MR. BOTTOMLEY, M. P., SUGGESTS A ROUND TABLE CONFERENCE BETWEEN BRITAIN, JAPAN AND U.S.

IN THE INTERESTS OF WORLD PEACE

Declares America and Japan
are Now Building Warships
"Hell for Leather"—Britain
Should Not be Indifferent as
to What is Going On Across
the Sea.

London, Dec. 13.—A round table
conference between American, Japan
and Great Britain, looking to the cur-
tailment of Naval programmes and
in the interest of economy and world
peace, is suggested by Horatio Bot-
tomley, M. P., in this week's "John
Bull." In a double page article he calls
attention to the fact that America
and Japan against America, but Great
for leather" while Britain is con-
structing no capital ships.

"It may be said," he continues, "and
probably with a measure of truth, that
America is building against Japan,
and Japan against America, but Great
Britain, however well insured of the
peaceful intention of her rivals, can-
not be indifferent to the state of af-
fairs, which if it persists unaltered,
will rob her of her faintest claim of
the title of 'Mistress of the Seas.'"

"I recognize fully that we do not
live in a world governed by the lofty
idealism of the League of Nations;
and that a writ of the League's court
of arbitration does not run in America
and that there are features in foreign
policy of the United States that would
alarm thoughtful observers. I am
not concerned enough to deny."

"At the same time I am not going to
believe that in the absence of the
most cogent and direct evidence, it
it with eyes on this country's posi-
tion in the world, that America is
building a mammoth navy. It is the
same in the case of Japan, who up to
now has fulfilled her treaty obliga-
tions to the letter, leaving no great
complaint."

LONDON TIMES REPRESENTATIVE IS IN THE CITY

Dr. Cossley-Batt, Young Eng-
lish Lady, Arrived Here
Saturday—On Tour
of the World.

Dr. Cossley-Batt, special correspon-
dent of the London Times, arrived
here Saturday and registered at Win-
sor Hall. She is a young lady who is
travelling around the world in the
interest of her paper which is known
as far as the English tongue. Dr. Cos-
sley-Batt is a graduate of Oxford
University and served during the late
war in various capacities.

Her visit to Canada is for the pur-
pose of getting first-hand information
concerning the country and its peo-
ple. She had visited St. Stephen and
other places in New Brunswick.

Immediately after her arrival here
she made arrangements to interview
His Worship Mayor Reid and inspect
some of the industrial plants of the
city. This afternoon she waited upon
His Worship.

SOME ENGLISH CAPITALISTS INTERESTED

Quebec, Dec. 13.—In an interview
here on his arrival from England,
Major General Sir David Watson said
that what he had noted particularly in
England was the unqualified interest
which English capitalists and the pub-
lic in general manifested in Canada,
and the desire of business men to come
and invest their money in the re-
sources of this country.

He was very much impressed with
the successful organization of the Em-
pire Steel Corporation which had
aroused keen interest in British fi-
nancial circles. It could now be con-
sidered a certainty that the big cor-
poration, which meant so much for
Canada, had been completed and 25-
000,000 pounds sterling subscribed.

NO WONDER.

The young man yonder bears a
charmed life.
You don't say so.
Yes, he falls in love with every girl
he meets.

Berlin, Dec. 13.—An appeal in aid of
Prince Kropotkin, whose desperate
plight in Russia makes immediate
help imperative, is published here.

Kropotkin is reported to be without
food and clothes. The Russian Govern-
ment refused him and his daughter
passports. If he is not to die of star-
vation, help must be sent through the
Red Cross, and the present Russian
Government must be asked to grant
him a permit to leave for Switzerland
or Italy.

Prince Kropotkin now seventy-eight
years old, a well known revolutionary
lived in London for twenty-five years.
After the overthrow of the Tsarist
Government, he left for Russia.

GREAT BRITAIN IS NOW LEADING IN GREAT DRIVE FOR SPEEDY WORLD PEACE

A Notable Policy of Thrift and Economy is Now
Being Carried Out in the Old Country—A De-
mobilization of the Armies is Called For—
Other Nations Following Campaign of Nation-
al Economy—The Irish Question.

(By William G. Butler, staff correspondent of the Daily Mail; by
Cross-Atlantic Newspaper Service.)

LONDON, Dec. 13.—A notable policy of thrift and economy
which augurs well for a favorable readjustment of Anglo-
American exchange, is apparent everywhere in Great Britain,
says Sir William Mackenzie, former Canadian Railroad mag-
nate, who is now in England. "Britain is now leading in a great
drive for a speedy world peace, and a demobilization of armies
and armaments which is crushing European taxpayers, and
keeping thousands of young men from necessary work in pro-
duction. Other nations are following their campaign of nation-
al economy which is commendable in view of the strikes;
in addition responsible officials are keeping their heads."

