SIR THOS. LIPTON'S SHAMROCK WON THE FIRST YACHT RACE

The Victory, However, was Due to an Accident Which Befel the Cup Defender in the Latter Part of the Race—Cloudy Weather and a Light Wind—The Next Race to Start at Noon on Saturday.

Sandy Hook, N. J., July 15—Great Britain gained her first toe hold in forty-nine years on the America's Cup today, when Sir Thomas Lipton's challenger, Shamrock IV, won the first race of the 1920 regatta after the defender Resolute had been forced out of the running by an accident to her rigging. The green challenger must win two more races out of a possible maximum of four if she is to achieve Sir Thomas Lipton's dream of taking the trophy back to Britain. The Resolute must win three out of four to retain the cup which has been in possession of the New York Yacht Club since 1851. The second race will start at noon on Saturday.

Shamrock IV's victory today was won in the face of what seemed certain defeat. The Resolute had taken the lead at the start and held it by an everwidening margin until, as she swooped within half a mile of the turning mark, fifteen miles from the start spectators on the great fleet of pleasure craft saw her great area of bellying canvas shiver and begin to sink, fluttering, down her mast. A sudden gust had snapped her throat halyard and a second later the jaws of her gaff were shattered beyond repair.

Captain Charles Francis Adams, Jr. sent two men aloft to repair the damage while the stricken yacht limped slowly around the turning mark, nearly five minutes ahead of Shamrock IV. A few moments later, however, the men descended, reported the extent of the damage and Captain Adams gave the order and furling the Resolute's mainsail and gave the race to Shamrock IV.

When the Resolute was seen to be in trouble the tug bearing Sir Thomas Lipton's colors drew swiftly up to the steam yacht Victoria from which Sir Thomas was following the progress of his challenger. Many yachtsmen believed Sir Thomas was ordering Shamrock IV to fail to cross the finish line making it no race. A statement he issued later said this was his initial impulse, but that he had been persuaded by his companions to permit Shamrock IV to finish, as it was felt that construction and sturdiness of the contender should be taken into account in determining the issue as well as comparative skill of the rival crews. More than one hundred craft ranging in size from an ocean liner to tiny power boats that were almost lost in the maze, followed the contenders over the thirty-mile course that started even with the Ambrose lightship and took them fifteen miles south west by south along the New Jersey coast and back.

Shamrock IV was given a mighty ovation of screaming whistles and sirens as she flashed across the line at 26 min. and 26 sec. after 4 o'clock, having completed the course in 4 hrs. 24 min. 48 sec.

The weather was anything but satisfactory for a yacht race. The sky was heavily overcast and what little breeze was stirring was fitful.

Shamrock's greater size and sail area which had resulted in race officials awarding Resolute a handicap of six minutes forty seconds, was plainly visible as the two sloops crossed. But Resolute was to show, between the start of the race and the time she was forced out, that for sailing weather such as today's she had no handicap. The 58 seconds start she had gained at the outset had been widened to nearly five miles before she was obliged to furl her disabled mainsail and drop out of the race.

Repairs on the Resolute will be effected in time for a resumption of the races on Saturday.

The Accident

The wind which was wafting Resolute along was blowing less than six miles an hour, while off shore Shamrock was getting it much stronger. There were no squalls, not even a puff when suddenly the mainsail of Resolute shivered, and the yacht, with only part of her mainsail hoisted but peaked far up, was nearly helpless.

Still Adams kept her on and she limped the mark at 2.52.54. For a time it looked as if the damage might be repaired. When it was found that Shamrock was nearly five minutes astern it was hoped that Resolute might keep on and perhaps win by a short margin. Soon two of the head sails were taken in and when the sails began furling the said which had been hauled down with considerable difficulty, it was seen that the race was over as far as the defender was concerned.

In the meantime Shamrock had come up and made a wide sweeping turn entirely unnecessary and then

passing Resolute headed for the finish fifteen miles away. Shamrock turned the mark at 2.57.39.

Summary—First Cup Course fifteen miles to windward and return. Wind, southwest, light.

Shamrock, Royal Ulster Y.C.—Start 2.01.38; finish, 4.25.48; elapsed time, 4.24.47.

Resolute, New York Y. C.—Start, 12.00.40; finish, disabled.

Not His Way

Aboard Steam Yacht Victoria, Sir Thomas Lipton, owner of the challenger declared that while technically he won the first race, he does not want that kind of victory. "It is not Tom Lipton's way," he declared.
