WATER EXTENSION IN WOODSTOCK ROAD DECIDED UPON BY THE CITY COUNCIL AT REGULAR MEETING

Estimated Cost About \$25,000—Will be Capital Expenditure—Building Activity Expected to Follow Extension—Hospital Bond Issue Matter in Abeyance Until Joint Meeting With Hospital Board is Held—Street Survey of District Between Regent Street and University of New Brunswick.

The City Council last night at its regular June meeting decided to extend the water system on Woodstock Road from the Military Hospital to Bailey Creek. The distance is 5,600 feet and the estimated cost is almost \$25,000. This action on the part of the City Council is the result of a petition of residents of Woodstock Road following the fire which destroyed four dwellings there this spring. Years ago this extension was asked for and there is little doubt that had the extension been made then even partially the Aberdeen Mill operated by Donald Fraser & Sons which was burned in 1905, would be one of the city's industries today. It is not known if the entire extension will be made in one year but in any event it is expected that there will be considerable building activity in Woodstock Road following the laying of the water mains. The size is to be ten-inch, eight-inch and six-inch.

The Council also dealt with the Hospital Bond-issue matter but the only result was the decision to ask the Hospital Board to confer with the Council on various matters. This means that action on the matter is deferred for at least one month. Ald. Neill introduced a motion which meant practically immediate action but secured no seconder. The general opinion was that the city in the event of giving extensive financial assistance, should have some claim on the property and considerable control of the Hospital Board.

The matter of providing streets for an irregularly built section of the city between Regent street and the University of New Brunswick was considered and it was decided to have City Engineer McDowell make a plan showing where streets would be located if the street plan of the city were followed.

The Baird contract for stone for

street building was allowed to remain as it was it being found impossible to make any arrangement with Mr. Baird.

Auditor's Report.

The report of the City Auditor upon expenses for the month of May was adopted as follows:—

Water	\$4013.38
Fire	276.47
Roads and streets, ordinary ..	4551.06
Roads and streets, capital ..	309.35
Public Works	856.16
Contingencies	141.92
Justice	572.46
Street Lights	394.63
Sewerage	1282.49
City Hall	33.20
Wharves	11.82
Municipal Home	2.50
House connections sewerage ..	5.20

\$12,450.69

Municipal Home.

Ald. Baxter reported for the Municipal Home Committee and on his motion a cheque for \$2.50 in favor of Commissioner T. A. Niles.

Tax Collections.

Ald. Cain reported as follows on the tax collections for May 1919 and 1920:—

May 1919	\$2782.77
May 1920	3175.10

Woodstock Road Water Extension.

Ald. Neill for the Water Committee presented a recommendation from that Committee that the Water System be extended from the Military Hospital to Bailey Creek on Woodstock Road. The distance was 5,600 feet and the estimated cost \$24,757. There would be two thousand feet of ten-inch main, two thousand feet of eight-inch main and sixteen hundred feet of six-inch main.

Ald. Baxter seconded Ald. Neill's motion to adopt the recommendation. Deputy Mayor Wilkinson said that the question of finance must be considered before such a recommendation

DANCED ON HIS 100TH BIRTHDAY

New York, June 1.—Benjamin Keyser of Ridgefield, N. J., invited his friends in yesterday passed the cigars, danced some jig steps just to show how spry he is and then called the roll of three generations of his descendants. On reaching the age of 100 years, Mr. Keyser hasn't a bald spot on his head doesn't wear glasses and clings religiously to an old pipe. His memory is still good. He can recall the days when he used to enjoy a snifter or two he told the boys and girls of 40 and 50 who gathered about his knees. One of the children at the birthday celebration was his seventy-year-old son George of Rutherford.

There were twenty-four great grandchildren to celebrate him. Among the grandchildren are Frederick K. Hopkins the town attorney of West Hoboken and Percy Hopkins, a former Councilman, warden of the County Hospital. Mr. Keyser told the children to watch out for their health, but for them not to worry about his for another decade or so, when he says, it is quite possible his eyes may begin to dim a little and his hair become thin.

should be passed. The expenditure was heavy and should be under capital account. The bank would hardly finance such an undertaking to be paid out of assessment.

Ald. Neill said that his idea was a bond-issue. The extension should be made if the city was to grow.

Ald. Young was in favor of the extension. If it could not be completed in one season, as much as possible could be done.

