HOLLAND CALLED UPON BY THE SUPREME COUNCIL TO GIVE UP THE FORMER EMPEROR

Text of the Note to the Dutch Government—The Cynical Violation of Belgium and Luxemburg is Referred to—An Immense Responsibility Weighing Upon the Ex-Kaiser—A National Duty for Holland to Comply.

Paris, Jan. 18.—The supreme council's note to the Dutch government asking that the former German emperor be given to the Allies under article 227 of the Versailles treaty for trial, points out that if the former emperor had remained in Germany he would have been delivered up under the same conditions by the German government. "Among so many circumstances," the note recalls, "the cynical violation of the neutrality of Belgium and Luxemburg the barbarous system of hostages massed deportations, systematic devastations without military reasons the submarine war," and declares, "for all of which acts responsibility, at least moral, reaches the supreme chief who ordered them or abused his unlimited powers to break or permit others to break the most sacred rules of human conscience."

"The powers cannot conceive," it adds, "that the Netherlands would regard with less reprobation than themselves the immense responsibility weighing upon the former emperor. Holland would not be fulfilling her international duty if she refused to associate herself with other nations so far as she is able to prosecute, or at least not impede the punishment of crimes committed."

The note points out that it is the duty of the powers to insure execution of article 227 without entering into argument because it is not a question of public accusation having throughout a legal character but an act of high international law imposed by the universal conscience in which legal forms are employed solely as have hitherto been unknown in public law.

It concludes by expressing the conviction that Holland, one of the first to claim a place in the league of nations, will not desire to cover by moral authority violation of the essential principles of the solidarity of nations and that all are interested to prevent the return of the similar catastrophe.

DIVIDENDS IN BOOZE

Providence, Jan. 19.—Stockholders in local breweries have received what many believed would be their last dividend—a division of the beer or are in stock since operations ceased several months ago. The James Hanley Brewing Co. sent each stockholder two barrels of its product yesterday after receiving permission from the internal revenue authorities, and another brewery announced that they would make similar distribution.

COLONEL BOB LOW LEFT AN ESTATE WORTH OVER \$60,000

Ottawa, Jan. 18.—An estate of \$68,595, independent of his interests in the Bate McMahon Construction Company was left by the late Col. Robert Smith Low, better known as "Bob" Low, contractor, who died from blood poisoning at Ottawa on Jan. 16, 1919, and whose will was filed for probate on Saturday.

Colonel "Bob" Low will perhaps be best remembered as the man who had a large part in reconstructing Halifax, following the disastrous explosion in December, 1917, and who during the war was instrumental in the building of the Leaside and Borden military camps.

Mrs. Bertha Low and the Colonel's daughter, Helen, not yet of age, receive the entire estate. Mrs. Low receives three-quarters of it, amounting to \$51,444.93, and the daughter, one quarter, or \$17,143.

PHILADELPHIA BANK LOOTED IN BROAD DAY

Bandits Made Off With \$10,000 After Daring Hold-up of Bank Near Police Station.

Philadelphia, Jan. 18.—Four armed motor car bandits made a daring daylight raid on the Overbrook Bank, Sixth and Master streets, on the northern outskirts of Philadelphia, yesterday held up bank officials and customers at the pistol's point and after taking \$8,000 in cash and \$4,000 in securities, disappeared in a big red motor car. The bank is only two blocks from a police station.

"We were told to hold up our heads and did it, like good children," said G. A. Wells, the cashier. "The bandits were young fellows, eighteen to twenty-three years old. All had pistols."

The raid took place shortly after noon. The way for it was paved when a young man came into the bank and secured a dollar's worth of change from Thomas McCook, teller. Half an hour later he came for more change. This time a big motor waited outside. As Mr. McCook bent to get the change the bandit covered him with a pistol. Three other men then rushed into the bank and ordered the cashier and a girl employee to throw up their hands. Two customers came in and they also were forced to put up their hands.

While two of the bandits watched their victims the others went into the teller's cage, scooped up the loose cash in the till, looted a safe and ran out. Jumping into their car, the engine of which had been kept running, the thieves put on high speed and dashed away.

INSURANCE RATES BOOSTED

Halifax, Jan. 18.—Insurance companies doing business in Halifax have given notice of advance in rates, basing their demands upon the fact that Halifax is in danger of a conflagration because of unsatisfactory conditions affecting water supply, wiring and buildings. Recommendations of the National Board of Underwriters in 1915 have not been carried out by the civic authorities and six million gallons of water are wasted every day.

Last year insurance losses were \$800,000 greater than the year of the explosion. Up to date this year the insurance losses have been \$150,000.

GREAT LIBERAL CONVENTION WILL BE HELD IN THIS CITY DURING LEGISLATIVE SESSION

This Was Decided Upon at a Gathering Held in St. John on Saturday—An Address by the Liberal Leader—Encouraging Reports From All Parts of the Province—Committee Has Matter in Hand.

