

Witch Soot Destroyer

This article has been such a great boon for our customers and the public since we introduced it last season that we have put in another large stock of it and it will always be obtainable. **THE WITCH** cleans the pipes and chimney chemically, saves labor taking down pipes, cleaning of furniture, etc., and incidentally saves your temper. A trial will convince you.

FREDERICTON WON FROM MONCTON SCORE 7 TO 6

Marysville Players Used to Fill Holes in Fredericton Team—Visitors Put Up Good Argument—Heavy String of Substitutes Helped Local Team Win Out—Moncton Plays Marysville Here Tonight.

Fredericton and Moncton met in what was probably the fastest game of the season last night at the Arctic Rink when Moncton was defeated 7 to 6. The Fredericton team was comparatively fresh at all stages of the game while Moncton was forced by lack of substitutes to play the same men throughout the whole game. Jones the star centre for Moncton put up the best game for the visiting team, while Edgar Wade and Colwell played a fast game for Fredericton.

The Fredericton team contained a liberal sprinkling of Marysville players and the five substitutes gave the team a big advantage.

The visiting team is not the Moncton Eastern League aggregation but nevertheless put up an interesting argument. The same team will meet Marysville tonight.

The Teams

The teams lined up as follows:

Moncton	Goal	Fredericton
Wilson	Point	Titus
O'Blenes	Point	Jarvis
Wheaton	Cover Point	E. Wade
Jones	Centre	Colwell
Milton	Right Wing	Williams

CANADIAN'S CHEAP TALK TO JELlicoe

London, March 1—There is a certain Canadian officer still at Argyle House who is devoutly thankful that Lord Jellicoe is in the Navy. Had the Admiral chosen the Army as his career and been a martinet, the Major hates to think what the result might have been. As it is, he is not a cheerful person to know these past few days.

For it happened that Lord Jellicoe just after his return to England, had occasion to see a Colonel at Argyle House on a matter of private business. While they chatted a staff major entered and was introduced. The conversation was continued. Then entered the hero another major, a jovial soul who was feeling particularly jovial on this fine morning. He too was introduced, but he did not catch the name. He merely noticed that there was a rather inconspicuous little civilian in the room.

He began by telling this civilian that he was in bad company—the major is a great little kiddie, and began to describe the iniquities of the other two, purely imaginary iniquities, of course. The staff major and the colonel made noises incoherent and gestures futile with no result. The major went on.

"We've got to get rid of them," said the Major. "We're going to send them home."

"And do you know how we're going to send him," pointing to the colonel "We're going to sling a hammock in the fo'castle and send him home in that. Do you know where the fo'castle of a ship is?" he asked, and then answered himself: "It's in the front of the ship." With this remark he departed.

What the gallant Admiral thought is not on record. As the door closed behind the volatile Major he smiled slightly at the others and picked up the conversation where it had been dropped.

PRECAUTIONS AGAINST FLU

Dr. Copeland, Commissioner of Public Health for New York City, has issued the following appeal in connection with the outbreak of influenza:

To Nurses—The city is suffering from a lack of nurses. Please volunteer for service at \$5 a day or 75c. a hour. Persons with practical experience in nursing will be paid \$4 a day or 50c. an hour.

To physicians—Whenever it may be done safely, please urge your patients not to demand a trained nurse. Leave every trained nurse possible for work among the poor.

To clergymen—Advise your congregations about dangers from coughing or sneezing without covering the face with a handkerchief. Persons who find it impossible to refrain from coughing or sneezing should remain at home. Tell the congregation to avoid fear and to practice the ordinary rules of the simple life.

To the public—Observe the rules of simple living. If feverish or otherwise ill, go to bed and call a physician. The well.

WE BELIEVE THAT IT PAYS TO GIVE OUR CUSTOMERS SERVICE AND SATISFACTION; THAT IS WHY WE WANT TO SELL YOU A

DE LAVAL CREAM SEPARATOR

Here's why the DeLaval is the cheapest machine to buy: It will pay you in cream saved from \$3.00 to \$5.00 a cow every year over an inferior or half-worn-out cream separator. It will pay you in cream saved from \$10.00 to \$15.00 a cow every year over gravity skimming. It will give you a heavier and better cream, the kind the creamery man wants.

It will last two to ten times as long as other cream separators. Figure it out for yourself and you will see why the DeLaval is the most economical.

We know that when we sell you a DeLaval we sell you a machine you'll be proud to own. We sell them on liberal terms. Come in and talk it over.
