ANOTHER CONVENTION

It is understood that the object of the opposition convention to meet at St. John on Thursday next is to select a leader and to lay down a policy. At a convention held last winter Hon. J. A. Murray was chosen leader after the honor had been declined by Dr. J. B. M. Baxter, Dr. J. Roy Campbell and ex-Mayor Reilly of Moncton. Dr. Baxter in declining the proffered leadership delivered a fiery speech in which he declared that he would stand by "Jim" Murray until the last. Hon. Mr. Murray was not present when he was chosen leader but he acted in that capacity during the following session of the legislature and it is presumed that he must have accepted the honor. He is now said to be anxious to quit, and the name of Dr. Baxter is being mentioned as his probable successor. Mr. L. P. D. Tilley, one of the members for St. John city has been grooming himself for the leadership for several years but it is evident that he is not to have a look in. He acted as chief financial critic last session and according to members of his own party "fell down on the job."

The friends of the provincial government in Sunbury will meet in convention at the Burton Court house on Thursday of this week to select candidates for the Legislative Assembly. Messrs. R. B. Smith and David W. Mersereau the present representatives will undoubtedly be the unanimous choice of the convention. These gentlemen have represented the county since 1917 and have looked carefully after its interests. Thanks to their efforts the county now has the best highway roads in the province. The government deserves well of the electors of Sunbury and the return to the Legislature of Messrs. Smith and Mersereau by an increased majority is assured.

Vancouver Sun: The situation in Manitoba provincial politics is gradually growing clearer. That is to say, the probabilities of Premier Norris being able to hold on are becoming stronger. There will be nominally a majority of his opponents in the Legislature, but they cannot agree to act together for the purpose of putting him out. The first snag was struck when the Independent Farmers declined to subscribe to the Labor plank which asks all land to be made the property of the state. The land owners could not be won over by the argument that this was only a theory with no immediate practical application. They didn't like the look of it anyway.

St. John Globe: The government has not contented itself with uncovering the record of its predecessors. It has put into the balance against those misdeeds of a past administration achievements which command the attention of all Canada. The three years have given New Brunswickers themselves cause again to raise their heads with a substantial and justifiable degree of pride and to feel that legislative affairs in this province, instead of being a cause for national finger pointing, have become a cause of national interest. For that the Foster administration must have all the credit.

Friends of the provincial government throughout the province should lose no time in organizing for the provincial elections. Nominations take place a week from Saturday next and polling a week later. No government in the history of the province ever appealed to the people with a better cause, and there should be a grand rally of the electors in its behalf. In these days of reconstruction it is of the greatest importance that the destinies of the province should be in capable hands. Premier Foster and his colleagues should be given a new mandate to continue their work, which has been so well begun.

The Opposition during the ensuing campaign will no doubt have much to say about the rate of stumpage. The electors of the province will not forget however, that when in power they passed an order in council fixing the rate at \$1.50 per thousand for a period of ten years. This order was afterwards rescinded but not until the Opposition of that day had laid bare the details of the deal.

Federal by elections in St. John-Albert and Colchester are taking place today. In St. John-Albert the candidates are Hon. R. W. Wignmore Minister of Customs and Dr. A. F. Emery Liberal. In Colchester Hon. W. F. McCurdy, Minister of Public Works is seeking reelection and is being opposed by Capt. Hugh Dickson a returned soldier, who is running as a United Farmers Candidate.

St. John Times: The Conservative party is making desperate efforts to persuade the people of Quebec that it was the original discoverer of the policy of racial unity. The task is not as easy as some ardent followers of Premier Meighen may assume. The people of Quebec do not need to have long memories to determine the question.

Premier Foster's manifesto published on Saturday has been received with great enthusiasm in all sections of the province. It is an illuminating document and tells a story of honest and capable administration, progress and development.

The Foster government goes to the people with a clean record. That alone should ensure its return to power by an increased majority.

Run-off at Taymouth
 Six cars of a freight train left the rails near Taymouth on the Newcastle-Fredericton division of the C. N. R. Saturday night tearing the line up to some extent. The run-off occurred near the point where regrading and alteration is being done by R. B. Stewart. The cars were replaced, repairs made and service restored.

To Wed at Ottawa
 The wedding of Howard Earle Dow of the staff of the Fredericton Branch of the Bank of Nova Scotia and Miss Beatrice Jean Veale of Ottawa will take place at St. Matthew's Church in that city during the first week of October. The banns were published at Christchurch Parish Church in this city Sunday by Rev. A. F. Bate.

To Wed This Week

Ferguson of the Devon Baptist Church will perform the ceremony. Edward Lounsbury of this city and Miss Violet Griffiths of Keswick also will be married this week the ceremony being performed at Keswick.

A. C. McCULLOCH RESIGNS

To Take Appointment as District Poultry Promoter in Manitoba.

The resignation of A. C. McCulloch as Poultry Superintendent for New Brunswick has been received at the Department of Agriculture and has been accepted. Mr. McCulloch as was announced in this paper in the summer has been appointed under the Civil Service Commission to the position of District Poultry Promoter for Manitoba. He will take up his duties in the west at once.

Since taking the office of Poultry Superintendent in this Province Mr. McCulloch has accomplished much for the industry. The quality has been improved and the number increased. Mr. McCulloch became personally acquainted with many of the poultry raisers and was recognized as one of the most efficient officials of the Department.

U. N. B. BEGAN YEAR WITH 45 NEW STUDENTS

Registration Will be Increased Later, as All Intending Students Have Not Arrived Yet.

Lectures were resumed at the University of New Brunswick at the beginning of the academic year this morning. Dr. C. C. Jones reports a total registration of one hundred and fifty students of whom forty-five are new students. This registration is expected to be increased later in the term as a number of intending students have not yet arrived.

Vacancy in Faculty
 The Provincial University begins the year with the unusual occurrence of a vacancy in the faculty. Prof. J. A. Spaulding resigned from the chair of French and German in the spring. Recently P. Colomb of Paris was appointed in his place. Dr. Jones however received a cable from him to the effect that he was ill and could not come. This is taken to mean that he cannot take the position and a new appointment will be made.
