Jersey City, N. J., May 14—Lew Teller of Philadelphia, knocked out Georges Papin, lightweight champion of France, in the sixth round of a scheduled 12-round bout before the Armory A. A. About 4,000 fans watched the battle.

Papin, who came here with a reputation of never having been knocked down, did not have a chance.

THREE HUNDRED DOLLARS FOR CHINA IN PIE

Hamilton, May 12—James Konkle of Beamsville is using Garnet Wong, proprietor of the Grand Cafe, for \$500 damages he says he sustained by eating a piece of pie in the defendant's restaurant. With the pie, he says, he swallowed a piece of china one inch and a quarter by one inch and one-eighth, and one-sixteenth of an inch thick.

Doctors Stillwood and Addy testified that Konkle suffered great pain. Garnet Wong, proprietor of the cafe, testified that all the crockery of the cafe had been trimmings. T. Lee the present proprietor, corroborated this. The china Konkle swallowed had a distinct blue band.

R. Darvell, who ordered chocolate pie at the same time as plaintiff, said he also found china in the piece served to him.

The court awarded Konkle \$300 damages.

HOLY GHOST AND US SOCIETY DISPERSED

Durham, Me., May 14—From all indications the Bible class of the Holy Ghost and Us Society held its last meeting on the Shiloh Hilltop last night and the class was broken up, never to be reformed. It is understood that only about 30 of the more than 600 who formerly belonged to the class attended the final meeting.

Rev. Willard Gleason has moved his family from Shiloh and has gone to work in a garage in Boston. Rev. John Sanford the only son of Rev. Frank Sanford, the founder of the Holy Ghost and Us Society is employed in the dyehouse of a woolen mill at Lisbon Falls. N. G. Brown, who married Mr. Sanford's sister and who for many years was postmaster at Shiloh, has also gone to work in the dye house. Capt. Knight another near relative of the Shiloh leader, is now employed in leading one of the horses which drag the shovels used in the construction of the new mill at Lisbon Falls.

The State has been asked to take charge of one of the two patients at the Shiloh Hospital and it is announced that as soon as these patients leave the hospital is to be closed never to be reopened. On all sides indications point to the complete breaking up of the Shiloh colony.

A DIFFERENCE.

"Did you tell that little bouncer that a handsome face like his should appear on the screen?"

"Not exactly. I told him it should be screened."

MONEY WILL BE KEYNOTE OF CONFERENCE

Berne, May 15—A distinguished American financier, who has been discussing the coming Spa conference with leading allied and German statesmen, is deeply struck by the divergence of their respective standpoints concerning the conference. The allies he said, seemed to have no notion but of asking Germany why she has not fulfilled her financial obligations, and how soon she will make her first reparations payment. Germany, however has no idea but that the conference is for the purpose of enabling the allies to decide how and when they can best advance her large credits, thus raising her exchange and enabling her to get raw materials. Thus each side expects from the other what it does not desire to give, that is, money.

Winnipeg, Man., May 14. (Special) "I advise everybody who suffers from backache to use Dodd's Kidney Pills." So states Mr. Adam Duciewicz, who resides at 183½ Maple Street, this city. Asked to give the reason why he gave this advice, Mr. Duciewicz said: "Dodd's Kidney Pills have done me a great benefit. I even wonder myself how this medicine helped me. For ten years I was so weak it was impossible for me to walk. When I started to use Dodd's Kidney Pills I felt I was getting young and strong again."

WILDCAT MASCOT GOES

New York, May 14—"Bill Penhant," wildcat mascot of the Giants, has been released outright. Bill, it may be said didn't make good. John McGraw has given him to Fred Toney, who will send him to his home in Tennessee, where he will have for company a bear cub which Fred caught in the mountains a couple of years ago.

Bill's last message to the boys, translated by Toney, was one of regret that he had failed to put them in the lead in the flag chase. It is understood that he blamed his lost effectiveness on the weather, stoutly maintaining that it was much too cold in New York for a native of Sonora, the Mexican State from which he hails.

LILA LEE RENEWS CONTRACT
Will Continue as Member of Famous
Players-Lasky Company.

Jesse L. Lasky, first vice-president of the Famous Players-Lasky Corporation, in charge of production announces the renewal of Lila Lee's contract, and it is understood that she will continue to appear in roles similar in character to those which she has been doing of late. It is evident to all who are associated with the young actress that she is possessed of a generous amount of latent talent, which is being rapidly developed, in keeping with her growth in years and familiarity with motion picture technique.

It is not yet announced what her next work will be, but in the meantime she is appearing in William D. Taylor's production, temporarily titled "The Boy."

THE CHANCE

"How did this accident happen?" asked the reporter on the scene of the railway horror.

"Somebody stopped the train by pulling the airbrake cord," answered the conductor, who was among the survivors. "So the second section ran into us. It will take six hours to clear the track so that we can go ahead."

"Six hours?" screamed a passenger who had not yet spoken. "Six hours? But I was to have been married today!"

"Have you any idea who pulled the rope?" continued the reporter, disregarding the interruption.

"I didn't have till this minute," whispered the conductor. "But what's the matter with telling the detective to watch that fellow that just butted in?"

A NARROW ESCAPE

Hans had a small shop in the city, and on leaving it to go home one evening he accidentally turned on a gas jet. Early on the following morning Hans reappeared, and just as he opened the door he struck a match to light his pipe.

Among the things that happened was Hans, and when the force of the explosion died out he was rolling up against a tree along the curbstone. Instantly several people rushed to his assistance.

"Are you hurt Hans?" they solicitously cried, lifting him to his feet.

"No, I haven't hurt," answered Hans "but it looks as if I should get out in time."
