I. O. D. E. PROVINCIAL CHAPTER HEARD INSPIRING ADDRESSES FROM THEIR DOMINION OFFICERS

Miss Arnoldi, National President, and Mrs. John Stewart, Organizing Secretary, Spoke Before the Chapter—Discussion On a Number of Interesting Matters—Tea Served at the Close of the Afternoon Session.

At the afternoon session of the quarterly meeting of the Provincial Chapter of the I. O. D. E., two addresses were delivered by Miss Arnoldi, national president, and Mrs. John Stewart, national secretary. Miss Arnoldi in her remarks said that every loyal woman in Canada should belong to the I. O. D. E. Now that the war has ended work should not cease and it is up to the women to restore the ideals of the world to defend civilization. There is more work to do in the world today than there hands to do it, especially in Canada. Miss Arnoldi said she was surprised to find that of 50,000 members only 24,000 had paid their dues and were members of the I. O. D. E. The same interest was not shown today as during the war, she said it was up to members to get around and interest women and get them to join the I. O. D. E. and carry on the work. Miss Arnoldi also spoke of the work of re-organization at the national office in Toronto and said that a much smaller staff was now being employed. A voluntary secretary instead of a paid secretary was doing the work.

Mrs. John Stewart, Organizing Secretary, followed. In opening her address the speaker delineated the system on which the I. O. D. E. was founded and drew a parallel between it and that of the federated system of governments in Canada. Like that system it was showing good results even as "Now we can realize the vision of the fathers of confederation."

"However," Mrs. Stewart continued, "in point of membership I consider our organization is disappointing for, in spite of the fact that it has been stated that we have on our lists nearly 50,000, the actual paid-up membership is only 24,000.

"That will not do. We cannot relapse or retire, but we must enlarge and in so doing develop and foster our national enthusiasm like the people of the United States have done and are doing.

"Further, we must advertise. That may seem to savor of business but nevertheless we must do so whether we like it or not.

"We must enlarge and make every woman in Canada one of our members. The order has had an abnormal development during the war but now it is difficult, and will be for a few years to bring members into this order.

"However, this should be done that the same work necessary in war, imperative in peace may be carried on." The speaker insisted that war-time patriotism should not fail now and held the case of the Greek women as exemplary.

"The war," she went on, "demonstrated that women are capable of all that made men famous (applause). Therefore we must grapple with our problems with no less ardour than we did those of the recent past.

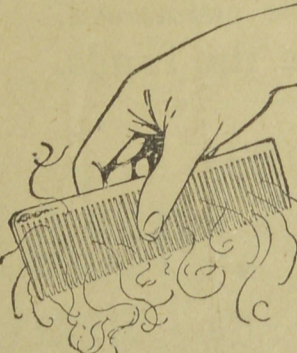

"Our chief problem today is to obtain new members. I stand for an aggressive policy for forming new primaries and obtaining new members for new primaries. Each member must work."

The speaker outlined the vast field open for useful work, chief of which is along the lines of reconstruction, care of returned men and providing scholarships.

Special emphasis should be laid on forming junior chapters for on them depends the future success of the

"DANDERINE"

**Stops Hair Coming Out:
Doubles Its Beauty.**

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

I. O. D. E. and the pushing forward of the work. Posterity must be prepared "to hold high the torch we throw to them."

The I. O. D. E. organizing secretary in her closing remarks expressed satisfaction in the hope that when she returned home great results from the various chapters would be evident and she would have much work in issuing charters to new chapters and primaries (applause)

A vote of thanks to the speakers was moved by Mrs. Vanwart, seconded by Mrs. Hodge, and unanimously carried.

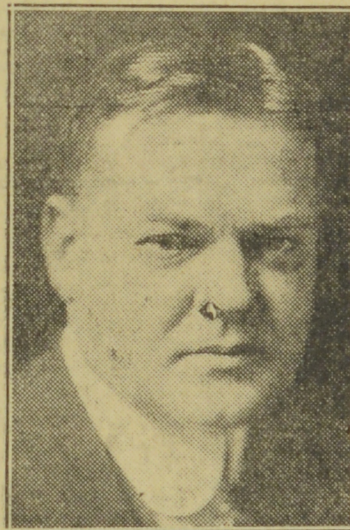

To Send Greetings

Mrs. Vanwart also moved that greetings from this, the oldest chapter, be sent to the youngest chapter which will be formed in Nova Scotia next week.

In a discussion which followed several members expressed views on different subjects, among which were the endorsing by the I. O. D. E. of the Navy League Campaign, the giving of libraries to schools, and a complaint on the part of Mrs. B. C. Foster that users of those libraries were not receiving their Readers' Badge. An effort will be made to adjust this matter since these badges are believed to encourage scholars, including children of foreign extraction, to read English.

Tea Was Served

Five o'clock tea was served, Mrs. Ketchum presiding and the members of junior chapters serving.

HERBERT HOOVER

who spoke at the Canadian Red Cross dinner at Toronto, October 11, on behalf of the British Empire War Relief Fund to combat disease and distress in the war-stricken areas of Europe. Mr. Hoover was American Food Administrator during the war, and was Director-General of Relief in Europe for the Allies and Associated Governments after the Armistice. It was Mr. Hoover's discerning genius which organized the saving meal a day of fat, sugar and milk for Belgian children during the occupation. After the Armistice Mr. Hoover organized the European Children's Relief Administration, whereby, at its maximum, about 3,500,000 children in some twelve of the liberated countries received one supplementary meal a day to bring them through into normal growth and health.

Mr. Hoover commended very earnestly the Canadian Red Cross Appeal for funds to fight disease and to save the children in the war-stricken poorer countries of Europe. He said that the American Children's Relief Administration in Europe would co-operate in every possible way to aid in the distribution of supplies for the children through approved national and local agencies in the name of the Canadian Red Cross.

WHEAT CONTROL TO BE DECIDED

Ottawa, Oct. 19—There has not yet been any decision by the cabinet in the matter of wheat control, according to one of the cabinet ministers, who said tonight that the question was not brought before the cabinet council at its meeting today. While the cabinet will have its hands full for the next few days in deciding the sugar question on the evidence brought forward at the hearing tomorrow, it is expected that there will be a decision on wheat control before the departure of Premier Meighen for the west.
