FROCKS FOR CHILDREN.

Some charming frocks made for younger little girls are of solid color—pink and blue—with designs of baskets of flowers and even of demure little girls in sunbonnets worked upon them by means of applied material in contrasting colors. There are blue frocks with prim little roses cut from pink and green material and stitched on, two on the bodice and one on the side of the skirt. Sometimes to make the effect quaint, little bows of ribbon are added to the design, a little bow at the belt of applied figure in the one case and a ribbon to tie roses in the other.

At this time of year the shops where children's clothes are sold always show a rather gorgeous and appalling array of silk "party" frocks for little girls. Doubtless there are mammas who buy these things or they would not be offered though for your own part you would probably select for your little girl one of the more serviceable and appropriate though none the less dainty lingerie frocks, trimmed with lace and embroidery. Still there are little girl frocks of pink or blue or green or yellow taffeta silk and some made of chiffon hung over a silk lining.

BROWN BREAD THE BEST.

People use the white flour of commerce because they are born into the idea that it must be white to look nice. There is no principle of physiology which bases the qualities of food upon a white color. Color is a sentiment. Food to be food must contain all the elements of the tissues the body feels upon. It does not say the body must be white. This preference for white flour comes altogether from habit and education, for those who eat bread and other food made from whole-wheat flour soon begin to love it, and in a short time experience a natural craving for it which white bread does not and cannot satisfy, and the light brown color of the bread with its rich wheat flavor, is a constant reminder that the life and sustenance are not driven out of it, while its satisfying and nourishing qualities attest that it is the perfection of hale and healthful food.

TAPIOCA CREAM WITH DATES.

One-half cup tapioca, 1 quart milk, ½ cup corn syrup, 2 eggs and dates. Soak the tapioca over night. Boil a quart of milk and add the soaked tapioca cook well and add the salt, syrup and the beaten egg, add the beaten yolks and whites separately. Flavor with a half teaspoonful vanilla, and pour over chopped dates. Serve with thin cream.

SHAKESPEARE IGNORANCE.

"The famous classics," said George Doran, the publisher of New York, "are talked about but seldom read. In Stratford during a Shakespeare jubilee, an American tourist approached an aged villager in a smock and asked:

"Who is this chap Shakespeare, anyway?"

"He were a writer, sir."

"Oh, but there are lots of writers why do you make such an infernal fuss over this one? Wherever I turn I see Shakespeare hotels, Shakespeare cakes, Shakespeare chooclates Shakespeare shoes. What the deuce did he write—magazine stories, attacks on the Government, shady novels."

"No, sir; oh, no, sir," said the aged villager. "I understand he writ for the Bible sir."

AMONG GIRLS.

Edith (put out). Jack didn't ask me to sing.

Maud. Why don't you get even with him?

Edith. In what way?

Maud. By singing anyhow.

TWO NEW HOWLERS.

From a school girl's examination paper:

"The uses of the skin are for modesty and High Jean."

Cause of Early Old Age

The celebrated Dr. Michenoff, an authority on early old age, says that it is "caused by poisons generated in the intestine." When your stomach digests food properly it is absorbed without forming poisonous matter. Poisons bring on early old age and premature death. 15 to 30 drops of "Seigel's Syrup" after meals makes your digestion sound.

LOWER PRINCE WILLIAM.

SO CONTRARY!

When I sing about the weather
And violets comin' back,
The rabbit hunts for kiver
And leaves a snowy track.
And when I sing of Winter
And the cold homes of the poor,
A rose looks in the window
And Spring is at the door.

The high cost of maple syrup has silenced the oldest inhabitant. If you are a man of strong character your neighbors admire it except when it comes in collision with their views. As maple products have apparently

TRIBUTE TO A POPULAR R. C. PRIEST

(The New Freeman)

Announcement has been made by His Lordship that Rev. J. J. Ryan, M.A., has been appointed pastor of the Church of the Assumption, West St. John, in succession to the late Rev. Andrew J. O'Neill, M.A. It is expected that Father Ryan will take over the parish in about a week.