The recommendation was adopted.

Maryland Hill District.

Deputy Mayor Wilkinson presented a recommendation from City Engineer McDowell in relation to the Graham property, that Church street be extended to City Road so-called and Victoria street so-called to Church street extension, a survey of the inclosed area to be made.

Ald. Neill spoke strongly in favor of a survey and the laying out of streets in accordance with the city plan, in order to prevent any more irregular location of houses. Dwellings in that section were in a mess as far as location was concerned although as building sites, the land was excellent.

Ald. Young said that St. John street extension should be made before Church street extension although it would be more difficult to make. He favored extending Victoria street to the college line.

There was general discussion on the matter, the opinion being expressed that the location of streets could be shown so that residents of the locality and those building in the future would recognize them.

On the motion of Ald. Neill seconded by Ald. Jennings, the City Engineer was instructed to make a plan of the area bounded by City Road so-called, Regent street, the College line and the C. P. R. right-of-way, showing the location of streets in accordance with the City street plan.

The Baird Contract.

Ald. Young reported that in the afternoon the Road Committee had conferred with R. T. Baird relative to his contract for trap rock, but no agree-

PULPWOOD FALLS OFF

Washington, June 1.—Exports of pulp wood from Canada to the United States for the eleven months ended with February amounted to only 790,828 cords, against 1,499,107 cords for the corresponding period of the preceding year, according to a report received here today from the American Consul at Kingston. February exports were 52,351 cords a decrease of approximately 93,000 cords from the same month last year.

The value of pulp and paper exports for the eleven months period on the other hand, increased to \$92,000,000 \$74,000,000 for the corresponding period of the preceding year, with the February increase amounting to \$2,226,000.

ment had been reached. The crusher was inspected and the reports of the City Engineer relative to the quantity of stone crushed and the cost found to be correct. The recommendation of the Committee was that Mr. Baird complete the first ten thousand tons of his contract.

After discussion the matter was allowed to remain as it was.

Hospital Bond Issue

Ald. Neill said that he approached a considerable number of citizens on the matter of a bond-issue for Victoria Hospital Extension. He had found none who was not in favor of such bond-issue. He then moved a resolution to the effect that the City Council apply for legislation to issue serial bonds to the amount of \$100,000 for proposed additions to Victoria Hospital the bonds to extend over thirty years at six per cent interest, the City Council also to appoint a committee to confer with the Hospital Board concerning larger representation on the Hospital Board.

There was no seconder.

Ald. Young said that he would second if the resolution were amended so as to provide that the Municipality of York give \$50,000 contingent on the bond-issue by the city also that city be bonded to nothing without the legislature's sanction.

Deputy Mayor Wilkinson said that it might be better to let the Hospital Board come to the City Council and not vice versa. It appeared to him that the Hospital trustees had not acted as they might. It never had occurred to any of them that the City Council should have placed before it, the plans for the proposed hospital extension.

Ald. Neill said he did not wish to rush anything. He realized that the City Council should have greater control in the Hospital Board and he did not see how the Trustee Board could make the property over to the city.

Deputy Mayor Wilkinson urged delay until the action of the York County Council might be known.

Ald. Neill amended his resolution to include the suggestions of Ald. Young who seconded it.

Ald. Baxter moved in amendment that the matter be held over for one month. There were several absentees and all should vote on so important a question.

There was no seconder.

Deputy Mayor Wilkinson said the motion was timely and he regretted there was no seconder.

There were four absentees.

Ald. Cain in amendment moved that the Hospital Board be asked to confer with the City Council concerning increased representation to the City Council and the title to the property. The amendment was carried.

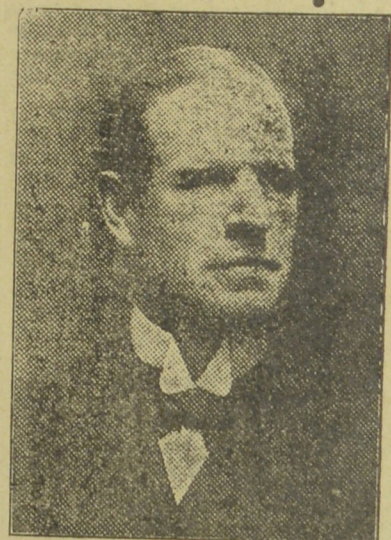

Ald. Jennings suggested that the Deputy Mayor arrange a conference with the Hospital Board.