Amidst the clamor for a larger navy from various sections
because of the increase in the American-Japanese navies, I be-
lieve that there is every indication that responsible officials,
in a desire for economy and peace, will ignore these calamity
howlers and realize that neither the United States nor Japan
are potential enemies.

THE IRISH PROBLEM.

The Irish question is a problem too, but after the last Am-
erican election no sane man could believe that it would involve
England and the United States, nor is there a possibility of real
friction between two nations like Canada and the United States.
The prices of commodities are dropping in Great Britain great-
ly, but I don't expect a disastrous slump, and I believe that an
entire readjustment of economic values here is now proceed-
ing sanely and sensibly for such an alliance. France has held
the view for some time that such an alliance would be the most
effective guaranty of European peace, but they refrained from
moving openly in the question because it was thought desirable
to give the League of Nations a chance to devise machinery for
maintaining peace.

If nothing definite emerges from the Geneva Conference,
France will consider herself free to act, and as soon as the
Easter question is out of the way, Britain will probably be in-
vited to express her opinion on closer relations.

PRUSSIAN SOCIALISTS OPPOSED TO AMNESTY FOR THE HOHENZOLLERNS

BERLIN, Dec. 13.—Prussian socialists are vigorous in op-
position to the recent proposal that an annuity be settled by the
state upon the House of Hohenzollern. Leaders of the party
are preparing to ask the Prussian government to exert every
influence to have a law enacted providing that the entire for-
tune of the Hohenzollerns shall become the property of the state
without remuneration to the dynasty beyond granting a very
modest pension to the members of the former Imperial family.
Socialists favoring the measure expect strong opposition on the
part of various political parties of the imperialistic faction, but
feel certain that there will be sufficient support by the Demo-
cratic parties to ensure the passing of the bill.

SAD PLIGHT OF AUSTRIAN WAR BIGAMIST

(By Leon Schalit)

Vienna, Dec. 13.—A rather pathetic
case of a husband with two wives
occurred here recently. He had been
a prisoner of war in Siberia and by
some mistake had received the news
there that his wife at Vienna had
died. Some time afterwards he fell in
love with and married a Russian wo-
man who helped him to escape
through Russia to Austria. She too
was passionately in love with him,
and although not understanding a
word of German she followed him to
Vienna.

When the fugitive and his second
wife arrived and he went up to his
apartment, the door was opened to
him by his first wife. The poor woman
who had been waiting for him nearly
six years, could not understand, and
refused to harbor either her husband
or the other woman under her roof.
The man went to the police and asked
them: "What in heaven's name am
I to do? Where and how shall I live?"

BRITAIN NOT STRONG FOR THE 'PHONE

London, Dec. 13.—Britain ranks only
fifth as a telephone user among the
seven most progressive countries of
the world, the United States being a
long way ahead of them all. For every
hundred of the population of Great
Britain and Ireland there were last
year only two telephones, while Nor-
way had twice as many, Sweden three
times as many, and the United States
over six times as many. In those latter
countries the telephone is looked upon
as a boon and blessing, and indispen-
sable; in Britain because it is ineffi-
cient and costly it is unpopular; and
largely because it is unpopular it is
inefficient and costly.

Dance Tonight.

The first dance under the auspices
of the Damon Club will be held in the
Old Gaiety Theatre tonight, beginning
at 8.30.

(There is a dreadful scarcity of
dwellings here.) "We are sorry," they
replied, "we really don't know what
to advise you." And this problem has
remained unsettled up to the present
day.

SIR HORACE PLUNKETT SAYS THAT THE DESTRUCTION OF IRISH CREAMERIES IS HEART BREAKING

PRO HOCKEY PLAYERS WILL BE WEEDED OUT

Covey Comes Back from Win-
nipeg to Put Things on a
Straight Amateur
Basis.

Winnipeg, Dec. 12.—Sensation fol-
lowed sensation at Saturday's meet-
ings of the A. A. U. of C. and when
adjournment was finally moved much
had been accomplished, not only re-
establishing the union in public opin-
ion, but vindicating amateurism,
which rose triumphant above the
forces which threatened to discredit
it. Startling developments punctuated
the discussion throughout; veiled
professionalism was rigorously dealt
with; summary action was taken to
rid amateur hockey of the "peripate-
tic" parasite; and in an unanimous
satisfaction resulting from work well
done, officers were elected, Dr. Bruce
Macdonald reassuming the president-
ial reins by acclamation.

