POLICE STATION AND BARRACKS THROUGHOUT IRELAND HAVE RECENTLY BEEN DEMOLISHED

The Looked for Easter Rebellion Failed to Materialize—Sinn Feiners Executed Coups in Many Parts of the Country—Extensive Military Precautions Had Been Taken Around Dublin—Warships Patrolling Northern Waters.

Dublin, April 5—Though there was no Easter rebellion, the Sinn Feiners gave the government nearly as much annoyance as if there had been. They demonstrated also their widespread organization and the secrecy with which they are able to execute their coups simultaneously in every part of the island.

Not only were tax offices and police barracks attacked, but private residences of tax collectors were also raided.

Papers were removed and destroyed but in the these raids no one was injured. The destruction of tax records will greatly embarrass the authorities and delay the collection of the income tax. Most payments were made by the end of March, but in hundreds of cases the tax payers are in arrears, and doubtful and disputed claims remain open, and their clearing up will be postponed.

Nearly one hundred police stations and barracks all over Ireland were demolished. They had, however, been previously abandoned by the government because of the difficulty of the few policemen in charge holding them against attacks by hundreds of armed men.

Extensive military precautions were taken in and around Dublin and other cities and the examination of persons entering or leaving was directed at preventing a possible armed revolt. But no such comprehensive plan of outrages against public offices and barracks as occurred were foreseen.

It has been very quiet today. Until late in the afternoon the absence of soldiers from the streets was conspicuous, but at 5 o'clock, a military lorry with armed soldiers drove up and raided a small saloon known as the "Republican Bar," off O'Connell street and arrested five men. A hostile crowd soon assembled and sang a Sinn Fein song. The soldiers fired a volley over the heads of the crowd, which did no harm.

Sir John Taylor assistant under secretary of Dublin Castle, says the number of barracks destroyed is thirteen, and their demolition will entail a heavy burden on the taxpayers.

Warships have arrived in Lough Swilly in the northern part of County Donegal, and are patrolling northern waters.

A report received here from Strabane, County Tyrone, says that during the attack on the police barracks in Donegal one member of the attacking party was killed.

HIGHER PRICES FOR HARD COAL

Toronto April 6—Next winter's hard coal supply in the opinion of Fuel Commissioner H. A. Harrington will cost Ontario at least \$17 per ton. The prevailing price is \$14; the miner's demand if acceded to, will add \$1.50 to that; the railway companies declare they must have another \$1 per ton for haulage, and coal dealers have been making nothing at present retail prices.

Last night the Fuel Commissioner quite agreed with an opinion that Ontario was nearing the end of the coal road. He could foresee no condition which would ever again bring down coal prices. On the other hand he foresaw plenty which would send prices still higher. "The only way out," he said, "is for Ontario to procure substitutes. The day of over-production in coal is gone."

"The fuel situation is not what one might call serious in Ontario now," Mr. Harrington stated. "But all stocks are absolutely depleted because of the abnormal winter through which we have just passed. A strike at the mines now would make things mighty serious in Ontario next winter. Those who are demanding their next winter's supply of coal now should realize that there are many families without coal and they require a little for the chilly spring weather."

SANDERSON'S WORLD'S HISTORY RECOMMENDED

Text Book Committee Wants It to Take the Place of Myers' History of the World.

The Text Book Committee of New Brunswick in session here Monday afternoon decided to recommend to the Board of Education that Outlines of the World's History of which Edgar Sanderson, M. A., is the author, for use in the schools of New Brunswick. This text is a British publication and the author is late Scholar of Clare College, Cambridge. Another of his works is "A History of the British Empire."

This history is to take the place of Myers' History of the World the usefulness of which has been destroyed as far as the schools of this province are concerned. It was stated by one of the members of the Text Book Committee that the Province of Saskatchewan also has discarded Myers' History. The feeling against the latter developed in this province on account of the issuing of an edition unauthorized in New Brunswick, in which a supplement dealing with the late war devoted considerable space to the exploits of the United States forces but ignored Canada and the history of the Canadian forces.

