs of anaemia and the wise mother does not wait for the trouble to develop further, but at once gives her daughter a course with Dr. Williams' Pink Pills, which renew the blood supply and banish anaemia before it has obtained a hold on the system.

Out of their experience thousands of mothers know that anaemia is the sure road to worse ills. They know the difference that good red blood makes in the development of womanly health. Every headache, every gasp for breath that follows the slightest exertion by the anaemic girl, every pain she suffers in her back and limbs are reproaches if you have not taken the best steps to give your weak girl new blood, and the only sure way to do so is through the use of Dr. Williams' Pink Pills.

New, rich, red blood is infused into the system by every dose of these pills. From this new rich blood springs good health, an increased appetite, new energy, high spirits and perfect womanly development. Give your daughter Dr. Williams' Pink Pills and take them yourself and note how promptly their influence is felt in better health.

You can get these pills through any dealer in medicine or by mail postpaid at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

No society editor ever seems to have the nerve to say that it was the bridegroom who was "led to the altar."

Though we have no way of telling, we suppose that at home the Californians talk about something else than their lovely climate.

Mr. Edison will have to retire to obscurity as the world's greatest inventor if a man comes along with a tax system that cannot be circumvented.

## DISASTROUS FOREST FIRE IN THE WEST

Kamloops B. C., Aug. 19.—A relief train, bringing injured and refugees from a great forest fire area along the North Thompson River has arrived here. The fire is supposed to have started on August 1, from lightning and was fanned into a great flame by a wind early this week.

First news of the seriousness of the fire came when an eastbound freight train on the Canadian National Railway ran into a sea of flames ten miles from Avola Station. They rescued several men and a number of horses and then beat a hasty retreat down the railway line. The train remained at Murphy's Siding until daylight, when the engine was sent forward again.

Dr. Curry of Kamloops and another man were found badly burned. Dr. Curry may not recover. Ten other persons saved their lives only by wading into the Thompson River up to their necks

and waiting until the flames and heat subsided.

Dr. M. G. Archibald and seven nurses were sent out on a relief train from Kamloops Wednesday morning. At the same time a special train was sent from Blue River Station to rescue the people on the north side of the fire. The body of one rancher, Frank Smith, was discovered.

Several ranches in the path of the fire were completely wiped out. Fenell's sawmill was burned at Mile 31, where the loss, including cut lumber and poles, will be about \$100,000.
