ACADIA TEAM WILL ARRIVE HERE TONIGHT—REFEREE IS STILL AN UNCERTAIN QUANTITY

U. N. B. Team Will be Same as at Sackville Except Saunders, Who Cannot Play on Account of Injury—Red and Black Had a Good Workout Monday.

The rugby football team of Acadia University will arrive from Wolfville tonight and Wednesday afternoon will battle with the U. N. B. team at College Field in what is expected to be the decisive match of the Western Section of the Intercollegiate League. The game will be Acadia's first college match. Against the Halifax Wanderers the team had an even break but so far has not shown great scoring ability. There is no standard by which U. N. B. and Acadia can be compared.

Lou Buckley who was referee of the Mt. Allison-U. N. B. match at Sackville last Friday sizing the three college teams up on the form in that game and that shown by Acadia against the Wanderers at Halifax, said that both U. N. B. and Mt. Allison were better than Acadia.

Saunders captain of the U. N. B. team will not play against Acadia, Wednesday on account of an injured ankle. It was that injury which prevented him from finishing the game at Sackville. Akerley will go on in his place. Miller of the back-division also is a casualty. He injured one of his ankles earlier in the season. After a lay-off he improved and was in good form at Monday's practice until he put his ankle out of commission again. The U. N. B. team will be:—Full-back, Mackenzie; Half-backs, Haines, Hagerman, Trimble, Stevens; Quarter-backs, Lounsbury, Burgess, Cain; Forwards, Cass, Sargent, Babbitt, Jamer, Squires, Jewett, Akerley.

Practice Monday.

There was a number of absentees Monday but in spite of that the team

CASTIGATED HIS FORMER PARISHIONERS

London, Oct 24—"Five Years Hell in a Country Parish" is the pleasing title of one of the most astonishing books published in England in recent years, a book that readers in America in all probability, will not have the opportunity of sampling. Its author is the Rev. E. F. Synott, the erstwhile rector of Rusper, the country parish indicated in the title.

This book is the sequel to a series of sensational charges brought by his parishioners against the Rev. Mr. Synott a few months ago. The rector was accused, among other things, of having conducted something more than a flirtation with a woman of all work employed at the rectory, but the trial resulted in his complete vindication. Forthwith he resigned his rectorship and now castigates his former parishioners.

"Five Years Hell in a Country Parish" costs five shillings, and it is good value. Their re-actor describes his imaginary crimes in Rusper:

"I sang too loudly. I let the child-train. I put the wedding ring on a woman's thumb. I married the wrong people.

"The people of Rusper parish imagined they wanted a strong man. In reality they required a jellyfish.

"The feudal lord of the eleventh century has gone," he says. "His place is taken by the new rich, the man with money and no pedigree. With people of this type a rector stands much on the level of a butler or a head housemaid, and he may not be so well paid as the chauffeur. I really believe the rector is expected to use the tradesmen's entrance.

"There are no Helens of Troy in Rusper. Beauty does not bloom there. Some women there are who, denied beauty of face and form, make themselves still more repellent by their thoughts words and deeds. Long hours spent in idle and venomous gossip seem to leave a mark on their plain and vacant faces.

"Sometimes when I noticed that my morning congregation was smaller than usual, and that some well known faces were missing, I could not help thinking that I knew where they were gone. They were busy elsewhere—on my farm, poaching my rabbits."

worked out well. Trimble and Hagerman were out of the city. The team appears to have no ill-effects from the Mount A. game.

Referee Problem.

The referee problem still is unsettled. Jack McBeath of Moncton an old U. N. B. player is one of the recent suggestions. The time is so short now that only referees within easy travelling distance can be used. Aston of this city still is a possibility.

It's easy to find the master mind of a family. She can be found darned socks almost any evening.

Some of the necessities of life are still too high. For example, butter, eggs and phonograph needles.

Eve was the only woman who ever got what every woman wants—the complete and undivided attention of "the only man in the world."

