## RUTH DEAL CAUSES SEVERAL INCREASES

New York, Jan. 26—All players of the New York National League baseball club are to receive substantial increases because of the high cost of living and the enormous price paid by the New York American League club for "Babe" Ruth, it was announced today by Charles A. Stoneman, president of the club on his return from Havana.

Even players under hold-over contracts must receive more, he said.

That practically the entire New York American team is dissatisfied with contracts sent them last December was admitted today by Col. T. L. Huston vice president of the Yankees and Miller Huggins, manager of the team. Contracts were sent to the New York players Dec. 25 last and so far not one of them has been returned signed. The club has nine men under contract, but they all have hold-over contracts.

"The differences between our players and the club however are not serious and they can be adjusted," said Huston. "While I admit few players are satisfied with what we have sent them, we have only one pronounced hold-out on the club. By that I mean a player where his ideas of salary and ours are several thousand dollars apart."

## MANY SIGNS OF PROSPERITY

A Canadian banker's review of general conditions in Canada and Newfoundland is optimistic. He says:

The business review of Newfoundland indicates unusual prosperity, larger markets, the building of ships with a view to increase the catch of fish, and better preparation of the product. In the Maritime Provinces there is general prosperity in all that depends on fishing and agriculture, but no increase in the output of coal, a great disappointment at this moment of scarcity. An even more disconcerting fact is that the cost of labor in the steel industry has gone beyond the point where sales can be readily and profitably made, and this must be adjusted before normal conditions are restored.

In Quebec as well as in the cities of the Maritime Provinces, Ontario and elsewhere, the need of greater housing accommodation is painfully apparent. The information regarding shipbuilding is most gratifying and we hope that what is said regarding road building by both our Quebec and Ontario representatives will be carefully studied, and will have some effect in hastening the progress of the work on this very necessary aid to economical transportation.

The prairie provinces suffered from bad weather and produced only an ordinary harvest. This harvest, however, would have been very gratifying but for the terrible needs of Europe at the moment.

In almost all the reports there are statements of great importance in regard to mining. Our reports from British Columbia and the three Pacific States all exhibit marked prosperity, especially in view of the great variety of their products and markets.

## CURLERS OFF AFTER M'LELLAN CUP TONIGHT

**Three Strong Rinks Will Play  
at Bathurst Wednesday—  
Bathurst Has Defended  
3 Times.**

Three rinks of Fredericton curlers will leave by C. N. R. tonight enroute to Bathurst to make an attempt to lift the McLeLlan Cup which the Bathurst curlers have successfully defended three times this year. The McLeLlan Cup for some years has been the goal of ambition of many clubs. Last year Bathurst was successful in winning it.

Strong Rinks Going

The rinks which will go after the Cup are reckoned strong. The skips are F. P. Hatt, R. F. Randolph and T. A. Belmont. The other players who will take the trip are A. S. McFarlane, T. L. Fowler, F. A. McAndrews, H. B. Colwell, J. B. Kinghorn, E. J. Miles, C. R. Barry, J. H. Ramsey and S. Lincolnton. After arrival at Bathurst the rinks will be selected. The play will take place on Wednesday.

The Wee Neilly

Another round of the Wee Neilly is to be played on Friday next. Five rounds are to be played altogether and the schedule as arranged calls for a match each fortnight in order to complete the series before the warm weather.

Points Competition

On Thursday night there will be play in the Points Competition for the five-pound of chocolates donated by F. A. McAndrews.

There's much talk about the white collar being the badge of the salary man under dog in these days of high or piano.

## SICK HEADACHES CONSTIPATION

If you have suffered from constipation for years, tried doctors and all the remedies you ever heard or read of, without getting relief, if you have been subject to all the miseries associated with constipation, such as sick and bilious headaches, biliousness, specks floating before the eyes, water brash, heartburn, jaundice and the painful, troublesome, internal bleeding or protruding piles, etc., wouldn't you consider it a blessing to be able to keep the bowels in a good healthy condition and prevent disease getting a foothold on your system.

Milburn's Laxa-Liver Pills are indicated just for this purpose; their regular use relieving the worst cases of constipation.

Mrs. Malcolm McDermid, Cranston Station, N. S., writes: "I have been sick for a number of years with sick headaches and constipation. I tried all kinds of doctor's medicine, but none did me any good. I tried Milburn's Laxa-Liver Pills, and after using four vials I am completely cured and would heartily recommend them to all sufferers."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## ROLL-OFF WON BY R. PAYNTER

wages, high profits and normal salaries. It's the cost of keeping the collar white that restrains the wearer from investing in a flivver or a play-
