BOGUS COUNT ARRESTED

Vienna, Dec. 8.—Posing as Count Sternfeld, a daring international chavaler, Dinustrie Rudolph Kornfeld, wanted by the police of four countries has been arrested here. Kornfeld represented himself it is alleged, as the son of the late Empress of Austria and bought castles and huge estates in Germany for which he did not pay.

He lived in a palace at Gollitz in an extravagant style until he was forced to flee to Austria. When arrested he was floating a syndicate with a capital of sixty-three million marks, which would operate in Germany.

MOONSHINE STILL SEIZED

Lexington, Ky., Dec. 8.—Nine fully equipped stills of from 50 to 100 gallon capacity, 6,500 gallons of still beer and 100 gallons of moonshine whiskey were taken by Federal agents in a raid in the "South America" district in Whitely county Saturday after a pitched

MUCH DAMAGE BY THE STORM

Montreal, Dec. 7.—Following the protracted rain of the weekend the river level took a jump and is now thirty feet eight inches, or eight inches over the highwater mark.

From the standpoint of the horticultural and nursery gardens the recent storm is the worst in over a decade. The combination of sleet, rain and frost, has played havoc with the trees and has caused widespread mortality to young trees. Losses are estimated at from ten to forty per cent but the heaviest loser is the city of Montreal. Mount Royal Park road is blocked with fallen limbs.

battle between thirty moonshiners and fourteen prohibition agents and United States marshals.

At least one moonshiner is believed to have been killed or seriously wounded in the skirmish that preceded the actual battle.

IF STRENGTH DECLINES AS AGE ADVANCES, FOLLOW THIS SUGGESTION

So many women grow old before their time, perhaps your wife or sister. A little while ago, buoyant, full of vigor and activity—she enjoyed life and imparted pleasure to the whole family; but now in a few short years she has faded and lost color and strength. She is just ready to develop some disease that will further weaken and debilitate. You remember how it began, failure of appetite, tired in the morning, found housework burdensome, always nervous and a little irritable. It's a shame to let her go down hill further when you can build her up so quickly with Ferrozone. The change this nourishing tonic makes in a weak woman is surprising. It gives great zest for food, increases appetite and digestion enormously. The blood gets richer and stronger and adds new life to every organ in the body. A rebuilding process works through the entire system. The first week will show an improvement and a month or two will fatten up the thinnest, most run-down woman you can think of. Take Ferrozone for lost color, for nervousness, for weakness,—use it when run-down and feeling poorly—it will do you more lasting good, keep you in better health, than anything else. Just as good for men and children, too, because Ferrozone is harmless and safe, 50c. per box or six for \$2.50, at all dealers, or direct by mail from the Catarrhozone Co., Kingston, Ont.

The Trying Days

IT has been well said, a school teacher has more influence in shaping the lives of her scholars than their parents.

How necessary, then, is it that she should have a bright, clear brain, and be strong and vigorous in order that she may give them of her best.

The worry and the work, the strain and anxiety of a teacher's life are such as tell severely on the nervous system. Time and again teachers have had to give up good positions on account of a weak heart, run down health and shattered nerves.

To such Milburn's Heart and Nerve Pills come as a boon and a blessing.

Their purpose is to make the weak heart strong and the shaky nerves firm, and thus build up the entire system to full strength and vitality.

Miss L. E. Hopkins, Kirkton, Ont., writes:—"I have used Milburn's Heart and Nerve Pills for weak heart. I was so nervous I had to leave school for two years. After I had taken five boxes of the pills I was able to go back to my school again, feeling in good health."

Milburn's Heart and Nerve Pills are 50c. a box at all dealers, or mailed direct on receipt of price by

LIQUID COAL DEVELOPED IN OLD COUNTRY

Special to Daily Mail. Copyright 1920 by Cross Atlantic News Service.

London, Dec. 7.—Coal may in future be bought by the bottle. A liquid form of the fuel has been invented by C. C. Calvert, of Twickenham, who calls it "Colloil." It is made from a mixture of about sixty per cent coal dust and forty per cent crude fuel oil residue.

"The experiments I have now completed," said Mr. Calvert, "were undertaken primarily with the object of finding commercial uses for the enormous quantities of dust fuels which are too small to use for briquettes or stoking."

"It is officially estimated that there are over a million tons of these surplus fuels lying idle in this country alone, and in normal times the production is as much as 30,000 or 40,000 tons a week."

"Colloil" is made by mixing oil dust in a small machine just as one might mix flour and water.

"I am satisfied that by using 'Colloil' in any plant at present burning residual oil economies to the extent of thirty per cent can be achieved."
