# BABY WEEK IN ENGLAND IS NOW IN FULL SWING

This Great Educational Movement was Begun by the Late Lord Rhondda, England's First Food Controller—Save the Babies is the Motto of the Council—Too Many Little Ones are Helpless Victims of Cruel Injustice.

Staff Correspondent of the Daily Mail.  
Copyright, 1920 by Cross-Atlantic Newspaper Service Inc.

London, Aug. 3.—The fourth British National Baby Week is in full swing. This year London takes second place the principal conferences being held in the Midlands, Manchester, Leeds, Birmingham, and other big industrial centres.

National Baby Week is an educational movement, which was begun by Lord Rhondda who unfortunately died during the second Celebration in 1918. The work is being carried on by Lord Rhondda's associates including his daughter, formerly Lady Macworth, now Viscountess Rhondda, in her own right. The directing power is a Council, of which the Queen is Matron, Mr. Lloyd George, President, Lord Astor, Chairman, and Lady Rhondda, Vice Chairman. On the Executive Committee among many famous names are: Hon. Austin Chamberlain M. P., the Duchess of Marlborough, Lady Jellicoe, Lady French, Mrs. H. B. Irving and Lord Milner.

The Motto of the Council is "Save the Babies", and its seal is a figure of Britannia tenderly holding an infant in her arms. The motto is an entreaty in her arms. The motto is an entreaty a warning, a command; and the seal is more a suggestion of what should be, than an expression of what is. Britannia alas! has not been tender of her infants.

The Registrar-General gave for 1918 these figures:

London per 1000 of population—Birth rate 15.8, Civilian Death rate, 18.7; 96 great towns, per 100 of population—Birth rate 17.6, Civilian Death rate 18.1.

These figures take no account of naval or military losses. Without these the deadly decline which began in 1876 has at last brought England, for the first time in her national history, face to face with a distinct loss in population. The 1919 figures show a slight improvement, but are by no means what they should be.

### National Apathy

There have been efforts to save the babies in England for many years—social efforts to help the constant struggle of the mothers, each yearning and striving to save her own. But there was national apathy. Babies were well enough in their place; but their place was a live subject, and so were world commerce, and taxation and the land question. But babies. Well babies were just babies—let their mothers take care of them.

Then came the war with its appalling destruction of life, and for comfort the nation turned to the babies babies that were to fill the places of the slain and give fresh life and vigor to the stricken nation.

But there was little comfort there, for the terrible fact was brought to

## ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all. Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nineteen years. Now made in Canada. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer". Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monopropionicacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."