Those present at the meeting of the Text Book Committee were Dr. W. S. Carter, Chief Supt. of Education, chairman. Dr. H. S. Bridges, Dr. H. V. B. Bridges, W. J. S. Myles, Dr. C. C. Jones, R. D. Hanson.

OPPOSED TO PROHIBITION

Ottawa, April 6—It is extremely improbable that the United Farmers will ever rule Canada; it is doubtful if they desire to do so. Rather they aim to exercise a direct moderating influence comparative with the large place which farmers hold in the economic life of Canada. But it is quite probable the group of United Farmers in the next Parliament along with the straight Liberals will have a majority and be able to carry on the executive administration of government.

The farmers of Canada, east and west, are in a much more competent position than ever before, and will be slow to listen to the arguments of protection. The demonstration which is being given in Ontario politics will have a decided effect.

Death in Devon
Miss Helen Booth Bradley daughter of Mrs. Margaret Bradley of Devon died this morning at her home there aged sixteen years. The mother survives. Rev. H. H. Ferguson will conduct the service at 3.30 Thursday afternoon.

Returned from Ottawa
E. S. Carter private secretary to Premier Foster has returned from Ottawa. He states that the Federal Department of Public Works has accepted the river wharves which were turned over by the province last year. Estimates of the cost of repairs are to be forwarded to Ottawa.

Government House Transfer.
P. A. Guthrie of Boston has been appointed to transact the legal duties in connection with the transfer of the Old Government House property in this city to the Federal Government. The Federal authorities have confined the order-in-council passed under Hon. A. L. Sifton for the transfer of the property for \$50,000.

MADAWASKA MAN TAKEN INTO CUSTODY FOR HELP- ING CLARK TO ESCAPE

Peter Wood Arrested on the Order of the Attorney General—Clark Being Closely Guarded in a Grand Falls Hotel—May be Removed to the Jail at Andover Today—Maine Authorities Helped Apprehend the Accused.

(St. John Telegraph.)
Another development in the Bell murder case at Grand Falls was the issuing of a warrant, late yesterday, for the arrest of Peter Wood, of St. Andre, Madawaska county, a few miles from the town, charging him with aiding and abetting Newman Clark, accused of the murder of Miss Phoebe Bell on March 25, to escape from the hospital. A constable was sent to serve the warrant and Wood was taken to Grand Falls last night. It is understood that Clark told the authorities that the St. Andre man helped him to leave the hospital. After his escape early Good Friday morning, Clark walked over the Maine border to Limestone, where he was later arrested and returned to Grand Falls on Sunday night.

Clark remained in a hotel at Grand Falls all day yesterday. He will be taken to Andover today and lodged in the Victoria county jail there, providing his condition is fit. Wood will also be taken to Andover. In addition to suffering from self-inflicted bullet wounds Clark has had to have his feet treated. Both feet were severely frost-bitten while he lay in hiding in a barn near the home of George Morrill, of Limestone.

Found in a Barn.

It develops that Clark reached Limestone on foot during Friday forenoon and took refuge in the barn. He was in a pitiful condition having escaped from the hospital by means of a window and without any clothing except a night shirt. He was supplied with an old coat and quilt before he had gone far, apparently, for when found in the barn he was lying down with these over him. His feet were frost-bitten.

Shortly before 6 o'clock Friday night, several children while playing in the barn discovered Clark. They were considerably frightened and informed the neighbors. The latter hardly knew what to do with Clark, but Mr. Morrell took him into his house and supplied him with food and gave him some clothing. George A. Phair, deputy customs collector, and an officer of Houlton, Me., was notified of Clark's presence at the Morrell house and communication was had with Albion Foster, high sheriff of Carleton county, and G. B. McCrea, constable, of Andover, who were already searching for Clark.

Deported from Maine.

Deputy Phair placed Clark under arrest on a charge of being an undesirable citizen and ordered his deportation. This formality was gone through with to prevent a possible contest by Clark against extradition proceedings. When Clark was brought on this side of the border he was served with a warrant charging him with murder and was placed under strict guard at a hotel in Grand Falls.

