VOL. XXVI., No. 142

FREDERICTON, NEW BRUNSWICK, THURSDAY, JUNE 17, 1920

TWO CENTS PER COPY

NEW ONTARIO IS PREPARING A GREAT RECEPTION FOR THE VISITING AMERICAN EDITORS

REASONS FOR THE PAPER SHORTAGE

The Tour of the Visitors Will be Made an Educational One—Will Get Some First Hand Information Concerning the Pulpwood Situation—No Scarcity of Pulpwood in Canada.

Cobalt, June 17.—Northern Ontario is preparing a great reception for the two hundred editors of the National Press Association, now in the Eastern Provinces, when they visit the North. They will strike the mining area on June 23.

A strong effort is being put forward to make the tour a real educational one. Some rather harsh things have been said of the Dominion in the United States in regard to the paper supply. It is the intention of the North to send these editors home as missionaries of good will to convince the people of the United States that the people of Canada are not such hogs as they are painted.

Of course the pulp situation will be a matter of paramount interest to the editors and in this regard they will go home filled with information as to the pulp situation in northern Ontario.

The North looks on the pulp situation with vastly different eyes than do the people of the South. The people of the North know that there is enough pulp wood in the North to keep the papers of both Canada and the United States going for many years if proper conservation methods are employed. For instance right today there are dozens of forest fires raging in the vast pulp area, and if figures were available it might easily be found that enough pulp falls a prey to the fires in a day to relieve the present paper shortage for a whole year.

BIG SEARCH FOR CARUSO'S GEMS

New York, June 17.—Private detectives who are trying to solve the mystery of the theft of jewelry valued at \$500,000 from the summer home of Enrico Caruso at East Hampton last week, will begin today a systematic search of the hundred acres of the estate for some trace of the stolen property. The detectives will use picks and shovels, and they intend to go over the entire place, digging at any suspicious looking places to see if the jewelry has been buried.

"We are certain the jewels have been buried somewhere about the estate," said Thomas Corrigan, in command of the detectives, "and we intend to leave no spot unsearched."

Park Benjamin, Jr., brother of Mrs. Caruso, said the guards around the Caruso home had been ordered to fire at any one who came into the estate and did not stop when ordered. This, he said, was necessary in order to prevent Mrs. Caruso from being annoyed. The guard around the estate was strengthened last night by the addition of several armed men.

BOY SHOT BY THE POLICE

Tulsa, Okla., June 17.—Tulsa will have to pay \$5,000 for the death of Vernon Hatfield, killed January 1917, by local police officers, according to a verdict brought in by a jury here. It was alleged that the police shot without cause, killing the nineteen-year-old boy while he was driving a motor car. Police say they shot only after the boy shot at them in trying to resist arrest. The officers charged that Hatfield had liquor in his car and therefore refused to let it be searched. The jury deliberated more than two hours.

THE PRICE OF GRANULATED SUGAR HAS GONE UP TWO CENTS A POUND

MONTREAL, June 17.—Notices were sent out yesterday afternoon by all the Montreal sugar refineries that today the price of granulated sugar would go up two cents per pound, or \$2 per hundred pound bag at the refineries. J. Stanley Cook, secretary of the Board of Trade, also said that the wholesale price of granulated sugar in Montreal would be 21 cents a pound, with proportionate increases in other parts of Canada, according to freight charges. No statement was issued by the refineries as to the cause of the increase save that it was due to the high price of raw sugar and the increasing cost of refining with higher wages and higher cost of everything involved in the manufacture of sugar.

"GRUMPY" WAS ENJOYED BY BIG HOUSE

To be Repeated Tonight—Excellent English Company Playing at Opera House.

Mr. Edward Lewers and Mr. Frank Compton who with their company presented "Grumpy" at the Opera House last night, gave Fredericton theatre-goers one of the best dramatic performances which they have seen in some years. The company which is largely English, is a good one, the principals taking their parts excellently with first class support.

The story of the play is slightly melodramatic revolving about the journey of a young man from South Africa to London as custodian of a valuable diamond, the theft of the gem and its subsequent recovery. Mr. Lewers in the title role had the chief part of the drama and proved one of the best actors seen in this city in a long while. Mr. Compton as Mr. Jarvis the skillful crook also was good. The members of the company in support took their parts in a manner which left little to desire.

The play will be repeated tonight and deserves even a better house than it had last night.

One defect on last night's performance which probably will be avoided tonight was a long delay in starting and dragging between the acts.

