

JACK McLELLAN SHOT IN FOOT BY ACCIDENT

PARTY OF BOYS ON
WAY TO CAMP SATURDAY

Rifle Carried by One of Them
Discharged—X-Ray Used
to Locate Bullet in
Boy's Foot.

Jack McLellan, young son of Mr. and Mrs. W. A. McLellan, of this city, was shot through the foot Saturday after the accidental discharge of a rifle in the hands of a boy chum. The accident occurred a few miles out of the city. The injured boy was brought to his home and later was taken to Victoria Hospital. Dr. McGrath attended and by the X-ray the bullet was located and latter was removed. Today the lad is at his home and is doing well. His recovery is expected.

Party Were Going to Camp
Young McLellan and a number of other boys were on their way to a Boy Scouts' camp near Corbett's, on Forest Hill Road. It is believed that the rifle in the hands of one of the boys was carried cocked without the knowledge of the boy who carried it. The firearm was discharged as they walked. Mr. Corbett was informed of what had occurred and brought the boy to his home.

The boy in whose hands the rifle was feels very keenly about the accident. The danger of permitting boys thirteen or fourteen years of age to possess firearms is well shown.

Death of Aged Woman

Fire Alarm Today
The fire department turned out today at 1:30 in answer to a call from box 38 rung in because of a chimney fire at the residence of Mr. Frank McGoldrick, Regent Street. Little damage was done.

Drunk Arrested.
A man charged with drunkenness arrested yesterday was remanded to jail. Another case of drunkenness in which the party was arrested on Saturday night was before the magistrate this morning and the offender fined \$8.

W. S. Harkins in St. John
St. John Telegraph: An old favorite in the person of W. S. Harkins arrived in town on Saturday and is registered at the Dufferin. Looking hale and hearty, he is being warmly greeted by his friends. Regarding the political situation in the United States Mr. Harkins gave it as his opinion that Harding will be an easy winner. That was the sentiment in Wall Street, in theatrical circles and held by many of the big business men.

Body Was Recovered
The body of Robert Wesley Upton, of Manguerville, who lost his life by drowning on the night of September 30 when he missed his footing stepping from the tug boat Lily Glaser to a small boat at Sewell's Wharf, was found in the St. John river Sunday. The body was floating on the surface some ten and a half miles below Fredericton, and about two miles below the scene of the drowning. The body was brought to this city by a tug boat and was today taken to Lakeville Corner where interment will be made.

Prohibition Case.
An infraction of the prohibitory liquor act was brought up in the police court this morning, when a resident of the eastern part of Queen street, having been arrested on information supplied by Chief Finley, was charged with selling a bottle of liquor. It seems that the liquor was obtained on a prescription given by a physician for which the sum of one dollar was paid. Four dollars more was paid for the bottle. The principal in this case then sold the liquor, which is the illegal part of the matter. The case was tried before Magistrate Limerick and will be continued.

Greeks at Service
St. John Telegraph: The members of the Greek Catholic Church in St. John, who have no resident pastor, attended high mass at 9 o'clock yesterday morning at the Mission Church of St. John Baptist, the priest in charge, Rev. Father J. V. Young, tendering them the use of that edifice. The mass was celebrated according to the Greek rite and in that language by Very Rev. J. Paparidis, archimandrite, of Toronto. The service which was choral but unaccompanied, lasted two hours. At the high mass of the Mission Church at 11 o'clock, the Greek archimandrite, in gorgeous red vestments, walked in the procession by the side of Father Young and occupied a place of honor in the sanctuary during the service. There is a good deal of similarity between the rites of the English and Greek churches and much friendly feeling between these two branches of the Christian church. The Eastern Orthodox Church sent delegates to the Lambeth conference.

WESTERN YORK WAS CARRIED BY THE GOVT.

RACIAL AND RELIGIOUS
CANVASS USED IN CITY

Law for Voting of Returned
Soldiers Misused by the
Opposition—Farmers
Lost Deposit.

The Government ticket in York County although beaten by a majority of about eight hundred by the Opposition on Saturday last scored a signal victory in the western parishes and in fact in the entire district south of the St. John River with the exception of Fredericton No. 1. At that poll the racial and religious canvass was resorted to in the most open and disgusting manner, poll-workers of both sexes on the Opposition side adopting these tactics in the most offensive manner, Roman Catholics and French being the objects of attack and abuse.