HEADACHES Make Life Miserable

Headaches are one of the most aggravating troubles one can have, and it is hard to struggle along with a head that aches and pains all the time.

Headaches seem to be habitual with many people; some are seldom, if ever, free from them, suffering continually from the dull throbbing, the intense pains; sometimes in one part, sometimes in another, and then again over the whole head.

There is only one way to get relief from these persistent headaches, and that is by going direct to the seat of the trouble, for unless the cause is removed, the headaches will still continue to exist.

The fact that Burdock Blood Bitters keep the stomach, liver and bowels toned up is proof enough to show that it will eliminate the cause of the headaches.

Mrs. Harold Lanain, Owen Sound, Ont. writes: "My system was run down and my blood out of order. I suffered a great deal from severe pains in my head, which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health, so I took another and am glad to say that it has done me an enormous amount of good. I have recommended it to my friends, who were in a similar condition, and they all say it is a wonderful remedy."

B. B. B. is put up only by The T. Milburn Co., Limited, Toronto, Ont.

THE MARKETS OF CANADA AT A GLANCE

The feature of the grocery markets is the substantial reductions on sugar by all refineries. The general trend of the markets continues easy with slight reductions manifest on some lines. Dried fruits continue at high figures but retailers are showing little buying interest.

Montreal—Reductions in the cost of provisions and groceries feature the market this week. Pork will be reduced in price as a result of the lower cost of hogs. The supply of hogs offered on the market is much improved. The same, however, cannot be said of beef as only the supply of western cattle is keeping up the supply. A slight reduction on beef carcasses is quoted however. Butter is lower in price but eggs are holding firm at the high prices. The same can be said of lard and shortening which is very firm at the present time. Sugar is reduced in price as a result of the lower cost of corn. Some of the medium grade teas are lower in price but the better grades are holding firm in price. Rolled oats, oatmeal and rice are reduced in price. The oat market is very weak and quotations vary considerably. Canned tomatoes are reduced seven and one half cents per doz. The new nut crop now on the market is quoted a little higher but there are supplies of nuts on the market which are further reduced in price. Cotton twine is twelve cents a pound cheaper on account of the lower cotton market. California oranges are dearer this week.

Toronto—Sugar quotations show substantial reductions. There are still second-hand sugars available at lower prices than refiners' new quotations. Following the bumper corn crops and lower prices on same, corn syrups have been reduced. Starches both laundry and culinary are also reduced. Rolled oats are holding steady although a slight shading in prices is noted in some quarters. A shipment of new layer Smyrna figs is due to arrive on this market at the end of the week. New seedless raisins in packages have arrived. Old crop prunes are being offered at lower prices to clear up stocks pending the arrival of new crop supplies. Teas and coffees are ruling quiet and unchanged. Shelled almonds and peanuts continue weak and quotations on spot stocks are further reduced. Canned goods are moving slowly, some jobbers continue to offer new pack corn and tomatoes at prices below canners' opening quotations. New pack jams are holding steady under a very limited enquiry. Shipments of potatoes are arriving freely but dealers report a great deal of rot from some districts; it is the general opinion the prices have reached the lowest level. Fancy Ontario apples packed in new barrels are being offered at high figures, the fact that barrels, labor and freight are much higher this year is the reason for the high prices to the trade. Valencia oranges are nearing the end of the season and quotations are higher. Flour and millfeeds are unchanged. One brand of yeast, lye and baking powder are quoted higher.

WOOD'S PHOSPHODINE.
The Great English Preparation
Tones and invigorates the whole nervous system, makes new Blood in old Veins. Used for Nervous Debility, Mental and Brain Weakness, Loss of Energy, Flippation of the Heart, Failing Memory. Price \$2 per box, 3 for \$5. Sold by all druggists, or mailed in plain pkg. on receipt of price. New pamphlet mailed free. THE WOOD MEDICINE CO., TORONTO, ONT.

OCTOBER

is the month between the good old summer time and the cold, disagreeable winter.
