THE SUGAR SITUATION

In concluding an article dealing with recent developments in the sugar situation the Montreal Journal of Commerce edited by Hon. W. S. Fielding, says:

"The sugar refining interest in Canada is a large and important one, important as a home industry, and important also in its relation to our trade with the West Indies. That the refiners may reap a fair return for their enterprise and their investment must be the desire of every citizen. It is generally believed that they had a fair measure of success during the war and for considerable time later. If the market has now turned against them and they stand to suffer loss, the fact will be regretted. But such a consideration does not in itself form a ground for Government interference. In every department of finance, industry and commerce, the trader must take the risk of gain or loss, reaping the profit when it has to be met. Such are the laws of business. It is not easy to see how an exception can now be made in the case of any commodity in general use, for the purpose of making the consumer in Canada pay a much higher price than that at which the article is commonly sold in the neighboring country."

Demand for flour is still very black with merely incidental buying for urgent needs, says the Northwestern Miller, of Minneapolis. Prices have steadily fallen and wheat and patents are nearly \$5 per barrel below the high point reached last spring, but the fluctuations in wheat have deprived buyers of all confidence as to future values. Canadian wheat and flour continue to influence the U. S. market but to a smaller degree, owing to the drop in prices on the other side of the border. Reports indicate that the U. S. Shipping Board will reconsider its decision fixing ocean freight rates on wheat relatively far below flour rates which is considered to be necessary if the export flour trade is to be saved from extinction. The flour mills in the States are running about 60 per cent of capacity.

The right of a bank to seize dividends of a shareholder in payment of a debt owing by that shareholder even when his shares are held under conditions of a will that guard the bequest from seizure for debt, has been maintained by a majority judgment of the court of Review at Montreal. J. H. R. David, was the plaintiff-appellant, and he inscribed against a judgment of the Superior Court which had maintained the Banque d'Hochelaga's seizure of dividends payable to David. The bank refused to pay to David certain dividends because it claimed he owed the bank an amount over and above the sum of the dividends. It was pleaded that the bank was justified in its seizure under the provisions of the Bank Act.

Recent despatches from New York have stated that Canada is about to face a new competitor in the newsprint market of the United States in the shape of German importations but the invasion is not likely to be of large enough proportions to cause much anxiety, in view of the ever increasing call for newsprint and the fact that consumption is increasing more rapidly than production. In the book and writing paper line it was stated by one of the speakers at the Canadian Paper Trade Association meeting, held last week in Toronto, that English makers of fine paper were now beginning to canvass the trade in Canada for business and had made some attractive offers.

The Hydro-Electric Commission and the Parks Department of the City of St. Thomas have placed the trimming of the trees on the streets where hydro wires are strung under the superintendency of the Horticultural

Society. The St. Thomas Horticultural Society have as their chief plantsman, Mr. R. V. Smith, formerly superintendent of arPk's of London, who is an expert along this line. The trimming is being done in a sane manner. That part of the work on the tree that it is necessary to remove to protect the wires is paid for by the Hydro Commission, and the balance of the work to make the tree symmetrical is paid for by the City Council.

St. John Timse: The appointment of Hon. E. A. Smith as chairman of the Hydro-Electric Commission will be universally approved. He proved an exceptionally able administrator of the crown lands department and may be relied on to give excellent service in this new capacity. The appointment will strengthen public confidence in the determination of the government to carry on vigorously and in the public interest its hydro-electric policy. Hon. Mr. Smith was a member of the government which developed the policy, and is therefore well qualified to take the position.

The official trade returns of the Union of South Africa for the first quarter of 1920 show an enormous increase over the foreign trade of the corresponding quarter of 1919. Imports increased by well over 4,000,000 pounds sterling, and exports by nearly 9,000,000 pounds sterling, exclusive of raw gold. The total value of imports was 20,104,506 pounds sterling, and of exports, 29,038,334 pounds sterling, including raw gold, which amounted to \$1,191,455 pounds sterling, and for the first time on record, surpassed in value the raw gold exported.