After his arrest by Phair Clark said he was willing to return to Victoria county. It is learned that he swallowed some of the contents of a bottle he had in his pockets after he was taken into custody at the Morrell house. Dr. Hubbard of Limestone was summoned and when he pumped out Clark's stomach he said he could not tell what the liquid was. The bottle was supposed to have contained iodine, but Dr. Hubbard said he thought the liquid was something else.

Hon. J. P. Byrne was in Grand Falls all day yesterday. He questioned a number of persons who might be able to throw light on Clark's escape, and as the result of his investigation a warrant was issued for the arrest of the St. Andre man.

SURFACE DRAINAGE CONSIDERED BY CITY COUNCIL LAST NIGHT

Survey of West End Ordered With Plans for Four Foot Sewer—Water Main Renewals to be Made in Carleton and Church Streets—New Surface Sewers for the Woodstock Road Section.

Surface drainage was the subject upon both C. N. R. and C. P. R. in which was given the most attention last night when the City Council met in committee. This subject has been brought to attention this spring by a number of facts. The snow was heavier than usual. The existing surface sewers have been in worse condition than in some years. The railways allowed the so-called Back Drain and its culverts to become filled causing much water to back up in the old racecourse section of the city.

The final result of Monday night's deliberations was to instruct City Engineer McDowell to make a survey and plans for a four-foot sewer to serve the West-End and traverse Northumberland or Westmorland Streets from the St. John & Quebec Railway to the river, to install a two-foot surface sewer on a right-of-way through the old Aberdeen mill property from Woodstock Road to the river to replace a caved in wooden sewer, and to have a committee wait

(Special to the Mail.)
Frankfort, April 6—Arrival of French troops here at 4.45 o'clock this morning which was anticipated since last night, found the streets of Frankfort deserted, as is usual at such an early hour. The few people in the streets contemplated the spectacle of passing French uniforms with indifference soon after daylight the proclamation issued by General Degutte made its appearance on the principal billboards of the city. Around which gathered groups of people on their way to their usual occupations. German regular troops, the presence of which in the neutral zone had been tolerated by the Allies, withdrew yesterday afternoon and last evening. Occupation of the neutral zone between Frankfort and Darmstadt was proceeding quietly this morning.

No Resistance.

Mayence, April 6—French troops entered Frankfort and Darmstadt at five o'clock this morning, encountering no resistance from German government forces in those two cities.

Darmstadt, April 6—This city was occupied by French troops at seven o'clock this morning. The occupation was effected without incident.

PHYSICIAN WON SUIT

New York, April 6—Mrs. Mary Casey Thorne, wife of Joel Wolf Thorne, has lost her \$200,000 damage suit against Dr. Seth M. Milliken. A jury before Supreme Court Justice Lydon returned a verdict in favor of the physician yesterday after a ten day trial.

Mrs. Thorne, who is separated from her husband charged that the doctor caused her detention in the psychopathic ward of Bellevue Hospital for ten days against her will.

ENGLAND TO BAR HUN ACTORS

London, April 6—The British Variety Artists' Federation has declared war on all "foreign" invaders of the vaudeville halls here.

"We don't complain of the way America artists come over here during the two months hot season vacation," the chairman of the federation told a correspondent. "Some British artists it is true, go to America, but only in the proportion of one to twenty-five."

"But we do object to the importation of 'dumb' turns from Germany, flying artists and equilibrists. We maintain that our men are just as good—better in fact. But it seems to be part of the propaganda in favor of German art, which is reintroducing Strauss music into our concert rooms."

FIRE CHIEF QUITS JOB

Brockville, April 6—Claiming that his salary of \$1500 per annum is inadequate, Fire Chief H. George Gillespie has tendered his resignation to the Town Council to take effect at the end of the present month. He came here from Hamilton three years ago. Mr. Gillespie's future plans are undecided. His successor, it is intimated may be a local man.

JAPS OCCUPY VLADIVOSTOK

Vladivostok, April 6—The Japanese troops yesterday occupied Vladivostok after eight hours of severe fighting in all parts of the city.

Jaffrey.

Auditor—Geo. Armstrong.
