

## FURS! FURS! FURS!

MRS. J. E. JOHNSTON has just reopened her Fur Parlors after spending nearly four months picking up new ideas and adding to her fifteen years' experience in the different fur establishments in the United States and Canada, and is now ready to give perfect satisfaction in workmanship and style. In order to start work early, will give special price on all orders taken during August.

Mrs. Johnston wishes to return thanks for the liberal patronage extended to her during the past four years and hopes to merit a continuance of the same. Parlors in Burchill Building, corner Queen and Regent Streets.

## THE IMPOTANT APPENDIX

Patient—The appendix is a useless part of us. We could live quite well without it.

Doctor—You could—but we doctors couldn't.

Memory seems strongest when holding on to the things we would like to forget.

Edward Dawson, 77, formerly a London court stenographer, was sentenced to twelve months' imprisonment for bigamy. He married twice within the last few months, and lived with each wife only a short time. A previous conviction for the same offence was proved against him.

## FUTURE LOOKS BRIGHT FOR POULTRY INDUSTRY

**Farmers are Beginning to Look Upon Poultry Culture as a Sane Business Proposition—Hit and Miss Methods are Being Abandoned—Hens Earn a Profit of Three Dollars a Year Each—Average Yield per Hen 132 Eggs.**

(Experimental Farms Note.)

Three dollars profit over cost of feed each year for every hen on the farm is a very good return, and according to monthly accounts received from farmers, by the Poultry Division of the Experimental Farm, Ottawa, there are a good many farmers' poultry flocks which are actually giving this profit every year, and some even better.

Poultry keeping on the farm is not merely a side line now, but is a sane business proposition, and the hit-and-miss methods that formerly obtained in poultry work should no longer be tolerated. A national industry well on to the one hundred million dollars a year demands business methods and in order to help the industry and to make it possible for the average poultryman to keep track of his poultry operations, the Poultry Division has put out a very simple form for poultry accounting, copies of which will be sent to any person making application and who will return to the Poultry Division each month a duplicate copy.

## A Few Figures.

For several years these poultry accounts have been supplied to persons asking for them and a compilation of the reports shows some very interesting data. For instance, of all the farms reporting their poultry operations \$4.5 p. c. of them show a profit, and of this number the average receipt over expenditure for each hen per year is \$2.04. A might be expected, a number of reports show a distinct loss each year and that is where one of the benefits of the account form comes in. Either the farmer himself or the Poultry Division at Ottawa can pick out the weak point or points and have them rectified.

Some other interesting figures are obtained from these reports. Among these are the figures that show that the average number of hens on the farms reporting is 52.9 the average expenditure per hen that is, for feed, appliances, etc. is 2.91 and the average profit over expenditure is \$2.04. One farmer claims that he can attend to 100 hens while he is attending to one cow and his average return from 100 hens is \$250.000.

**A Manitoba Farm Poultry Account.**  
Mr. Frank Harman, Boissevain, Man. has been sending in these accounts for some time and his inventory for the past year shows a very good profit on investment. He keeps an average of 150 White Leghorn hens and for the 12 months his expenses were—stock on hand \$270, interest on capital invested \$16.20, expenditure for feed and what appliances he purchased for the plant \$292.37—or a gross expenditure of \$578.57. His receipts were,—sales, eggs, meat and stock—\$845.81, value of stock on hand at the end of the year \$266.25, or a total receipt of \$1112.06.

This leaves a balance over cost, without counting the labour, of \$533.49 which works out at an average profit over expenditure per hen of \$3.55. The average yield per hen was 132 eggs.

## Good Prospects.

The future looks bright for the poultry industry, and the man who can keep poultry whether on the farm or in the backyard may look for remunerative returns if he uses business methods in his operations. Prices are good and though feed and labour may be high, one can take for granted that the higher the price of feed the higher the price of the product, and the labour question on a well organized poultry plant is not serious, for some one member of the family, even a boy or a girl, can often look after the poultry. The value of poultry products is being appreciated more each year.

Last winter, when beef on a Canadian market was selling at from 10 to 12 cents for 1 lb. live weight, guaranteed new-laid eggs were selling at 10 cents for two ounces or 80 cents a pound. It is about time that the Can-

adian hen was considered as a valuable asset.

If you want to make more money out of your poultry, write to the Poultry Division of the Experimental Farm for free account forms. They will ask you to return each month a copy, but they will help you make your poultry pay.

Halifax Chronicle: Women have been skirmishing on the edge of the ministry for a good many years, and so far they have not done any material harm, in fact, there are those who regard them as extremely successful. However, there are still found those who refuse to believe that their admission to the ministry can fail to bring the church into contempt. It may be well, however, to consider the other side of the question.

