

FALL APPLES BEING SHIPPED BY CARLOADS

**MONTREAL PRICES
BETTER THAN IN 1919**

Freight Rates and Other Expenses Higher Than Last Year—Quality is Very High.

The cooperative shipment of apples from the St. John Valley section of New Brunswick is well under way. The production of all apples is greater than was expected at the first of the season. The varieties of apples shipped so far this season are Duchess Dudley, Wealthy, Alexander and Wolf River. The later varieties will be shipped from the present time on.

Price Better Than Last Year.
The Montreal market is taking a large proportion of the product of New Brunswick orchards this season. The price is slightly higher than that of last year but with the forty per cent increase in railway freight rates and higher cost of barrels, the profit to the producer is no greater.

The quality of the apples shipped from this province this year is high. Seven carloads have been shipped so far. Two carloads were from Burton, one from Keswick two from Burton, and two from Gagetown. There are still large shipments to be made.

Hartland and Edmundston have each taken a carload of apples from this section.

Monday Demonstration.

Edgcombe's will show a beautiful range of Paris and New York gowns Monday morning. The ladies are all invited.

Football Game Today

The first football game to be played here this season will take place at 3 o'clock this afternoon on College Field when the U. N. B. and the city teams will stage an exhibition game. Mr. Bert Cochrane coach of the U. N. B. fifteen will act as referee. No admission will be charged.

Child Died This Morning.

The death occurred this morning of David L. Blomstone, aged eleven days, son of Mr. and Mrs. Harry Blomstone of North Devon. The funeral service will be held this evening at 7.30 at the home of Mr. Stanley Chase, Rev. R. W. McCaul officiating. Burial will take place tomorrow at 11 a. m. in the Rural Cemetery.

The Damaged Seaplane

St. John Times: Major A. B. Shearer, who flew from Halifax yesterday to assist Colonel Leckie at Whelpley's Point, arrived in the city today and left on the afternoon train for Halifax. He said he had made arrangements for the Fairley seaplane, which was badly damaged yesterday, to be brought to St. John on a scow and shipped from here to Halifax.

May Play at St. John

There is still a possibility that St. John baseball fans will have an opportunity of seeing some of the star players of the American League. The manager of St. Peter's baseball team is still negotiating with them and although they are demanding a stiff guarantee, he is endeavoring to get backing from some local citizens in case of wet weather or a deficit. If arrangements can be made they will appear at St. John next Friday and Saturday.

Archbishop's Opinion

In a recent interview with Archbishop McCarthy, Halifax concerning the Referendum to be held in Nova Scotia on Oct. 25th, His Grace expressed himself as being in hearty sympathy with the campaign to obtain prohibition of importation of liquor for beverage purposes, and said that the priests of the Catholic Church would cooperate with all workers who are now endeavoring thus to promote better conditions along the lines of temperance reform. His Grace authorized the General Secretary of the Social Service Council to give this statement to the press.

Will Give Course Here

A provincial machine gun school for the 7th Machine Gun Brigade, commanded by Lieut. Col. C. J. Mersereau will be held in St. John, beginning November 1st. A similar school will be held at Fredericton beginning on January 3rd. Both these schools will be commanded by officers of the permanent force, under the supervision of Lieut. Col. Sparling, D. S. O. Instructors will be supplied from the permanent machine gun headquarters at Kingston. Each school will last for six weeks and certificates will be granted to the officers and N. C. O.'s taking the course.

Accident on North Shore

Dr. Nicholson of Newcastle came within an ace of death at Douglastown on Monday, while on a professional call. He was turning his car on the highway and in backing he went over a bank which is twenty feet high and crashed to the bottom. The car turned completely over and landed upside down on a tree stump, which fortunately plunged into the centre of the car, just in the rear of the doctor, who had whirled over with the car and was still in the driver's seat when the crash came. The stump prevented the car from hurling itself close to the ground. There remained a space of about ten inches between the upturned body and the ground, and Dr. Nicholson though severely shaken and bruised, was able to crawl out. Nearby residents rushed to his aid and he was conveyed to his home in Newcastle. Last reports state that the injuries are quite serious. The doctor was alone in his car at the time.

PROVINCIAL EMPLOYEE LOST ON MIRAMICHI

**DETAILS MEAGRE BUT
SEARCH HAS BEEN BEGUN**

Man Named Kinney Belonging to Glassville Went Hunting and Did Not Return—Canoe Upset.