MISSED DOG, HIT THE MAN

London Ont., June 17.—According to Roy Hill of 3 Rathmine street, this city, when a woman attempts to throw a stone at anything, get behind her, but when she tries to shoot a dog, jump down a well.

Hill is a driver for the Neal Baking Company. When he called at the home of Edward Godrich, on the first concession of Westminster, to deliver bread, a vicious dog broke its leash and attacked him. He kept the animal away with his basket, but all the efforts of Mrs. Godrich to calm the brute failed. Fearing the animal maim the baker, she rushed into the house and returned with a shotgun. Taking careful aim, she fired. Hill received nineteen birdshot in the right leg. The dog fled, unhurt, at the report of the gun.

SAYS CHRIST IS COMING SOON

Chicago, June 17.—"Everything looks as though between 1920 and 1934 there will be some remarkable manifestation in the Christian world. We predict the coming of Christ. His need is shown in the increase of materialism in the world; in the rapid approach of chaos."

Thus spoke A. M. Johnson, Chicago chairman of arrangements for the second world conference on "Christian fundamentals" which is in progress in the Moody Church tabernacle. The conference will continue until June 20.

The purpose of the conference is to "turn the Christian world back to the contemplation and practice of real Christian religion." Those who preach there believe no human soul has the right to believe in any other interpretation of the Bible than the word written there.

Mr. and Mrs. L. W. Nickerson, of St. John, are at the Barker House. W. A. Delaney, of Boissetown, is at the Barker House. H. W. Schofield, of St. John, is at the Queen.

SIR SAM HUGHES ON THE WAR PATH IN PARLIAMENT, ATTACKS GENERAL CURRIE

Alleges That Canadian Commander at the Front Ran Away and Hid in a Dugout—Col. John Currie was Blamed for It—Militia Estimates Meet With Opposition from Liberals and Progressives—A Lively Session.

Ottawa, June 17.—Charges that there had been a propaganda to boom Sir Arthur Currie, "who was not an unwilling victim," but the instigator, were again made in the House last evening by Sir Sam Hughes, former Minister of Militia, during the debate on Militia Department estimates. Sir Sam charged that Sir Arthur Currie had allowed the odium of being called a coward to lie over the head of another officer, and when he, Sir Sam, investigated, he found that it was "A. W." and not "John" Currie who had run away and hid in his dugout. Sir Sam declared that General Currie had been reprimanded by a British officer. Other generals, like Turner and many others, were infinitely superior to General Currie in strategy and in personal courage.

The debate was full of fire at times. Col. C. W. Peck, V. C., of Skeena, in praising the work of the Canadian artillery, said he was sorry the member for Dorchester, Lucien Cannon, had not had the same opportunity of studying the work of the Canadians at the front as he himself had. Mr. Cannon, in reply, said that while the members on both sides of the House were honored in having among them one who wore the highest decoration of the British Empire, Colonel Peck had apparently overlooked one of the qualities of heroism, which was modesty. A few minutes later Mr. Cannon appealed from a ruling by Deputy Speaker Boivin, who was in the chair. Mr. Boivin was upheld on division by a vote of 93 to 48, a government majority of 45. The progressives, fourteen strong, voted in support of the chair.

No Summer Camps.

Chief discussion during the evening was on an item of \$120,000 for allowances, active militia. In re-introducing the estimates of \$12,500,000, Hon. Hugh Guthrie said the idea that these were an increase of \$4,000,000 over last year was erroneous. Many items charged last year to war appropriation had this year to be charged to Militia Department.

He announced that instead of summer camps the drill this year would be confined to city units. This would save the country approximately \$400,000. He informed Hon. Mackenzie King that there would probably be supplementary estimates for the Militia Department amounting to \$1,200,000 or \$2,000,000. Hon. Mr. King and Hon. T. A. Crerar both protested against increased military expenditures at the present time. Mr. King declared there was no menace and that fears of an invasion were groundless. Mr. King moved to strike off \$20,000 of the item for active militia allowance. Mr. King's motion was defeated by 69 to 45. The progressives voted solidly with the opposition. The item was then declared carried on division and the house adjourned at 12.15 a. m.

BOYS FOUGHT DUEL TO DEATH FOR DEAD RAT

Chicago, June 17.—A battle to the death between two boys in Peoria, Ill. the weapons being a potato masher and a revolver, was disclosed with the arrest of 9-year-old Raymond Herath, the alleged slayer, son of John H. Herath, a wealthy grocer. His alleged victim was 13-year-old Oddie Parker, son of Mrs. Harriett Maddox a widow.