Dominion-Wide.

The Canadian Hockey Association
will in fact become dominion-wide in
scope and jurisdiction, if plans mooted
at an informal meeting held here
Saturday materialize. The Ottawa dis-
trict which had been admitted as a
branch of the A. A. U. of C. and
which had applied for affiliation with
the C. A. H. A. under the cognomen,
Central Canada Amateur Hockey As-
sociation, will be admitted to mem-
bership, but not under the name cited in
the application. This will bring back
into Allan cup competition a group of
teams which was connected with the
earlier history of the trophy, but
which had gradually broken away
since the cup came under the jurisdic-
tion of the C. A. H. A.

A strong endeavor will be made in
the maritime provinces to get the
Bluenoses to adopt amateurism in
hockey and renounce the present "mix-
ed" species played there. A. W. Covey
of St. John when told that the prov-
inces would be admitted to mem-
bership of the C. A. H. A. and allowed
to participate in Allan cup playoffs, if
they adopted the amateur laws as laid
down in the handbook, assured the
meeting that, armed with this promise
he would go back and work toward
the desired end. Mr. Covey was urged
by the officials to make a strong stand
for amateurism to eradicate the pros
who were keeping the maritime prov-
inces out of the Canadian champion-
ship series to organize on amateur
basis and then seek affiliation with
the C. A. H. A.

PREPARING TO ATTACK POLAND

(Special to the Daily Mail, by Cross-
Atlantic Newspaper Service.)

Copenhagen, Dec. 13.—The soviet
are preparing for a new and over-
whelming attack on Poland, according
to dispatches from Russia.

The Pravda says that all Russians
up to the age of thirty-six, regardless
of sex, have been called to the colors.
Women are being mobilized in san-
itary troops and workers' battalions to
take the places of men who are being
moved out of industry. Fifteen new
divisions are to be found between Mos-
cow and Bialsk training for the new
war.

WINTER FAIR OPENS TONIGHT

Amherst, N. S. Dec. 13.—The Mar-
itime Winter Fair will be formally
opened here this evening by Lieuten-
ant Governor Grant. The display of
live stock is particularly large and the
snow gives promise of being the most
successful ever held here.

Was Given Two Years.

A sentence of two years in the
Boys' Industrial Home was imposed
upon Bell Sherman of Marysville by
Police Magistrate Limerick this morn-
ing. The young fellow was charged
with stealing breeches and puttees
from the local armory of the Cana-
dian Machine Gun Corps. He pleaded
guilty. Wilfrid Lily charged with a
like offence was remanded until Tues-
day.

SPEND SIX WEEKS IN UNITED STATES

Greatest Authority on the Irish
Land Question Declares That
His Work is Disappearing
Before His Eyes—Destruc-
tion of Creameries Will Have
Serious Economic Effect.

Special to Daily Mail. Copyright 1920
by Cross Atlantic News Service.

(By J. M. Denvir)

London, Dec. 13.—Sir Horace Plunk-
ett, the greatest authority on the Ir-
ish land question, is sailing today for
America on a six weeks' rest. Seen in
the House of Commons yesterday he
said the destruction of the Irish
creameries is heart breaking. "My
life's work is disappearing before my
eyes" he added. "The destruction of
these plants will have a serious econ-
omic effect on England. Butter and
cheese that these industries have ex-
ported here during the last year has
exceeded thirty million dollars in val-
ue. Against which British goods have
been sent to Ireland. To ruin the
creameries means that the Irish farm-
er must sell his milk cow and the in-
dustry will then disappear. Insurance
rates against risk of action by the
Crown forces is already prohibitive.
My sole anxiety is, that the English
people should really know all the
truth from Ireland. If they realized
the present conditions would be stop-
ped immediately."

BOY SANG ON WAY TO HIS EXECUTION

Chicago, Dec. 13.—Nicholas Viana,
former choir boy, whose 19th birthday
came to an end shortly after 8 o'clock,
Sunday morning, when he was hanged
for murder, gave a farewell concert
for fellow prisoners in the jail.

Singing the "Miserere," Viana
marched through the jail corridor en
route to the death cell.

Viana was known as the "Song
Bird" of the jail. He entertained the
prisoners daily for months. He was
convicted of participation in several
murders committed by the notorious
Cardinella gang, whose leader, Sam
Cardinella is also under sentence of
death.

Frank Camplone, another member
of the gang, was hanged several weeks
ago, and other members who turned
State's evidence are serving life sen-
tences.