What does it profit a man to overwork, that he may gain enough time to take a short vacation?

Doctors advocate calories and vitamins too much for them to be regarded as appetizing.

There come times when almost every married man wishes his wife had taken a course in domestic science.

Wonder what the citizens of any town that has a proposed new union station talk about after the station is built.

## NOTICE OF SALE

To the heirs, executors, administrators and assigns of Charles MacPherson, late of the City of Fredericton, in the County of York and Province of New Brunswick, and to all others whom it may in any wise concern: NOTICE is hereby given, that under and by virtue of a power of sale contained in a certain indenture of mortgage bearing date the 12th day of November, A. D. 1884, made between the said Charles MacPherson and wife, of the one part, and John Robertson, of the City of Saint John, in the City and County of Saint John and Province aforesaid, gentleman, of the second part; which said indenture of mortgage was duly recorded in the York County Records in Book 44, at pages 634, 635, 636, 637 and 638, the power of sale being under and by virtue of the provisions of the said indenture of mortgage, there will, for the purpose of satisfying moneys secured by the said indenture of mortgage, default having been made in the payment thereof, be sold at public auction in front of the post office, in the City of Fredericton, in the said County of York, on SATURDAY, the 30th day of October, A. D. 1920, at the hour of 12 o'clock noon, the lands and premises described in the said indenture of mortgage, as follows:

"All that certain lot, piece or parcel of land situate, lying and being in the Parish of Kingsclear, in the County of York and Province of New Brunswick, conveyed to the said Charles MacPherson by Henry S. Beek and wife by deed recorded in the said York County Records in Book H-2, pages 16 and 17, and therein described as being in the settlement commonly called Hanwell Settlement, known and distinguished as Lot Number Four (4), on the southeast side of Lake Erina in the fifth tract of the grant to John A. Beckwith and others, bearing date the 8th day of November, 1826, and granted in the aforesaid grant to George N. Smith and by him and Olive, his wife, conveyed to the said Henry S. Beek by indenture bearing date the 13th day of September, 1841, containing one hundred acres with 10 per cent allowance be the same more or less."

Together with all appurtenances and improvements thereunto belonging and appertaining.

Said Mortgage and all rights thereunder having been assigned and transferred by James D. Lewin and Charles Duff, executors of John Robertson, deceased, to John James Fraser and E. Byron Winslow by a certain assignment of mortgage dated the 6th day of November, A. D. 1878, recorded in Book 66 of the York County Records at pages 61 to 63 and by the said John James Fraser assigned and transferred to the said E. Byron Winslow by a certain assignment dated the 2nd day of February, A. D. 1888, recorded in Book G-4 of the said records on pages 87 to 91.

Dated at the City of Fredericton, in the County of York, this 21st day of July, A. D. 1920.

J. J. F. WINSLOW,  
Administrator of Estate of E.  
Byron Winslow, deceased,  
Holder of Mortgage.

WINSLOW & McNAIR,  
Solicitor for Holder of Mortgage.

## VACCINATION OF EMPLOYES

THE FOLLOWING IS PUBLISHED FOR THE INFORMATION OF THE PUBLIC, GENERALLY, AND ESPECIALLY OF THOSE DIRECTLY CONCERNED

"1. Section 30 of The Public Health Act, 1918," being 8 George V. Chapter 36, is hereby amended by adding after the last paragraph thereof the following paragraph:

No person shall be employed in any camp, ship, factory or other place wherein the employees come at frequent intervals into close and prolonged contact one with another, unless and until such person produces to the employer or the employer's representative a certificate signed by a regularly qualified medical practitioner, of successful vaccination, or a like signed certificate that he is immune to vaccination as proven by three consecutive non-successful vaccinations, or that he is immune to small-pox by reason of having had the disease, and no employer shall employ any person in employment as set forth above, without such certificate being produced. When any person contracts small-pox, who is at the time of the inception of his sickness employed as set out in this section, or who was so employed within fourteen days prior to the inception of his sickness and who has not complied or been required to comply by said employer of employer's representative with the foregoing provisions prior to his employment, then in such case the employer shall be primarily liable to pay all such costs, charges and expenses as the sub-district Board of Health concerned may have incurred in necessarily protecting the public health; provided such charges, costs and expenses were incurred in or about the necessary precautions relative to, or immediately appertaining to, any such case of small-pox, and such costs, charges and expense may be sued for and recovered with costs, in the name of the Chairman of the sub-district Board incurring the same, in any court of competent jurisdiction, within six months of the recovery or death of any such person. Such liability shall be in addition and without prejudice to any liability for any penalty provided for any violation of the provisions of this Act.

The terms and conditions of this section shall not become operative until the first day of July A. D. 1920."
