TUESDAY, APRIL 20, 1920

THE VALLEY RAILWAY.

Premier Foster's review of Valley Railway matters in the House yesterday was plain and business-like and will be read with a great deal of interest by the people of this province. The construction of this road, involving as it did an outlay of upwards of six million dollars, was a big undertaking for the small province of New Brunswick and the interest charge to be borne each year will be equivalent to a tax of dollar per head upon every man, woman and child of the population. The road is now being operated by the Federal Government on a forty per cent basis, but unless something is done to increase the traffic receipts it will be some years before New Brunswick's share of the earnings will come anywhere near meeting the annual interest charge upon the bonds. The Premier is anxious that the promise made to the people by the Old Government, that the road be extended to Grand Falls, should be carried out; but shrewd and far-sighted businessman that he is, he wants to see daylight ahead before taking on further financial obligations. His proposal is that the Federal Government build the missing link from a point near Meductic in the County of York to the International boundary so that the road may have direct connection with the great railway system of New England. If that were done it will mean that all freight and passenger traffic for New England points originating on the C. N. R. and its branches in the Maritime provinces will pass over the Valley Railway from St. John to Meductic, thus adding enormously to the gross earnings. Then the Provincial Government would feel justified in going ahead and extending the line northward from Centreville to Andover or Grand Falls, and thus put it in a position to capture the New England bound traffic of Northern New Brunswick. It is a sound proposition and will mean much to the province. The whole thing seems to hinge on having the missing link from Meductic to the Maine border constructed with the least possible delay. This is a matter which the Boards of Trade of every city and town in the province should take up earnestly with the Federal Government and the authorities of the Canadian National Railways, and no stone should be left unturned until the thirty odd miles of road needed for a New England connection becomes a reality. There is no argument that can be seriously advanced against the proposal. It would mean good business for New Brunswick and good business for the Canadian National Railway.

THE POWER BILL

The bill to develop the water powers of New Brunswick was practically put through the Committee stage of the Legislature yesterday. The splendid features of the measure, and the ample safeguards it provides for the safeguarding of the public interests warmly commended themselves to both sides of the House and the bill went through without opposition. At the suggestion of Premier Foster the Committee reported progress on the bill in order to have a few alterations made and to give time for the consideration of several amendments suggested by Mr. Baxter

ASK FOR A QUARTER OUNCE OF FREEZONE

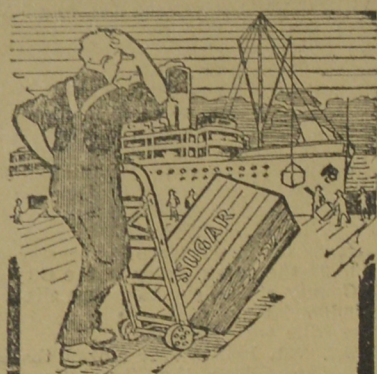

Any corn will dry up and lift out, says a Cincinnati authority.

Let folks step on your feet hereafter; wear shoes a size smaller if you like for corns will never again send electric sparks of pain through you, according to this authority.

He says that a few drops of a drug called Freezone, applied directly upon a tender, aching corn, instantly relieves soreness, and soon the entire corn, root and all, lifts out without pain.

This drug is sticky but dries at once and is said to simply shrivel up the corn without inflaming or even irritating the surrounding tissue.

It is claimed that a quarter of an ounce obtained at any drug store will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. Cut this out, especially if you are a woman reader who wears high heels.

Muscles Mean Nothing

when the nerves fall down. The nerves control the muscles. The stomach feeds both.

HAWKER'S NERVE & STOMACH TONIC has no equal as a nerve food, blood maker and invigorator. It is an excellent remedy for depression and despondency.

Read what Mr. E. L. Rising, of the well known St. John firm of Waterbury and Rising, has to say: "I have used Hawker's Nerve and Stomach Tonic in my family for years, and consider it has no equal as a blood builder and appetizer. It was especially beneficial to my children after an attack of fever."

Yours truly,
E. L. RISING.
Sold by all druggists and general stores at 50c. The same price everywhere. None genuine without Company's name.
HAWKER'S TOLU AND CHERRY BALSAM IS A SAFE AND SPEEDY CURE FOR ALL COUGHS AND COLDS.
HAWKER'S LITTLE LIVER PILLS CURE ALL STOMACH ILLS.
THE CANADIAN DRUG CO., Limited,
ST. JOHN, N.B.

and others.

