B. C. WATER POWERS.

A volume on the water powers of British Columbia has lately been issued by the Commission of Conservation for Canada. It is an interesting volume and deals with many economic legal and other problems which are common to efficient development of water courses throughout the Dominion. In reviewing the volume editorially the Toronto Globe has this comment to make:

"There is a general tendency in the United States and Canada to proclaim the existence of vast undeveloped water powers, but the report states that the total amount of water power capable of economic development is much less than is popularly supposed, and that most of the valuable sites are already under development or control by various interests. While such generalities were being disseminated large power interests were busy acquiring the more desirable properties. In the United States concentration of control had advanced so far that in 1911 out of the total commercial water power of 2,962,000 h. p. developed and under construction, over 1,800,000 h. p. was controlled by ten private groups of capitalists, and since that date concentration of control has been advancing there wherever possible. This grabbing of water powers has not been extensive in Canada, but it is the duty of the different governments concerned to see that the same menace to the public welfare shall not be permitted here.

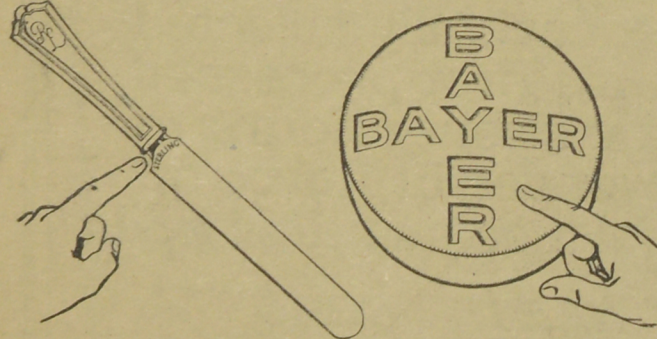

"The report takes a very broad view of the relationship between water as a source of power and its use for domestic and municipal supply, agriculture, irrigation, navigation, fisheries, mining, forestry and riparian rights. It maintains that the greatest danger which besets the natural resources, not only of this country, but of the world, is the undue disturbance of the balance which Nature seeks to maintain. Hence in presenting the data which forms a large and valuable part of the volume, no special effort was made to attach an importance to water power, in itself, to which it is not entitled. It is pointed out that water should not be allotted for power developments without due recognition of the just demands of other interests having claims upon inland waters viewed broadly as a natural resource. For example, the use of water irrigation tends materially to increase the permanent settlement of the country and consequently in most cases when irrigation requirements and power requirements conflict, the former are entitled to precedence."

That Liquor Case

Mr. John R. Randall, a leading farmer of Lakeville Corner was in the city not long ago and in conversation with friends stated that an injustice had been done him by published reports of a recent liquor case. Mr. Randall says that he was not in the car when officer Herbert Saunders made his seizure in the Sinnott Case and when called as a witness he did not swear that the liquor belonged to Sinnott. He says further that neither he nor his companions had been in the car and know nothing whatever concerning the bottle of liquor which Mr. Sinnott found on the seat. They were in the city that day on business and happened to be standing nearby along with other spectators when Mr. Sinnott took the bottle from his car and enquired for an owner.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" on Aspirin is like Sterling on silver. It positively identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada.
Always buy an unbroken package of a few tablets. Larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer".
Aspirin is the trade mark registered in Canada of Bayer Manufacture of Monaciaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Strength Will Return To Weak People Using This Treatment

You are discouraged.
You feel old and worn.
You are sick, but not aware of the fact.

You can drag yourself around—but work is impossible.
With your stomach crying out for assistance and the nerves all on edge why not try Ferrozone?—it will surely do you good.

Ferrozone is a wonderful combination of vegetable extracts, fortified by excellent tonics for the nerves and stomach.

When you feel despondent, Ferrozone cheers you up.

When languor and oppression weigh you down, Ferrozone braces you up.