They fought their strange duel alone in a bedroom of the home of Mrs. Maddox, who was downtown shopping. The Maddoxes and the Heraths have been neighbors for years and the boys grew up chums. The story of the duel was contained in a confession made by Raymond, whom the police found in a box car in the railroad yards after a three-hour search.

Raymond and Oddie, playing in the Maddox barn, captured a rat. An argument ensued as to ownership, both claiming the lion's share of glory for the capture. They carried it into the house where the argument developed into fistfights during which the rat escaped. Raymond who had been holding it, accused Oddie of responsibility for the escape. Oddie according to the confession, seized a potato masher and felled Raymond.

The latter fought back and they rolled about the kitchen floor. Raymond's right eye and face were lacerated and the floor was soon stained with blood. Still they struggled. Finally Raymond freed himself ran into the bedroom and opened the bureau drawer, where he knew Mrs. Maddox kept a 32-caliber revolver.

He leveled it at Oddie, who, he says was again charging him with the potato masher, and fired. The bullet penetrated the right temple, death being instantaneous.

Raymond was committed to the custody of the juvenile court pending the inquest, which will be held tomorrow.

A. J. Archibald, of New Glasgow, is in the city.

THINK STRONG DEMOCRAT MAY WIN ELECTION

London, June 17.—The London evening paper editorials on the Republican nomination are devoted largely to speculation on Senator Harding's chances of election and what effect that would have on American foreign policy. Both the Globe and Westminster Gazette are of the opinion that Senator Harding's election is by no means assured if the Democrats are able to lend a strong candidate.

The Globe thinks a Republican defeat is not possible, if such a man as William G. McAdoo, or Ambassador John W. Davis were nominated.

The Westminster Gazette declares that Great Britain must preserve neutrality in a Presidential conflict, but cannot disguise its interest. It is doubtful in the opinion of the Gazette if the November elections can settle the question whether the United States will pursue a purely American policy or take a hand in international affairs.

WILL DIVORCE BOTH OF THEM

Durham, N. C., June 17.—Mrs. Ida Page Griffin, the central figure in Durham's Enoch Arden case, has been granted a divorce from Walter Griffin, the husband with whom she was living when T. O. Page, her first husband believed dead, returned from army service.

Mrs. Page according to the evidence produced in the trial, had been officially notified by army officials of her first husband's death. Some time later she married Griffin. Only a few months ago Page returned to Durham to claim his wife. He found her residing with the second husband.

Recently Mrs. Page, through her attorney, announced her intention of divorcing both husbands.

WHOLESALE MERCHANTS APPEAR IN COURT IN CITY OF ST. JOHN FOR SELLING LEMON EXTRACT

MOTORS FOR LAYMEN TO REACH PASTORLESS

Important Suggestion Made at Baptist District Meeting—Appeal for Support of Prohibition.

The United Baptists of the Third District comprising York and Sunbury Counties, in annual session at Douglas this morning received a report from the Committee on Pastorless Churches in which the suggestion was made that an automobile be used to take lay preachers to the churches which can obtain no pastors. Wednesday afternoon the Temperance Situation was discussed and all people of the Baptist denomination called upon to vote for the retention of the Prohibition Act and against the sale of Wines and Beers. The Forward Motion Act and against the sale of Light Movement was reported to be a stimulant to the ordinary finances of the church.

Wednesday Afternoon
Rev. C. T. Clark led the devotional service which began Wednesday night. An address on the Grand Ligne Mission by Eugene A. Therrien of Montreal a student at Acadia University followed. Mr. Therrien is a French-Canadian. His grandfather a convert from Roman Catholicism, has been pastor of a French Baptist church in Montreal for forty years.

Rev. E. S. Mason superintendent of Home Missions, reported. He stated that since the union of the Home Mission Boards in October last, there had been a great improvement in the work. Progress was being made steadily. A Resolution Committee with Rev. J. B. Daggett as chairman brought in a resolution on the Temperance Question calling upon all Baptists to vote for the retention of the Prohibition Act and against the sale of wines and beers.

Rev. W. D. Wilson, Chief Liquor Inspector, gave a vigorous address on Prohibition.

Motors Recommended
This morning Rev. C. T. Clark dealt with the subject "The Manifestation of the Holy Spirit" in the devotional exercises. H. T. Brewer presented the report of the committee on Pastorless Churches. The report advocated the use of motors to take laymen to churches which cannot obtain pastors.