The power bill is looked upon by many people as the most progressive and useful legislation ever submitted to the New Brunswick Legislature. To provide cheap power for the people of this province has long been a pet hobby of the gentleman who is now the head of the government and he is deserving of hearty congratulations on his perseverance and success in bringing the matter to a head. It shows that he has been able to do what his predecessors in office were content to talk about. With lumber and far from producing setting a record breaking price and with cheap power to drive the wheels of industry is there a man with soul so dead who does not believe that New Brunswick is on the eve of greater development and expansion.

More Desecration

The Old Protestant Burying Ground near the center of the city and one of the beauty spots of Fredericton has recently become the scene of wanton destruction. Two tombstones, one a heavy slab and the other a cross have been overturned. The base of the stone slab has been pried out of the earth completely and the cross, just at the head of "Graveyard Hill" has been displaced and overturned. This could not have been done accidentally on account of the great weight of the stones particularly the larger, and for the same reason could not have happened through carelessness. The conclusion is that the damage was done maliciously by some person or persons and it is hoped that before long they will be made to answer for their actions.

THROUGH OUR SIEVE

No man over 50 should marry a woman who isn't a good nurse.

If a girl gets only one letter a year she always reads it on the street.

It's useless to waste sympathy on a man who has the toothache.

It is difficult for a young man to understand what attractions his sister has for other young men.

A girl doesn't really believe that a young man never made love to another girl, but she says she does.

A prophet is without honor in his own country because the neighbors get tired of hearing him say, "I told you so."

In London girls are troubled with jazz-lined faces. Evidently "jazz-lined" sounds more sophisticated than "wrinkled."

THE HUBBY NOT WANTED

Niagara Falls, Ont., April 18—Charles Hubbard of Ponthill married a girl on Tuesday of last week, but he told the parents only Sunday night. The father at once put his new son-in-law out, and locked the girl up, and would not let her join her husband. Hubbard told an information against H. Simpson, the father, and today in the county court he agreed to let the girl go. She will be allowed to visit her parents if she is alone. The husband is taboo.

BISHOP DELIVERED HIS CHARGE

(Continued from page 8.)
splendid answer. It is a great lesson to us all. It ought to teach us as I have said, not only to trust God to hear and answer prayers but to trust God's people to do their duty when that duty has been made plain to them. I hope that we shall learn that lesson. Money however, is not the most important about the Forward Movement. Most of all it stands for the deepening of the Church's Spiritual life and in the time that it remains to me I turn to that. The movement has been throughout the expression of our sincere desire to quicken the church's conscience of God and to deepen its religious life. Money was asked for and received only as a necessary means to a great end. The sacrifice involved in the offering of money was to symbolize and express a greater sacrifice—the surrender of ourselves our souls and bodies, without grudging and without reserve. It follows then that the real end of the Forward Movement remains yet to be achieved, its shining growth yet to be attained. His Lordship declared and emphasized the fact that the call comes yet more insistently to both clergy and laity alike.

King's College

Upon one other important topic which Bishop Richardson touched was the recent destruction by fire of King's College, Windsor, an ancient landmark in the history of the church. Its history has been bound up in the churches development and growth and has been writ a deep religious life and fruitful in great achievements. Upon its honor roll are inscribed the names of many famous men and from its halls have gone forth along unbroken line of those who found happiness and honor in preaching the gospel of good tidings under the commission of the Catholic Church. Now that it has been destroyed, he said there rests upon the church the grave responsibility of seeing that the College does not die but continues to do the work for which it was created. Speaking of the proposed federation with Dalhousie University he said that that idea had been his own most earnest hope and he did not hesitate to make it known. He continued "I have indeed only two regrets in this connection first, that the logic of events would seem to make the realization of that hope impossible and second, that there should have been in certain quarters so ungenerous a readiness to impute disloyalty to those who cherished it. As I have said for reason for finance federation has been found impossible and the only practical plan would seem to be to build again at Windsor. Now that the question has been settled the problem before the College is one of ways and means.

Serious Problem

"It would be useless to shut our eyes to the fact that the problem is a very serious one. In these days of inflated prices and unstable conditions it is difficult to form an estimate of the amount required to replace the building but it is not likely to fall far short of a quarter of a million of dollars. whilst to meet the liability there is insurance to the extent of less than \$50,000 and a guaranteed subscription from the Town of Windsor of \$10,000. Upon that basis therefore at least \$190,000 must be raised.

C. P. R. Officials Here

H. C. Groat of the C. P. R., retiring superintendent of the Atlantic Division, is here today in his private car. His successor Mr. Woodman is with him.

WANTED—By May 1st, girl for general housework. Address Mrs. W. T. Whitehead, care Mrs. D. Richards, Brunswick street.

