Fredericton Students Do Well  
Fredericton Grammar School, generally known as Fredericton High School did well in the Matriculation Examinations. Students of that school are listed in first, second, ninth and fourteenth places in the First Division. Twenty are listed in Second Division, including first and fourth places. One student is in fifth place in the Leaving Examination.

Mary B. Jones, who led the list, is a daughter of Dr. C. C. Jones, Chancellor of the University of New Brunswick. Arthur E. L. Booth, who is in second position, is son of Arthur H. Booth of this city. Rivalry between these two students has existed since primary school days, as they were close competitors at the High School entrance examinations three years ago.

The staff of the Fredericton High School is deserving of highest praise for the excellent showing made this year by graduates of the school.
