EX-SECRETARY ROOT WILL HELP SHAPE THE HARDING ATTITUDE TOWARDS FOREIGN ISSUES

IS NOW SPEEDING ACROSS THE ATLANTIC

Republican Attacks on League of Nations Are Not Approved and Root Will Endeavor to Shut Them Off — Has Been in Touch With Lloyd George and Millerand.

(By Wm. Butler, staff cor. of the Daily Mail; copyright 1920 by Cross-Atlantic News Service.)

London, Sept. 21.—Ethel Root is on the ocean speeding to America to take part in the American political campaign. It is understood he is hurrying home to shape the Harding attitude toward foreign issues.

The Republican candidate and Root have been in close communication for weeks on the League of Nations, and it is understood that Root will be in control of the Republican foreign policies. The Harding attacks on the League of Nations are not approved, and Root is expected immediately after his arrival to see that they will cease.

Root carries statements of Premier Lloyd George and Millerand on the subject of American reservations, which it is expected will make clear to America that Europe is willing to accept the American position on the treaty so long as they do not nullify the fundamental propositions.

Japan and Italy bitterly opposed Root in the high court of arbitration, and it is understood that this will be the principal question before the meeting of the Supreme Council of the League in Paris this week. It is expected that the Root plan, with the support of Britain and France, will win.

EARTHQUAKE WAS RECORDED

Victoria, B. C., Sept. 20.—A well-recorded seismic disturbance took place today. It left a record for two and a half hours on the seismograph at Gonzales observatory, commencing at 6.49 o'clock in the morning.

Superintendent Denison places the distance at 1,600 miles, probably in the Aleutian Islands, or Northern Mexico. Long surface waves were observed on the record, indicating a pronounced earthquake.

ONTARIO IS PICKING UP SOME IMMIGRATION IN THE OLD COUNTRY

(Special to the Daily Mail; copyright by Cross-Atlantic Newspaper Service, 1920.)

LONDON, Sept. 17.—Dr. G. C. Creelman, of London, Agent General for Ontario, has attended all the British agricultural shows this summer. Although Ontario at present is not accepting settlers other than farmers, over four applications daily have been received here for acceptance. During the past month 61 have been accepted for emigration to Ontario next spring. Three thousand settlers is the total for this year.

DO THE ELECTORS OF NEW BRUNSWICK WANT THE OLD CROWD PUT BACK IN POWER

A St. John Paper Puts Some Pertinent Questions Up to the Electorate of New Brunswick—A Black Chapter in the History of the Province Recalled—Poor Time to Swap Horses, When Crossing a Stream.

ST. JOHN, Sept. 21.—Commenting editorially on some of the issues confronting the people in the impending provincial elections, the St. John Times-Star says:

"The Standard is convinced that the people are not satisfied with the record of the Foster Government. Let us assume, for the sake of argument, that the government has not been able to satisfy the people. What then? The people of course would have to consider to whose hands they would entrust the administration of public affairs. It would be obvious folly to oust one government unless a better one was in sight. But, if the Foster Government were defeated, power would pass again into the hands of the same gentlemen who were responsible for all the scandals that disgraced the province and led to their defeat in 1917. Is it not a little too early to restore those gentlemen to favor? Do the people want the old Crown Lands policy restored? Do they want more such deals as those with Valley Railway contractors, liquor dealers and others? Do they want such transactions as the patriotic potato deal? There have been no scandals since the Foster Government assumed power. It has given the province an honest administration and given the people something for their money. It would be a deadly blow to good government to put the discredited politicians of four years ago in power again. The people of the other provinces, who were amazed at the revelations of political rotteness in New Brunswick four years ago would be still more astounded if the electors with their eyes open invited further exploitation of their resources. Hence every elector must ask himself before he decides to vote against the government what would happen if the government were defeated. He wants good administration of provincial affairs, and he knows what kind he would get if the old discredited group were restored to power. He will not take any such risk."