Deputy Mayor Wilkinson said he would.

The Council then adjourned.

Amiable respectability and a line of plausible dope are the qualifications of a promoter.

This year's potato bugs are expected to be proud and arrogant, feeling themselves above the common members of insect society.

COL. WOODSON FINED FOR DISCOVERED GOUGING IRVIN COBB

Syracuse June 1.—Convicted of profiteering in men's clothing, Weeds, Inc., of Binghamton, and Gordon H. Col. Urey Woodson, of Kentucky, for Smith, general manager of the firm mer secretary of the Democratic National Committee, claims to be the discoverer of Irvin Cobb.

Col. Woodson is the owner of two in clothing in the United States newspapers in Kentucky on one of the first one being that of John A. which, the Paducah Gazette, Irvin Cobb started as a cub reporter. The colonel admits that Cobb didn't know a darn thing about business but he told Cobb that I was done being skin-did have a lot of ability and a powdered, and that if any other editor wanted imagination. If there was a small to give him even twenty-five cents fire in the little town Cobb always more a week he'd better take it.

insisted that the town was burning down and an extra should be got out. "Once I was called to New York," said Col. Woodson, "and while there received a telegram from Cobb that he had been offered more money by a Louisville paper. I wired him to remain until I returned, when I raised his salary \$2 a week. And 'twas a bad stroke of business on my part when I did that, for every time I went away from that, there'd come a wire from Cobb saying he had had an offer of another job. This kept going from bad to worse until finally when I had reached the amount of \$30 a week I

So Cobb didn't wait for any more offers, but left me and went east. Later, however, he wanted to come back, and was just about to do so when Sam Lythe ran across him. He tipped off the late Col. Van Hamm, who offered Cobb \$75 a week. "In describing his feeling to me, when he was offered the job on the New York Paper at a figure which had never entered his wildest calculations, Cobb said in his inimitable way: I didn't wait. I simply jumped out the window and took the sash with me. And it didn't hurt me."

Another Royal Suggestion

DOUGHNUTS and CRULLERS

From the NEW ROYAL COOK BOOK

DOUGHNUTS made the doughboy happy during the war and no wonder. There is nothing more wholesome and delightful than doughnuts or crullers rightly made. Their rich, golden color and appetizing aroma will create an appetite quicker than anything else in the world.

Here are the famous doughnut and cruller recipes from the New Royal Cook Book.

Doughnuts

2 tablespoons shortening
1/2 cup sugar
1 egg
1/2 cup milk
1 teaspoon nutmeg
1 teaspoon salt
3 cups flour
4 teaspoons Royal Baking Powder

Cream shortening; add sugar and well-beaten egg; stir in milk; add nutmeg, salt, flour and baking powder which have been sifted together and enough additional flour to make dough stiff enough to roll. Roll out on floured board to about 1/4 inch thick; cut out. Fry in deep fat hot enough to brown a piece of bread in 60 seconds. Drain on unglazed paper and sprinkle with powdered sugar.

Afternoon Tea Doughnuts

2 eggs
6 tablespoons sugar
1/2 teaspoon salt
1/4 spoon grated nutmeg

ROYAL BAKING POWDER

Absolutely Pure

MADE IN CANADA

2 tablespoons shortening
6 tablespoons milk
2 cups flour
3 teaspoons Royal Baking Powder

Beat eggs until very light; add sugar, salt, nutmeg and melted shortening; add milk, and flour and baking powder which have been sifted together; mix well. Drop by teaspoons into deep hot fat and fry until brown. Drain well on unglazed paper and sprinkle lightly with powdered sugar.

Crullers

4 tablespoons shortening
1 cup sugar
2 eggs
3 cups flour
1 teaspoon cinnamon
1/2 teaspoon salt
3 teaspoons Royal Baking Powder

Cream shortening; add sugar gradually and beaten eggs; sift together flour, cinnamon, salt and baking powder; add one-half and mix well; add milk and remainder of dry ingredients to make soft dough. Roll out on floured board to about 1/4 inch thick and cut into strips about 4 inches long and 1/4 inch wide; roll in hands and twist each strip and bring ends together. Fry in deep hot fat. Drain and roll in powdered sugar.