Father Ryan is no stranger to St. John and he will be given a cordial welcome by his many friends here. A native of Ireland, he came to this country at an early age. Taking his classical course at the University of St. Joseph's College, he immediately decided to study for the priesthood and went to Quebec where he took his theology at the Grand Seminary. He was ordained by the late Bishop Sweeney in the Cathedral of the Immaculate Conception, Saturday, July 16th, 1892, at the same time and place his immediate predecessor in the pastorate of the Church of the Assumption, the late Father O'Neill and Rev. L. A. L'Archeveque being raised to the priesthood. Shortly after his ordination, Father Ryan went to Milltown as curate and then succeeded to the pastorate of St. Joachim's Church, Silver Falls. In 1895 Father Ryan was transferred to St. Mary's, York county where he labored for twenty years. He did wonders there. St. Anthony's Church, one of the finest church edifices in the province, is but one testimonial of his material endeavors, whilst the churches at the missions of the parish are also of his building. Father Ryan's labors at St. Mary's (now Devon-) were of a class which called for indefatigable effort, a quality he never lacked. He was transferred to Woodstock in 1915 to succeed the late Father McMurray. Father Ryan's departure from St. Mary's was generally regretted and was the occasion of a testimonial of esteem from all classes and creeds. During the four years of his stay at Woodstock, as pastor of St. Gertrude's Church, Father Ryan had endeared himself to all. In August, 1919, he proceeded to Milltown, the scene of his first pastoral duties where he succeeded as pastor Rev. A. W. Meahan, D.D., who had been transferred to St. John the Baptist Church, this city.

SHORT OF BREATH

Could Hardly Walk Without Resting.

When you go to a physician to be examined for any heart trouble one of the first questions he asks is: "Are you short of breath?"

Now when the heart becomes affected there ensues a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, dizziness and a weak, sinking, all-gone feeling of oppression and anxiety.

On the first sign of the heart becoming weakened or the nerves unstrung Milburn's Heart and Nerve Pills are just the remedy you require. They regulate and stimulate the heart and strengthen and restore the whole nerve system.

Mr. Stephen Crouse, East Clifford, N. S., writes: "I suffered for five years with heart trouble. I could hardly walk from the house to the barn without resting as I used to get so short of breath. Doctors could not help me. My wife told me to get a box of Milburn's Heart and Nerve Pills and I felt better after taking them. Three boxes made me quite well. I am now helping my son to work the farm, and can truthfully say I feel like a different man."

PAGANISM COURSE FOR MISSIONARIES

New York April 9—The raw pagan is at last going to be psycho-analyzed. Agnes Learcraft Donohugh, Ph. D., Columbia University, has instituted a course at Kennedy College of Missions, Hartford, Conn., to teach prospective missionaries "missionary psycho-analysis."

In harmony with the present day theory of introspective analysis, modern missionary curriculum carries the study of folk tales and the hereditary influence of the native. In this way the missionary goes into the field armed with the knowledge of customs, attitudes and condition of the peoples he is to work with.

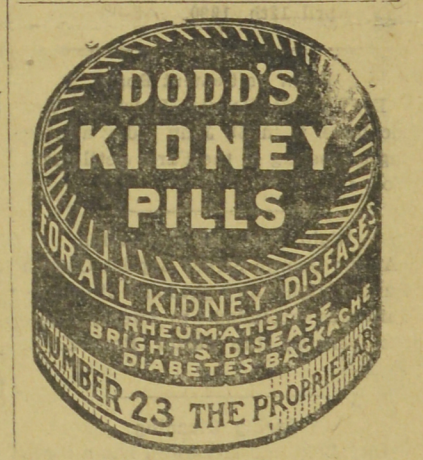

This is in contrast to the old missionary approach "turning a man loose without an understanding of his clientele."

known in the United States, is the trainer.