"What do you know about Absalom," the Rev. George Craig Stewart, pastor of St. Luke's Episcopal Church of Evanston, Illinois, asked that question of two hundred students of the Northwestern University. "Ignorance of the Bible is appalling," Dr. Stewart said. "Out of these 200 there were only 9 who had ever heard of Absalom, and about 199 who could tell me all about 'Babe' Ruth."

The monetary value of the mineral output of British Columbia for 1919 was \$33,296,313, as compared with \$41,732,474 in 1918. There was a decrease in quantity in the minerals, but owing to the high prices of silver, that metal showed a monetary increase.

THROUGH OUR SIEVE

Philosophy is what we turn to for consolation when our plans fail.

Man doesn't look half as impotent wheeling a baby as he does leading a dog.

To prolong life, buying on the dollar a-week plan is better than a goat gland.

You can lead a man up to the soft drink trough but you can't make him wink.

Most people would rather not have this question asked them: "Which do you prefer, gas or ether?"

A contractor with a house for sale belongs to that class of people who think \$10,000 isn't much money.

CORNS ARE LIKE KNOTS

Year by year they grow harder and incidentally more painful. Why suffer when you can be cured for 25c. spent on Putnam's Corn Extractor? Fifty years in use and guaranteed to cure. Use Putnam's Extractor 25c. at all dealers.

Arrostock Market Quiet
 The potato market is quiet in Arrostock county, holding nominal at \$2.50 and \$2.75 a barrel. The farmers say they must have close to \$3 a barrel to make the season pay. H. W. Armstrong, a Caribou producer, received \$5.25 a barrel for his crop, getting nearly \$30,000. He sold potatoes in the field to a New York buyer after the potatoes were in blossom.

SECOND HAND

WANTED—Ladies and gentlemen's cast off clothing, boots, fur coats, gowns, furnishings stoves and all kinds of second hand goods. Goods called for.

Apply or write, Uncle Sam's Exchange, 106 Regent street, Grievous Building.

THE VENTRILOPHONE—Wonderful Double Throat Swiss Warbler. Bird and Animal Imitator. Fun for everybody. Catalogue and sample 8c. Stone, Fredericton, N. B. Box 474.

FOUND

FOUND—Fountain pen near Devon Post Office owner can have same by paying for this advertisement. Apply, phone 337-31.

FREE OF TERRIBLE KIDNEY TROUBLE

After Three Years of Suffering, "FRUIT-A-TIVES" Brought Relief

MADAME HORMIDAS FOISY

624 Champlain St., Montreal.

"For three years, I was ill and exhausted and I suffered constantly from *Kidney Trouble and Liver Disease*. My health was miserable and nothing in the way of medicine did me any good. Then I started to use 'Fruit-a-tives' and the effect was remarkable.

I began to improve immediately and this wonderful fruit medicine entirely restored me to health. All the old pains, headaches, indigestion and constipation were relieved and once more I was well.

To all who suffer from Indigestion, Constipation, Rheumatic Pains or great Fatigue, I advise the use of 'Fruit-a-tives'."

Madame HORMIDAS FOISY.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

MOST EVERYONE USES THEM FOR THE STOMACH

They Act Quickly, and Make You Feel Lively as a Kid.

A crowning curative triumph in medicine is now given to the world, and all who have been sufferers from headache can be cured by a purely vegetable remedy.

Calomel, salts and such like are no longer necessary. They are harsh and disagreeable. Science has devised something far superior, and you can go today with 25c to any druggist and buy a box of Dr. Hamilton's Pills, which are considered the very quickest and safest cure for the stomach, bowels, liver and kidneys.

Half sick men and women who scarcely know what ails them, will be given a new lease of life, with Dr. Hamilton's Pills. Depressed spirit, disapp'ear, headaches are forgotten, appetite increases, blood is purified and enriched, pains at the base of the spine are cured, the nerves are toned up, ambition to work is increased, and day by day the old-time health and vigor return.

A trial only is necessary to prove how beneficial Dr. Hamilton's Pills are to all who are weak, nervous, thin, everywhere in 25c. boxes.