A cruiser, by the name of Kinney, in the service of the Forestry Dept. of the Provincial Government with a survey party on the headwaters of the Miramichi, has been reported missing by a dispatch from the party's base at Glassville, Carleton County.

Kinney it appears is well acquainted with the section of the woods in which they are operating and is also an experienced hunter and guide this makes his disappearance probably the result of mishaps.

The missing man left his party on a short hunting expedition. It is quite probable that no uneasiness was felt at first since the party without doubt had great confidence in the cruiser's knowledge of the ways of the woods. However, a search was at length made and the only clue found was an upturned canoe in a lake.

Thirty Miles From Settlement.

The party was at the time camping at a distance of about thirty miles from the settlement and village of Glassville so it would seem altogether impossible that the man would have left for that or any other point without first indicating the same to his camp.

The news was brought out yesterday and an investigation is already being made which will it is believed, disclose the details of the incident in the course of a few days. A man started in today to reach the party.

HEAVY VOTE BEING POLLED

Polling today in Fredericton and vicinity brought a large number of electors, women being particularly interested in the provincial election. They appeared at the polls as workers in large numbers and there were numerous clashes between representatives of the opposing parties.

At the Normal School a woman who has been very aggressive in the canvass on behalf of the Opposition, handed a ballot this morning to a young woman who was a supporter of the Government. The ballot was at once torn in two and trampled under foot.

At the Court House early in the morning there was a clash between two women workers on opposite sides which was interesting while it lasted.

In the city and neighboring towns the struggle seems to be between Government and Opposition with the United Farmers not polling a heavy vote.

The Government workers are confident that they are bringing out a large number of voters.

POTATOES AND OATS HAVE LARGER ACREAGE

**SHEEP SHOW MARKED
INCREASE IN NUMBERS**

Statistics of Department of Agriculture Show That Other Classes Have Decreased.

The Department of Agriculture has compiled statistics relative to the numbers of head of live stock in the province, and the acreage of field crops. Owing to the difficulty in securing labor there has been a decrease in numbers of live stock with one exception and in acreage with the two exceptions.

In the great majority of cases the decreases have been slight. Sheep show a substantial increase. In field crops potatoes and oats show an increasing acreage in contrast to other crops.

The Details.

The statistics issued by the Department of Agriculture are as follows.—

Live Stock

Numbers of farm live stock in New Brunswick, 1920, as compared with 1919 are as follows:

	1919	1920
Horses	77,828	76,737
Milch cows	153,058	147,760
Other cattle	211,964	185,228
All cattle	365,022	332,988
Sheep	212,745	280,090
Swine	104,939	92,825
Poultry	796,698	753,234

Field Crops

Areas of Field Crops in New Brunswick, 1920, as compared with 1919.

	Acres 1919	Acres 1920
Wheat	35,641	29,485
Oats	305,484	309,071
Barley	10,662	8,177
Rye	353	254
Peas	4,697	2,844
Beans	6,409	4,254
Buckwheat	74,642	66,366

Potatoes	75,573	78,335
Turnips, etc	24,279	20,030
Hay and Clover	786,175	726,380
Fodder Corn	5,906	5,243

To Succeed Rev. Father Murphy

Rev. E. J. Conway, parish priest of Chipman, has been appointed to succeed Rev. M. T. Murphy as pastor of St. Anthony's Church, Devon, and its missions. Rev. Father Conway will take up his pastoral duties October 24th. Rev. Father Murphy is to become pastor at Milltown.

Took Over Hotel

The authorities of Mount Allison College have deemed it necessary to take over the Ford Hotel, Sackville, when they had more than seventy girls seeking entrance for whom they had not any rooms. Still there are more than twenty seeking homes in private residences.

Mr. Marven W. Hamilton of Winnipeg, Manitoba was visiting friends and relatives in this city yesterday.

IN COURT

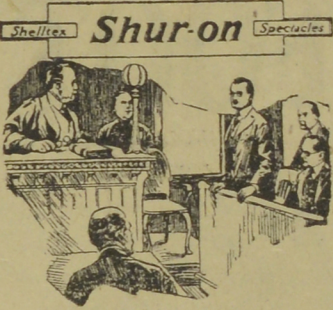

on the Judge's Bench, in the Juror's box, or in any place where the mind is called upon to weigh facts carefully, you need clear vision, the essential to clear thinking.

BE FAIR

to your eyes. Have them examined regularly. Correctly fitted Shelltex, Shur-on Spectacles look as if made for you alone. Specify them.