St. John, Jan. 18.—Representative Liberals from all parts of the Province met in conference here on Saturday, and after listening to addresses from Hon. Mackenzie King, Mr. Ernest Lapointe, M. P. and Mr. Andrew Hayden, dominion organizer, and encouraging reports from every county, decided to hold a convention in Fredericton during the Legislative Session. A committee was appointed to complete arrangements for the same.

Mr. A. B. Copp, M. P., for Westmorland presided over the gathering and Mr. Fred M. Anderson of Restigouche acted as secretary. From reports submitted it was agreed that the outlook for the party in this province was more encouraging than for several years.

In the afternoon the St. John leaders of the party held a conference to consider organization plans.

At the provincial conference, a committee composed of Fred Magee, M. P. P. of Port Elgin; Dr. W. P. Broderick, St. John and Hon. Charles H. Labllois of Restigouche, was appointed to proceed with preliminary arrangements for a big Liberal meeting in Fredericton during the sitting of the legislature. They will submit names to be voted on for general secretary and publicity agent, and for organizers for the province, so that the work of proceeding with provincial organization may be expected.

The meeting was marked with much enthusiasm. The Liberal leader and Mr. Lapointe had just a short while to stay, because of their going about the harbor front, but they were warmly received and given three cheers by the gathering which was attended by about two hundred.

The chairman in his opening remarks referred to the success of Friday's meeting and said that it had been thought because of the many who were in the city from different parts of the province it would be a good idea to hold a meeting. He did not think it would be wise to have a provincial organization proceeded with at once as no call had been sent out for delegates. Provincial organization, he said, had fallen off in the last few years, and it must be undertaken once again. Unity must now be the keynote and he thought today all Liberals stood united for the advancement of their cause.

THE EX-KAISER MAY VOLUNTARILY GIVE HIMSELF UP TO THE ALLIES

Deep Emotion Caused in Holland Over the Allies' Demand for the Extradition of the Great Assassin—The Case Put Plainly Up to Holland.

(Special to the Mail.)

Brussels, Jan. 18.—Deep emotion has been caused in Holland by the Allied Demand for the extradition of former Emperor William of Germany. According to a despatch from The Hague, belief is expressed at the Dutch capital, it is said, that pressing measures will be taken with a view to inducing him to voluntarily place himself at the disposal of the Allies.

London, Jan. 19.—Holland is told in the Allied note demanding the extradition of former Emperor William of Germany, that she will not fulfil her international duty, if she refuses to associate herself with the Entente powers in chastising crimes committed by Germans during the war.

Cared for Injured Pigeons

After the fire in the Campbell building, Queen Street, Sunday morning, a young Jewish resident of the West End was observed carrying a couple of pigeons to his home. The birds had become soaked with water which had frozen in their feathers. Although alive they were in serious condition. The young fellow was going to attempt to restore the pigeons to normal condition by warmth and shelter.

Ottawa, Jan. 19.—According to plans now being made, this year will be an active one in carrying out the good roads policy of the government, whereby \$20,000,000 is to be spent in the next five years in the betterment of highways. This represents 40 per cent. of the cost, each province to be eligible for the grant having to put up 60 per cent. Preliminary plans are now being received and all the provinces will be party to the expenditures.

Ontario projects a big highway from Windsor to the Quebec boundary, and Quebec's plans include roads from Hull to Montreal and Montreal to Riviere Du Loup and also to Sherbrooke.

The Maritime and Western provinces have yet to be heard from. The provinces will spend the money by contract but the plans must be approved at Ottawa.

The sum of \$12,000,000 is to be divided among the provinces on the basis of population, and the provinces will be required to spend \$30,000,000. New Brunswick's grant from the Federal treasury will total \$1,168,845 and the province will be expected to provide \$1,745,767.

The grants will be made and the work directed by the Department of Railways and Canals, with A.W. Campbell as highway commissioner. Regulations governing the expenditures have been drawn up by an honorary advisory commission consisting of C.A. Magrath, Ottawa; J. P. Mullarkey, of Montreal, and Home Smith, Toronto.

CANADIAN COMPANY TO BUILD SIX STEEL SHIPS FOR FRANCE

Ottawa, Jan. 18.—It is understood that the shipbuilding company at Three Rivers, Quebec, has secured an order for the construction of six steel ships for France, which will be financed without any assistance from the Canadian government.

It is understood that the government has approved of J. J. Goughlan & Sons, for a dry dock at Vancouver, and that firm will receive the subsidy. The value of the dock which Messrs. Goughlan propose to build will be about \$3,750,000, and they will receive the regular subsidy on this amount. The Wallace Shipyards was the only other applicant for the subsidy who presented plans. The Goughlan firm offered to finance the construction of the dock themselves, and to make no application for subsidy until the whole work was completed. The dock will be 110 feet wide and 700 feet long.