Failed at Only Two Polls
In but two polls of the western and southern parishes did the Government fail to secure a majority. One was at McAdam where the Opposition ran slightly ahead and the other was the small New Maryland poll which was carried by the United Farmers. Coun. Frank Coburn defeated S. B. Hunter at Harvey the home place of both, and proved himself a strong candidate.

Farmers Lose Deposits
The four United Farmers candidates lose their deposits. They cut into the two old parties to a smaller extent than was anticipated. In Fredericton Devon, Marysville and McAdam they ran very poorly but in districts where the U. F. organization had gained a footing showed considerable strength. J. K. Pinder at his own poll was beaten by forty, by Coun. E. W. Stairs of the Farmers' ticket.

The opposition was guilty of most flagrant misuse of the law under which returned soldiers are permitted to vote upon presentation of discharge papers. Many of these were voted at rural polls and were afterward brought into Fredericton by motor and railway and voted here. Some of them were voted several times before a stop was put to the practise.

Money was used freely by the Opposition one and two dollar bills being the favorite form in which the money was handed out.

Alliance Pledge Counted for Little
In this part of the province the pledge of the Temperance Alliance in regard to a referendum and the Prohibition Act appears to have been of little benefit to candidates. C. D. Richards of the Opposition ticket and J. Bacon Dickson of the Government ticket, both of whom definitely declined to pledge themselves to the Alliance, led their respective tickets. In Sunbury County the candidates who agreed to the pledge lost their deposits. S. B. Hunter the only opposition candidate in York who took the pledge was low man on his ticket.

SEVERAL CAR ACCIDENTS IN THE WEEK-END

E.T. LANGILLE WENT OVER
BANK AT KELLY'S CREEK

Hand Cut by Windshield—Two
Ladies Hurt in Collision
in the City on
Sunday.

Edward T. Langille of this city met with a painful accident Saturday morning while motoring from Woodstock to this city. At Kelly's Creek he ran into a dense bank of fog and was unable to see the road. He went over the western fill of Kelly's Creek Bridge and into the bottom.

In the fall the car was damaged and the windshield broken. Mr. Langille had one of his hands cut quite severely by the broken glass.

Later he was assisted by people in the vicinity and was brought to the city. He is recovering from his injuries which are not serious.

Another car crash occurred Saturday afternoon when S. W. Simon, for some reason or other failed to keep on the left side of the "silent policeman" at the corner of Westmorland and Queen streets and was crashed into by the car of Arthur C. Porter. The damage to Mr. Simon's car was the front axle and steering rods twisted besides having the headlights smashed. Mr. Porter's auto was not damaged.

Still another and more serious car accident occurred Sunday when the car owned and driven by Ford B. DeLong when easing up to allow the car of Leslie Patterson to pass in front of it at the corner of York and Queen streets was crashed into from behind by a car owned by Miller Scott of Uplam, King's County and driven by Miss Sherwood of Marysville. Mr. DeLong's car was considerable damaged which is not the worst part of the affair, as two of his passengers suffered injuries. Mrs. Geo. Hovey, of Fredericton is quite badly injured and Mrs. Patterson of California was bruised about the head and arms.

It appears that the driver of this car has no registered license and that the brakes of the Uplam car were useless, both of which are contraventions of regulations pertinent to public safety.

Visiting Motorists
Mrs. J. R. Cooke, Mrs. A. M. Fisher, Mrs. C. J. Jones, George Morrell, H. McKeen, C. J. Jones, of Woodstock; Sidney M. Jones, of St. John, and H. C. Berry, of Rumford, Me.; Mr. and Mrs. J. L. McAvity, Miss E. Gillis, and chauffeur, were at the Queen during the week-end. They arrived by motor.

had a large number of rejected ballots. These were evidently intended for Government candidates, but had been spoiled by crosses being marked after names, or other marks being placed upon them. Opposition workers in many cases advised inexperienced voters, especially women, to make marks on the ballots, in order that they would be spoiled.