PUBLIC AUCTION

PUBLIC Notice is hereby given that there will be sold at public auction on the homestead premises of the late James W. Jewett, on Keswick Ridge, Parish of Bright, on MONDAY, the 26th day of April instant, at the hour of one o'clock in the afternoon, the following lots of land and real estate, viz.:

1. The homestead premises of the said James W. Jewett, at Keswick Ridge aforesaid, said to contain 80 acres, more or less, together with the house, barns and improvements thereon.
 2. A lot of woodland situate on the west bank of Macnaquac Stream, in the Parish of Bright, said to contain 44 acres, more or less.

- Also at the same time and place, a quantity of household furniture and farm machinery, including mowing machine, wagons and harness.
- Dated the 17th day of April, 1920.
(Sgd.) ALEXANDER BREWER,
WILLIAM COBURN,
Committee of Estate of
Roy C. Jewett.
- SLIPP & HANSON,
Solicitors, etc.

JOHN J. WEDDALL & SON'S Ladies' Silk Hose

VENUS, in Black, White, Grey, Bronze and Navy Blue.

HOLEPROOF, in Black, White, Grey, Brown and Navy Blue.

BLACK SILK HOSE, White Clocks.

WHITE SILK HOSE, Black Clocks.

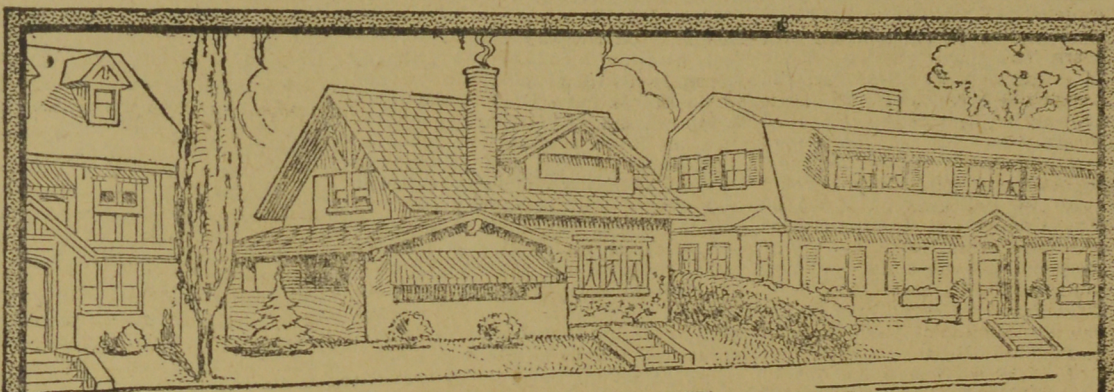

LADIES' SILK ANKLE HOSE, all colors.

LADIES' CHAMO SUEDE WASHABLE GLOVES in Black, White, Grey, Fawn and Brown.

John J. Weddall & Son

Narrow Belts for Suits, Coats, etc.

Mail orders solicited.

A Serviceable Roof and —A Handsome Roof

Combine service with beauty and good taste in roofing your home. It costs no more to use good roofing—roofing that gives an air of dignity and refinement so lacking in ordinary roofing.

NEPONSET TWIN SHINGLES

Asphalt Saturation—Slate Surfaced—Fire Safe.

Supply a roof that combines durability and service with a pleasing and attractive appearance.

For protection from heat, cold, rain, storms and the risk of external fires, caused by sparks and burning embers, "Neponset" Twin Shingles are rendering excellent service on thousands of residences, bungalows, churches, schools and public buildings throughout Canada.

"Neponset" Twin Shingles are the

only Twin Shingles manufactured. They are two shingles in one, thus reducing the time of laying, and the number of nails required by one-third.

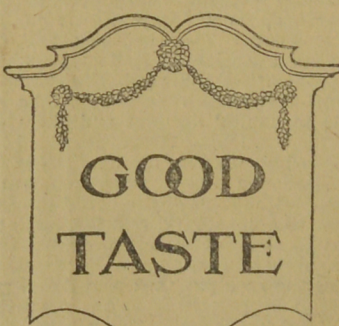

"Neponset" Twin Shingles are so designed that they can be laid close together, assuring a roof that is absolutely weather-tight, while retaining the appearance of a slate roof.

"Neponset" Twin Shingles are made in two colors, red or green.

R. CHESTNUT & SONS

"Canadian money, Canadian made, should be spent in Canada for Canadian trade."

NEPONSET ROOFS

My stock of FUNERAL FURNISHINGS is selected with care and good judgment from the lines manufactured by the best factories in Canada. Telephone orders receive every attention and I guarantee to make appropriate selection of any Funeral Furnishings when required. Orders shipped anywhere by express on one hour's notice.