ARRESTED FOR THE MURDER OF LIEBKNECHT

(Special to the Daily Mail. Copyright)

Berlin Sept. 20.—Through betrayal by his fiancée, Security Policeman Prinz has been arrested for the murder of the Socialist leader, Liebknecht in the Berlin riots of 1919. It was then stated that Scheidemann, leader of the rival Socialist faction, offered a reward for the killing of Liebknecht. Prinz's fiancée declares that Prinz dictated the death sentence and forged Scheidemann's signature.

A WARNING AGAINST AN OUTBREAK

Special to the Daily Mail. Copyright 1920 by Cross Atlantic News Service.

London, Sept. 21.—The Sinn Fein have sent out a general warning to adherents against any unplanned outbreak if Lord Mayor MacSweeney dies from his hunger strike. The British secret service has secured copies of the secret orders issued by the "Irish Republican Army". The documents warn impulsive reprisals from loyalists. Compensation is promised and that those guilty of bringing about the death of MacSweeney will be accounted for. In witness of this they point to the fact that all concerned in the death of those previous to the Lord Mayor of Cork have since been slain.

OUTLOOK GOOD IN CHARLOTTE

St. John, Sept. 21.—Premier Foster returned last night from St. Stephen where he had been in conference with members of the local government party yesterday.

The convention of the government forces is to be held in St. Stephen on Wednesday, and Hon. Mr. Foster said last night that interest is keen and a large and representative meeting is confidently expected. The Premier added that prospects for a strong ticket in Charlotte are excellent and that there was every reason to be pleased with the outlook.

J. C. Whitehead, of Woodstock, is a guest at the Queen.

ROYAL HOUSE MAIDS WANTED TOO MUCH

Special to the Daily Mail. Copyright 1920. Cross-Atlantic News Service.

London, Sept. 20.—The Royal housemaids in Buckingham Palace are demanding the right to "live out", following the action of the majority of girl shopworkers and domestic servants in London. In their petition to Queen Mary they asked for an eight hour day with permission to live out if they so desired. The King and Queen granted the eight hour day, though it involved the employment of a dozen extra maids, but they declined to grant the demand for the privilege of living out. The petition was similar to one presented to Queen Alexandra by the maids at the Marlborough House. Queen Alexandra granted the request but Queen Mary again refused. All the housemaids have tendered a month's notice of their intention to give up this position unless the request is conceded.

BIG SUM WAS COLLECTED

Toronto, Sept. 20.—Latest figures show that the total amount subscribed in the Inter-Church Forward Movement Campaign was \$14,725,000, or two and three-quarter million more than the objective of \$12,000,000. Each of the churches exceeded their objectives, and all payments coming in satisfactorily. The totals are: Anglican, \$3,425,853; Baptist, \$1,120,000; Congregational, \$132,000; Methodist, \$4,898,563; Presbyterian, \$5,150,000.

MILLERAND FOR PRESIDENT

Paris, Sept. 20.—M. Millerand's acceptance as a candidate for the presidency has virtually solved the presidential crisis as it is conceded by all sides in the chamber and senate that his election is a foregone conclusion. He would receive more than 700 votes no other candidate officially entering the field. The premier's opponents have decided to refrain from voting and expect to muster about 100 blank ballots.

THE FEDERAL BY-ELECTIONS RESULTED IN THE RE-ELECTION OF MESSRS. McCURDY AND WIGMORE

CRUCIFYING THE TORY PARTY IN YORK CO.

Barrister Belonging to Opposition Party, and U. F. Man in Wordy Bout—His Chance Gone.

The political situation in the County of York is still clouded with the possibility of three tickets being placed in the field. The United Farmers will decide Wednesday what action they will take and the Government ticket will be named Saturday. The Opposition is still groping in the dark. With Dr. Crockett announcing that he is disgusted and will not be a candidate, and with Mr. Pinder pleading advanced years, the prospect of securing up a ticket is not of the brightest. Dr. Crockett's letter which was presented to the Opposition organization Saturday, created a sensation.

Crucifying the Party

A Fredericton barrister with political ambitions of his own, which in the past have been wide enough to include the Federal sphere, joined battle, of the verbal type, with a U. F. member in the country market Saturday. He accused the farmer and his associates of "crucifying" the Tory party in York county, and gave him what is generally termed a "bawling out." The barrister in question is well qualified for that particular exercise. This angered the U. F. man to such an extent that he told the Tory champion that the chances of the latter to land a place on the U. F. ticket was finished. He had been seriously considered as the Fredericton member of the quartet, but it was all off after that outbreak. Later the same U. F. member when asked why the U. F. organization was opposing the Foster government said the reason was that the government was "in-com-peat-ent."

