PALATABLE HOME MADE CANDY FOR CHRISTMAS

What would the Christmas menu be without a goodly supply of candies such as "mother used to make"? At least in homes where there are children these must not be lacking and around the candymaking bee hovers much delight for the young folk in the Yuletide preparations.

Included among the following recipes is the method of preparing fondant, which is the foundation of many of our chocolates and cream candies.

Fondant

Two cups granulated sugar, two-thirds cup boiling water, one-eighth teaspoonful cream tartar. Put the ingredients into a saucepan, and stir over a low heat until sugar is dissolv-

ed. Remove the spoon; heat gradually to the boiling point, and boil slowly without stirring, until a soft ball can be formed when tried in cold water. Remove from the fire; let stand until it stops bubbling; then pour slowly on an oiled or wet plate. Let it stand undisturbed until almost cold; then work with a wooden spoon until white and creamy. Work in the hands until perfectly smooth. Put into a glass jar seal to exclude the air. If during the boiling crystals form on the sides of the saucepan, wipe off with a damp cloth.

Chocolate Carmels

Three cups brown sugar two and one-half ounces chocolate, one-half cup milk one quarter cup butter, one-

HEADACHES

MAKE ONE MISERABLE

Headaches are one of the most aggravating troubles one can have, and it is hard to struggle along with a head that aches and pains all the time. Headaches seem to be habitual with many people; some are seldom, if ever, free from them, suffering continually from the dull throbbing, the intense pains; sometimes in one part, sometimes in another, and then again over the whole head.

There is only one way to get relief from these persistent headaches, and that is by going direct to the seat of the trouble, for unless the cause is removed, the headaches will still continue to exist.

The fact that Burdock Blood Bitters keep the stomach, liver and bowels toned up is proof enough to show that it will eliminate the cause of the headaches.

Mrs. Harold Lanain, Owen Sound, Ont. writes: "My system was run down and my blood out of order. I suffered a great deal from severe pains in my head, which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health, so I took another and am glad to say that it has done me an enormous amount of good. I have recommended it to my friends, who were in a similar condition, and they all say it is a wonderful remedy."

quarter cup molasses, one teaspoon vanilla. Mix the ingredients and stir over a low heat until the chocolate is melted. Boil slowly until a firm ball may be formed when tried in cold water. Remove from the fire. Add the vanilla, and pour into a well-buttered pan. Mark in squares.

Walnut Creams

Work the fondant (prepared as above) until soft and creamy; flavor and color as desired. Take a piece about the size of a marble; roll it in the hand, and place one-half walnut on each side.

Cream Dates

Wipe dates, and make a cut along their entire length. Remove the stones. Take a small piece of vanilla fondant form into a little roll and fill each date with it. Press slightly and roll in granulated sugar.

Dipping Chocolates

General Rules—Let the centres dry and harden slightly after being flavored and shaped; melt the chocolate over hot water in a small deep dish; mix the chocolate with a fork and as soon as it has entirely melted, remove from the fire and dip the centres.

(Do not take chocolate off the hot water).

Dip the chocolates with two forks and drain off any excess of chocolate before placing on a waxed paper or plate.

Butter Scotch

1 cup granulated sugar, 1 cup corn syrup, 1 teaspoonful vinegar, 1 half cup butter, mix the ingredients and boil slowly until the mixture becomes brittle when dropped in cold water; pour thinly on buttered pans; if desired to mark in squares it should be done at once as the mixture cools almost immediately.

Cream Mints

Melt fondant over hot water stirring all the time; thin slightly by adding a few drops of hot water; flavor with oil of peppermint and color, if desired.

Drop from the tip of a teaspoon on a smooth unbuttered plate or on wax paper and when firm remove; it is necessary to work quickly to avoid remelting the fondant.

Double Fudge

2 cups granulated sugar; 2 ounces chocolate; 2-3 cup milk and 1 teaspoonful butter or 2-3 cup cream; 1-2 teaspoonful vanilla; put the sugar, grated chocolate and milk in a saucepan and stir over a slow heat until the sugar is dissolved; bring slowly to the boiling point and boil slowly without stirring to the soft ball stage (232 degrees F.), add the butter, cool add the vanilla; beat until creamy and spread quickly in buttered pan.

Second part: 2 cups brown sugar, ½ cup cream or ½ cup milk and 1 tablespoon butter, 1 tablespoonful vanilla, 1-3 chopped walnuts; put the milk and sugar in a saucepan; bring slowly to the boiling point and boil slowly to 233 degrees F. without stirring; add the butter and nuts; cool; add the vanilla, beat until creamy; pour quickly on top of the fudge in the pan; when cool cut in squares.

Women try to make themselves beautiful. A man is doing all that is expected of him if he succeeds in keeping himself clean and respectable.

Christmas cigars are not as dead as they used to be, as smokers have become experienced enough to endure almost anything.
