THE UNION GOVERNMENT WAS SHARPLY ASSAILED IN THE HOUSE OF COMMONS BY LIBERAL LEADER

PLEA ON BEHALF OF THE PORT OF ST. JOHN

The Government Disregarding the Wishes of the People by Clinging to Office — The Country Being Given Autocratic Rule — Large Expenditures Have Been Unaccounted For.

Ottawa, June 1.—Of paramount interest to the people of St. John amid the varied events of today's budget debate, was the speech in which Hon. W. L. Mackenzie King, leader of the opposition drew the attention of parliament to the inadequacy of the facilities of the port to take care of the shipping drawn to the port to carry away Canada's products to all parts of the earth. He referred to his own visit to the port of St. John and outlined the situation which was drawn to his attention by the Commercial Club in a tour of the port. His visit was made in January, and he was so impressed with the situation that he had a list made of the ships that filled every wharf there as well as the thirteen or fourteen ocean liners which had to "wait their turn to get a place to anchor in the harbor." He referred as well to photographs sent him giving an exhibition "of railroad terminals so jammed with cars that it is impossible to find a bit of open track on any part of them."

After referring to the trade passing through the port of St. John, Hon. Mr. King said, "now, everything that can be done to increase and further develop this vast trade is desirable. But as was pointed out by some honorable gentlemen who have spoken in this debate and particularly by my honorable friend from Red Deer (Mr. Michael Clark) it is impossible to have trade going in one direction and expect to continue doing business unless you have cargoes going in the opposite direction as well. You will observe, Mr. Speaker, that a great many of these ships, came to Canada in ballast, bringing nothing whatever into the Dominion. That is not a condition that can be kept up indefinitely."

Galleries Crowded.

Ottawa, June 1.—Members of the commons were in their seats, and the galleries were crowded this evening, with person waiting to hear the result of the division on the budget, which it had been announced, would be taken before the house again adjourned. After Hon. Mackenzie King, leader of the opposition, had spoken for three

PENNSYLVANIA WOMAN KILLED HER LOVER, THEN SUICIDED

PHILADELPHIA, June 2.—Madly in love with a married man, according to the police, Mrs. Mary Frances Dunlop, living on a farm near West Grove, Pa., shot and killed L. Leroy Eichelberger, the object of her infatuation, as he lay in bed with his wife and infant, early yesterday, then drove to her own home and killed her eleven-year-old daughter and herself. Mrs. Dunlop was 36 years of age and Eichelberger 30. At a coroner's inquest, at which the jury found that Mrs. Dunlop had done the killing, Mrs. Eichelberger testified as to her husband's relations with Mrs. Dunlop and of her having left him. She returned to him only last night. Robert Dunlop said he was convinced his wife was insane as she had several times threatened to kill herself. He had been separated from her for two years.

SOME BIG EXPENDITURES MADE IN NEW BRUNSWICK DURING LAST YEAR OF WAR

Long Delayed Report of the Dominion Auditor General is Out at Last—Nearly Three and a Half Million Dollars was Spent in New Brunswick—A Fuel Bill of \$29,000 Contracted in Fredericton—List of Payments.

The long overdue report of the Dominion Auditor General for the fiscal year ending March 31st, 1919, has just come to hand and contains a lot of information which should be of great interest to the public at the present time. The report is published in four volumes and contains among other things a list of expenditures under the War Appropriations Act, which will no doubt be perused with considerable interest.

The total expenditure incurred in the New Brunswick Military District for the year ending March 31st, 1919 (which takes in the last year of the war) amounted to \$3,457,901.03.

While the bulk of this money was expended in St. John, Fredericton came in for a good share, and a perusal of the list of beneficiaries would seem to indicate that the old time patronage list of the Tory party was not altogether discarded.

Pay and allowances for officers and men of the C. E. F. make up the largest items of expenditure, but very large sums were paid out for supplies. Vanwart Bros., St. John, retail grocers, were paid \$121,305.05. The sum of \$43,061.86 was paid to the Colwell Fuel Company, and \$40,187 to the Harris Abattoir Company, while the Sussex Mercantile Company came in for \$28,053.-9.

The largest item of expense in connection with the Fredericton depot was \$29,070.81, paid to R. T. Baird for coal and edgings. The complete list of expenditures incurred in Fredericton was as follows:

Like a thunderbolt out of the past comes this plot of an ancient feud laid in the Kentucky mountains. The feud fight takes place in a well-handled age where he can seek his revenge upon the enemy of his father, comes back to the southern town. He demands that the father of a daughter of the enemy give over the girl to him as payment for some forged stock certificates. This is done, but the mar-

SINN FEIN ATTACK UNSUCCESSFUL

Cork, Ireland, June 2.—An unsuccessful attack was made on the police barracks at Blarney last night. There were no casualties although the fighting lasted an hour and a half. Wires were cut and roads were blocked near the town. Military forces were sent to Blarney from this city, but by the time they had arrived the attacking party had disappeared.

ALL NIGHT SESSION OF PARLIAMENT

The Vote Stood 94 for the Amendment and 120 Against It—Cross Benchers Voted Solidly With the Opposition—Amendment Called for a Substantial Reduction in the Customs Duties.

Ottawa June 2.—At six thirty o'clock this morning after an all night session and discussion on the amendment of Hon. W. S. Fielding to the budget, the Unionist government of Sir Robert Borden, was sustained by a majority of twenty-six.

The vote was 94 for the amendment and 120 against it. Hon. Mr. Fieldings amendment was supported not only by the old time Liberal opposition but also by the "Cross Benchers" largely representative of Farmers or agrarian parties who recently left the ranks of the Union Coalitionists. The Fielding amendment called for a substantial reduction of Customs duties on the necessities of life and machinery and implements of production.

The House had waited throughout the night and the early morning for the result of the vote and when the division bells rang there was a general flocking of members to the chamber. When the vote was announced, cheers arose from the government benches.

MONTCLAIR, NEW JERSEY, MAN WILLED HIS WIFE TO HIS BROTHER

NEW YORK, June 2.—So much did John E. Lekiauf, who died at 167 Park street, Montclair, N. J., love his brother, that he willed him his wife. He provided that his widow will lose the income from \$40,000 if she marries any one other than "my beloved brother, George L. Lekiauf." The brother resides in the testator's home. But the widow's income is not to be paid to her unless she excludes from her residence her father, Ernest A. Schmidt. If he resides with her or has anything to do with her children, the trust provision is revoked. The testator was more kindly disposed toward his mother-in-law for she is to be cared for and have all her wants satisfied from his estate. After their mother's death the testator's three children, boys, are to divide the principal. "It is my wish," the will concludes, "that my children meet once each year at my grave, shake hands and make up any grievances."