SMALL VOTE POLLED IN ST. JOHN AND ALBERT

St. John City and Lancaster Gave the Minister of Customs Big Majorities—Hon. Mr. McCurdy Won Out in Colchester, N. S., by Over Fifteen Hundred Majority.

St. John, Sept. 21.—In what experienced electioneers termed the tamest polling day they ever saw, Hon. Rupert W. Wigmore, minister of customs and inland revenue, was re-elected to parliament yesterday by slightly more than 4,000 majority over Dr. A. F. Emery, Liberal. Both men were candidates in the general election, when Mr. Wigmore's majority was more than 8,000. Less than one-third of the total of about 36,000 electors in the combined districts of St. John city, St. John county and Albert county took the trouble to go to the polls. Apathy regarding the result prevailed throughout the entire constituency, and, although the day was a fine one, many men in the country districts were too busy to vote, and more than 155,000 voters remained away from the polls.

Dr. Emery led at several polling places in the city, namely, No. 14, 17 and 18, in Prince Ward, No. 100 in Milford, and No. 76 in Victoria Ward. The advance vote polled last week totalled ten, of which Mr. Wigmore received nine. Five votes, all for the minister, were cast at the advance poll at the Court House and four in Fairville, Dr. Emery receiving one. The advance poll was for sailors, commercial travellers and railroad men who might not have been able to be in the constituency yesterday.

A large number of automobiles were in use during the day, but many workers found it difficult to keep them busy. There was little indication of the use of intoxicating liquors in the city.

The latest unofficial figures from Albert county last night gave the results in that county as follows: Hopewell Parish, Emery, 220; Wigmore, 228; Hillsboro, Emery, 229; Wigmore, 405; Coverdale, Emery, 71; Wigmore, 234; Elgin, Emery, 333; Wigmore, 303; Alma, Emery, 132; Wigmore, 152; Harvey, Emery, 128; Wigmore, 151. Total, Emery, 1,113; Wigmore, 1,468. These figures would make the totals for the entire constituency: Emery, 4,092; Wigmore, 8,161.

In Colchester

Truro, Sept. 20.—With all polls heard from, Hon. F. B. McCurdy is elected by a majority of 1,505, over his Farmer-Labor opponent, Captain Hugh Dickson. In Truro the vote stood 2,941 for McCurdy, and 831 for Dickson, a majority of 2,110 for the minister of public works. In the rest of the county Dickson ran ahead by 605.

Today's figures show a striking change from the vote in the late provincial elections. At that time the farmer candidates were defeated in Truro by 1,000 majority but they were 1,300 votes ahead in the rest of the county giving them their election by 300 majority.

The majority given Mr. McCurdy today is the largest ever given a candidate in the county of Colchester.

FOR A JEWISH UNIVERSITY

(Special to The Daily Mail. Copyright 1920, by Cross-Atlantic Newspaper Service.)

Budapest, Sept. 20.—Owing to the fact that Jewish students are persistently refused admission into Hungarian universities, a wealthy merchant, Armin Hersch, has given a million crowns and has promised an additional annual subsidy of 50,000 crowns for the establishment of a Jewish University.

DENIES THE REPORT THAT HUNS ARE WORKING 12 HOURS A DAY

(Special to the Daily Mail; copyright by Cross-Atlantic Newspaper Service, 1920.)

LONDON, Sept. 21.—"The opinion common in America that Germany will soon recover from the effects of the war because the people are working 12 hours a day, is incorrect," said Julius Eisendrath, of Minneapolis, when he arrived in London yesterday after a tour through France, Belgium and Germany. "The Germans are not working hard; their shops are closed from half-past twelve to three o'clock daily. The general attitude is that it is useless to work when the government takes their earnings in taxes. It is the taxes that are crushing Germany, and in my opinion that country is in grave danger from Bolshevism."
