***** THROUGH OUR SIEVE *****

A woman hates to see her first gray hair come almost as much as her husband hates to see his last go.

There is so much scenery that may just as well be passed by in a hurry; it isn't worth seeing.

Punctuality is the thief of time—you waste half an hour waiting for the other fellow.

Mind what the minister tells you in morals and he won't care much about your politics.

The man who used to walk out when the clerk was discourteous now stays and buys something he doesn't need.

Maple syrup prices may get so high that farmers who make the sweet will feel that they can't afford to keep any for home consumption.

Resisting temptation never had such a test as refraining from telling another funny story along the same line of one that has just been told.

CANADIAN MILLING INDUSTRY

The Canadian milling industry has, since 1914, made progressive strides and flour exports between that year and 1919 increased nearly five times. Today this business has an annual capacity of slightly more than 35,000,000 barrels a year and new mills are being continually added. In 1890 Canada exported 115,099 barrels of flour valued at \$521,383. By 1910 this had increased to 3,064,128 barrels valued at about \$15,000,000. In the fiscal year of 1919, 9,196,806 barrels were milled at a value of \$99,836,696.

Great Britain has been by far, Canada's best customer for flour, her imports from the Dominion of this commodity, for the last fiscal year, being equal to about 60 per cent. of the total, or \$56,000,000 out of nearly \$100,000,000.

Exports by countries for the last year were as follows:—Great Britain \$56,270,225; United States \$99,794; British South Africa \$17,309; Newfoundland \$34,147,527; British West Indies \$6,329,527; Other countries \$34,147,750.

The Trade returns for the present fiscal year show that, as yet, the exports of flour are holding their own, though the European countries are again engaged in grain growing and milling. In the last available period of five months 4,928,164 barrels of flour were exported, as compared with 4,461,313 in the same period in 1918. Of these 3,912,405 barrels went to the United Kingdom; 38,423 to British Guiana; 146,596 to the British West Indies; 297,845 to France; 100,182 to Greece; 55,735 to Italy; 73,109 to Newfoundland; and 228,084 barrels to other countries. Great Britain took a little more than 1,000,000 more barrels than she did during the same period in 1918, and 1,700,000 more than in 1917. Other departments of the milling industry loom large also, as the following figures show: oatmeal \$4,032,567; cereals \$4,247,249; bran, etc., \$1,592,212.

Whilst on account of the change of conditions in Europe, the export trade may fall off considerably, the Canadian milling industry by reason of the activity produced during the war is in a very strong position and should be able to hold its own in the period of competition which is undoubtedly ahead.

PILLS.

Saskatchewan Man, With His Rheumatism and Backache Gone, is Telling His Neighbors of Dodd's Kidney Pills.

Lee Pelletier, Sask., March 22nd (Special).—Stating that he has been relieved of rheumatism and backache by Dodd's Kidney Pills, Mr. Alphons Blais, a well known and highly respected resident here, is singing the praises of the old reliable Canadian kidney remedy.

"Yes, I suffered from backache and rheumatism," Mr. Blais states in an interview; "and I spent much money on medicines before taking Dodd's Kidney Pills. After taking several boxes of them I was able to resume my work. Now I am quite well again. I owe my health to Dodd's Kidney Pills and I want everybody to know that I am very thankful to Dodd's Kidney Pills."

Mr. Blais' troubles came from his kidneys. That is why Dodd's Kidney Pills gave him such prompt relief. Ask your neighbors if Dodd's Kidney Pills do not help any and all forms of kidney disease.

ONE GREAT ESSENTIAL TO A WOMAN'S HEALTH IS HER NERVES

Nature intended women to be strong healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is unstrung. The trouble is they pay more attention to their social and household duties than they do their health. Is it any wonder then that they become irritable and nervous, have hot flushes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy.

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health.

Mrs. P. H. Ryan, Sand Point, N.S., writes:—"I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night, and my appetite was very poor. I could not walk across the floor without trembling. I had hot flushes and fainting spells. When I was on my second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