A conference on Temperance was led by Rev. Z. L. Fash.

A conference on Stewardship followed. There were ten-minute talks led by H. T. Brewer on "Prayer", Rev. J. Glendenning on "Life", and J. W. Spurdon on "Money."

Sessions this afternoon and tonight will complete the meeting. The afternoon session is devoted to the Women's Missionary Society.

S. A. DRIVE A BIG SUCCESS

New York, June 17.—The first week of the Salvation Army's home service fund drive has brought in from New York State and the fourteen northern counties of New Jersey about one-half of the territorial quota of \$2,300,000, it was announced yesterday. Of the larger cities, Buffalo was the first to reach the goal and exceed it. The \$50,000 asked from that city was increased by \$2,000.

YOUNG BULL HAD PLUCK BUT HIS JUDGMENT WAS NOT OF THE BEST

PICTON, Ont., June 17.—George Thibault, proprietor of the summer hotel at Outlet, a village a few miles from here, was driving his car toward home recently when he chanced to meet a herd of cattle. The owner of the auto slowed down to allow the animals to pass without undue excitement. All went well till he met the leader of this large bovine family, a splendid young bull. The latter resented the presence of the mechanical contrivance bearing down through the herd on low gear. Lowering his massive head, he charged, but the result was a few bruises for himself, a twisted axle, a badly bent fender and a smashed headlight for the unfortunate motor. As Mr. Thibault inspected the damage, he remarked emphatically, "I certainly admire his pluck, but he showed poor judgment."

CHARGE LAID BY LIQUOR INSPECTOR

Pleaded Not Guilty to the Charge of Selling Intoxicating Liquor, but Admitted Having Lemon Extract for Sale—A Decision of Chief Justice Hazen Cited by the Magistrate.

St. John, June 17.—Representatives of nine leading local wholesale grocery and drug firms, appeared in the police court yesterday afternoon to answer to a charge laid against them by Liquor Inspector McAlinsh. The charge is that "each of the firms d'd keep in their respective places of business intoxicating liquor, (to wit, lemon extract), for sale, contrary to the provisions of the prohibition act, of 1916, in the said city of St. John, on Tuesday, June 15, 1920." This charge was laid against the following: G. E. Barbour & Company, Limited, Jones & Schofield; Puddington, Wetmore, Morrison, Limited; Northrup & Company; Baird & Peters; Wilson Chemical Company; Bralley Drug Company; Vanwart Brothers, F. E. Williams & Company, Limited, and G. S. deForest & Sons, Limited.

The representatives of the various companies and firms with the exception of two, pleaded not guilty and the other two decided eventually to plead not guilty to having intoxicating liquor in their places of business, although they admitted keeping lemon extract for sale. They said that they were under the impression that they had been acting entirely within the law and that this was the first intimation they had received that it was illegal to sell lemon-extract. The magistrate explained that he had nothing to do with bringing them there but that, according to a decision given in a case by Chief Justice Sir Douglas Hazen, they were all liable under the prohibition act if they kept lemon extract for sale.

Mr. Wetmore, one of the accused, asked why it was that if the government gave permission for the manufacture and sale of the extracts, they could turn around and prosecute for doing the thing they had permitted.

His Honor replied that the whole provincial government could not change this law, except in parliament. The magistrate suggested that they each pay in \$200.

All the accused contended, however, that there was no intention, to violate the law, and if they were violating the law they were perfectly willing to stop the manufacture and sale of the extracts.

Shoe Polish Next!
"If lemon extract is cut out they will start on shoe polish," said his honor, "and then we will have to analyze shoe polish and if it is over two per cent, we will cut it out. The whole community has been asking, 'Why do you bring up the widows and little fellows. Why don't you get after the others?'"

ONTARIO SELLS MORE BONDS

Toronto, June 17.—A bond issue of \$3,000,000 was sold by the Province of Ontario yesterday to a syndicate composed of Wood, Gundy & Co., A. E. Ames & Company, and the Dominion Securities Corporation, the Province getting its money on a basis of about 6.23 per cent. The bonds are for ten years and bear 6 per cent and the price of the successful tenderers was 98.317. The bonds will be offered in Canada almost immediately probably at a price around par. The money is to be used for Hydro purposes, and thus does not add to the net debt of the Province.

J. B. Brand, of St. John, is a guest at the Queen.