When sleep is impossible Ferrozone calms the nerves and gives you rest.

For bounding health, good looks, good spirits, nothing equals Ferrozone; makes the weak strong and the sick well. Good for men, women and children; try Ferrozone, it can work wonders, as it did for Mrs. Mary Melong, of Harbour Bouche, N. S., who writes:

"Ferrozone built me up.

"Before using it I scarcely knew what good health meant.

"I was just as miserable and weak as any woman could be.

"Tired from morning to night, bothered by trifles, unceasingly nervous.

"The first box of Ferrozone improved my blood, gave me appetite. In a short time I was like a new person. Now I rejoice in abundant good health."

Try Ferrozone. It will make an unexpected improvement in your looks, your feeling, your health.

Whether anaemic, nervous or suffering from secret disorders—if you a few moments—a delightful surprise per box, or six boxes for \$2.50, at all dealers or direct from The Catarthozone Co., Kingston, Ont.

Froze Her Feet
Miss Mary Sturgeon, daughter of Mr. William Sturgeon, of Barker's Point froze both of her feet while skating on the Nashwaak River recently. The boots and stockings had to be cut away from the feet.

Married at Keswick
Hartland Observer: Yesterday at the home of the bride's brother Mouth of Keswick, Miss Mildred Jewett was united in marriage to Charles S. Baker manager of the Bank of Montreal at Hartland. The bride has taught music at Hartland for the past two years and both have a host of friends who wish them every happiness. They will return to Hartland after a ten days' wedding trip.

HEALTH FOR THE BABY.

The baby of today is the man or woman of to-morrow. Thus the success of the future man or woman depends upon the baby's present welfare. If the baby is sickly and ill nourished it is not to be expected that he will grow into a strong, active man who will hold his own in the business world a few years hence. Mothers it is a duty you owe the future to keep your little ones well now. This can be easily done if Baby's Own Tablets are kept in the house. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach and thus make baby healthy and strong. Concerning them Mrs. W. Orser, Elginburg, Ont., writes "I have a fine healthy boy three years and have used Baby's Own Tablets for him ever since he was a small baby. I certainly think them a splendid medicine." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

There's one thing about drinking wood alcohol: it doesn't become a habit.

Is Making Good

Although Coun. John Fleming of Canterbury is new to municipal politics he has already proved himself to be one of the most useful members of the council. As a new member he feels that it is his duty to listen rather than to talk but he gives very careful consideration to all matters which come before the board and when called upon to cast a vote he does so intelligently. Coun. Fleming has made many new friends during his sojourn here this week.

Returning to College

Miss Marjorie Osborne, daughter of Col. and Mrs. W. J. Osborne of this city is returning to St. Margaret's College Toronto on Monday and will be accompanied by her brother Mr. Frank Osborne who is a student at the Ontario Agricultural College, Guelph. Miss Ellen Keenan, daughter of Mr. and Mrs. W. P. Keenan is returning to her studies at Haverhill College Toronto on Monday. Miss Marion Anderson, B.A. is returning to resume her studies at McGill University after spending the Christmas vacation at her home in this city.

Neponset Wall Board

Every house owner should know about the wonderful possibilities which NEPONSET WALL BOARD offers for fixing up the home. The change that this material works in an unfinished or plaster cracked room is beyond belief.

NEPONSET WALL BOARD is used as a SUBSTITUTE FOR LATHS AND PLASTER, BOARD SHEATHING or such material. It may be applied directly to the studding or it can be used over cracked plaster walls.

NEPONSET WALL BOARD IS THOROUGHLY WATER-PROOF and finished so NO PAINTING IS REQUIRED.

If color is desired, it can be painted, and it will require much less paint than any other wall board made.

Neponset Wall Board is made in 7, 8, 9 and 10 ft. sheets, 32 inches wide. Call and get a beautiful leaflet showing the many uses Neponset Wall Board can be put to.

Neponset Wall Board is sold only by
